Rule

20/1.3 Hours worked in excess of normal working hours, or on a Saturday, Sunday or public holiday, shall be considered as overtime provided that prior authorisation has been given by the Director or Head of Service concerned. Hours worked, in the context of special shift work, on Saturdays or Sundays which are not public holidays, shall be considered as normal working hours and shall not give entitlement to compensation for overtime provided the normal weekly working hours are not exceeded.

Last update: April 2003

Instruction

120/1.3 *Directors shall authorise overtime to be performed only where this is necessary for the work of their directorate. They shall not require staff to work overtime on Saturdays, Sundays or public holidays without previously obtaining authorisation from the Head of Human Resource Management.*

Last update: April 2003

Rule

20/1.3.1 Overtime worked by A and L grade staff shall carry no right to compensatory leave or compensatory payment. However, if staff of these grades are called upon to work overtime in very exceptional circumstances, especially if they are repeatedly required to work substantially longer hours than the normal working week, the Secretary-General may grant them, at his discretion, within the following three months, compensatory leave which in no case should exceed the number of overtime hours worked.

Rule

20/1.3.2

i) Overtime worked by B and C grade staff shall entitle them to corresponding compensatory leave increased according to rates given in the table below:

APPLICABLE OVERTIME RATES FOR B AND C GRADE STAFF

	Overtime	Rate of increase
Weekday	first 13 hours' overtime in the month	33 1/3 %
	from 14 to 30 hours of overtime in the month	50 %
Weekday night	from 10 p.m. to 7 a.m.	66 2/3 %
Saturday, Sunday and Public holiday	from 7 a.m. to 10 p.m.	66 2/3 %
	from 10 p.m. to 7 a.m.	100 %

ii) However, when, owing to the exigencies of the service, compensation cannot be granted in full in the form of compensatory leave to B and C grade staff they shall be entitled to a compensatory payment on the express condition that 20% at least of the compensation takes the form of compensatory leave. This condition may exceptionally be waived by express decision of the Secretary-General in the case of officials who stand in for unexpectedly absent staff members of a continuous service unit, or of officials whose overtime working is due to the fact that their functions require availability throughout the day, on condition that this does not adversely affect the safety of the service or the health of the officials concerned.

iii) In the event of a compensatory payment, the calculation shall be based on the staff member's basic to which he was entitled on the date the overtime was performed. Such payment shall be made with the emoluments for the next month but one after the month in which the overtime was worked.

iv) Subject to the provisions of paragraph ii) above, compensatory leave shall be taken before the end of the month of March in the year following that in which the overtime was worked.

V) Entitlement to compensatory leave shall terminate automatically when the time limits laid down in paragraph iv) above have elapsed.

vi) Directors who have authorised overtime are responsible for ensuring that compensatory leave is granted before the expiry of the time limits laid down in the present Rules.

b) The Secretary-General shall establish a Re-evaluation Commission comprising a Chairman and two members nominated by him. This Commission shall advise the Secretary-General, at the request of an official, on any individual dispute arising from a decision of the Secretary-General relating to the official's performance evaluation, periodic advancement or post classification and which the official considers contrary to the terms of the appointment or to the provisions of these Regulations or of applicable Rules. Prior referral to this Commission is a precondition for filing an application with the Administrative Tribunal mentioned in paragraph c) of this Regulation.

Administrative Tribunal

c) There shall be established an Administrative Tribunal which shall decide individual disputes arising from a decision of the Secretary-General, which he has taken on his own authority or in application of a decision of the Council and which officials, former officials or the duly qualified claimants to their rights consider as prejudicial to themselves. The Tribunal shall have jurisdiction to resolve, with due regard to vested rights, all questions regarding the interpretation and application of these Regulations, of any applicable Rules and of the terms of appointment. The Tribunal may annul such decisions of the Secretary-General as are contrary to the terms of appointment of the official concerned or the provisions of these Regulations or to any applicable Rule. It may also order the Organisation to redress the damage resulting from any irregularity committed by the Secretary-General.

d) The Tribunal shall be composed of three judges and three deputies, who shall not be members of the staff of the Organisation and shall be appointed by the Council for a period of three years from among persons of proven impartiality and who are jurists or otherwise highly qualified in labour law or civil service law or in the field of labour relations at the national or international level. The Council shall appoint the Chairman from among the judges, having regard to their judicial experience. The members of the Tribunal shall be of different nationalities and, overall, their selection shall ensure that the main legal systems of the Member countries of the Organisation are represented.

CHAPTER I: GENERAL PROVISIONS

Article 1: Duration of validity and subsequent amendments to the rules

1.1 These rules shall determine the remuneration adjustment procedure for the six-year period from 1 January 2007 to 31 December 2012. Should any amendments subsequently be made to these rules, no provision which ceases to apply shall give rise to vested rights.

1.2 Proposals to amend these rules as from 1 January 2013 shall be submitted for examination by the Co-ordinating Committee on Remuneration (CCR) before 1 January 2012. However, four years after their entry into force, the CCR may agree to include a review of these rules in its programme of work in compliance with the procedure set out in Article 5 of the Regulations concerning the Co-ordination system [CCR/R(2004)2].

1.3 In the absence of any recommendation by the CCR, made by 1 September 2012 at the latest, either to prolong or amend these rules with effect from 1 January 2013, the present method, as applicable in year 2012, shall be prolonged until 31 December 2013. In the event that no consensus has been reached by 31 August 2013, the Chairperson shall submit his/her report to Governing bodies on the different views expressed in the CCR, outlining, as far as possible, the broad lines of consensus, in accordance with Article 6 (c) of the Regulations concerning the Co-ordination system, by 30 September 2013 at the latest.

Article 2: Frequency of adjustments

2.1 Salary scales shall be adjusted for 2007 in accordance with the transitional measure set out in Article 14 and, thereafter, shall be adjusted annually on 1 January in accordance with the other provisions set forth in this Annex, subject to the provisions in Article 8.

2.2 Special adjustments may be made in accordance with the provisions in Article 7.

Article 3: Procedure

3.1 Dossier for annual reviews

3.1.1 Every year the CCR shall examine the proposals for remuneration adjustment submitted by the Secretaries/Directors General in accordance with these rules. These proposals shall be accompanied by tables giving an estimate of their budgetary impact as a percentage of total salary costs and in monetary terms, both overall and for each Organisation. They shall also be accompanied by tables giving an estimate of the budgetary impact of these proposals on pension costs foreseen for each Organisation for the following year and the budgetary impact of the non-double-counting clause referred to in paragraph 4.2.2.2 below.

3.1.2 When presenting reports on adjustment of remuneration, the Secretaries/Directors General shall inform their Governing bodies of the financial consequences for the respective budgets which result from the CCR recommendations.

3.2 Recommendations

3.2.1 The CCR shall make the recommendations necessary for the application of the present rules in accordance with sub-paragraphs (a), (b) and (c) of Article 6 of the Regulations concerning the Co-ordination system. Recommendations concerning the adjustment of remuneration at 1 January shall be made not later than 30 September of the preceding year referred to in paragraph 4.1.3 of Article 4.

3.2.2 For the calculation of the reference index set out in Article 4.2 below, national civil services of the reference countries shall provide the Inter-Organisations Section (IOS) with the relevant data available at 1 April to cover the reference period referred to in paragraph 4.1.2 of Article 4 and shall confirm these data not later than 15 July. Any change in national civil service remuneration affecting the reference period which occurs after 15 July shall be taken into account by the IOS when calculating the reference index, if it is confirmed by the national authorities before 1 September. Changes in relevant data after that date shall be taken into account in the next annual adjustment.

CHAPTER II: DEFINITIONS

Article 4: Definitions

For the purposes of the calculations provided for in these rules:

4.1 For the staff of the Co-ordinated Organisations

4.1.1 Remuneration comprises, for the whole staff of the Co-ordinated Organisations, the following elements:

- basic salary,
- expatriation allowance,
- household allowance,
- dependent persons' allowances.

4.1.2 "The reference period" shall mean the period from 1 July to 1 July preceding the 1 January annual adjustment.

4.1.3 The "preceding year" shall mean the year preceding the 1 January annual adjustment.

4.2 The "reference index" shall be calculated as follows:

The weighted average of the changes in percentage during the reference period, in real terms in the net remuneration of comparable grades in the national civil services of the reference countries;

4.2.1 "Comparable grades" shall mean those grades of officials of national civil services in the reference countries whose functions can be matched with those of the Co-ordinated Organisations [see Appendix 3];

4.2.2 "The national civil services of the reference countries" shall mean central government of the following countries: Belgium, France, Germany, Italy, Luxembourg, the Netherlands, Spain and the United Kingdom [see Appendix 1];

4.2.2.1 "Net remuneration" in the national civil services shall mean the arithmetic mean of gross minimum and maximum salaries, to which have been added all the other elements normally making up the remuneration of unmarried officials in the grade in question in the national civil service. From these have been deducted the amount of compulsory social deductions, income tax levied by the central authorities on unmarried officials and calculated without taking into account non-automatic personal deductions. This constitutes the "relevant remuneration";

4.2.2.2 The effect of variations from one year to another in a specific compulsory deduction made from the salaries of officials in the national civil services, if the same compulsory deduction is also made to the Co-ordinated Organisations' staff's salaries, shall be neutralised in order to avoid double-counting of these variations, in accordance with instructions set out in Appendix 6. IOS will determine the ensuing effect on an ad hoc basis with the reference countries concerned when: (i) there are changes in the salaries of civil service officials due to increased contributions to social security schemes, and (ii) where those changes in social security schemes do not entail an increase in social benefits, and (iii) where they result from changes in social policy (see list of social contributions in Appendix 5);

4.2.2.3 Deductions from national civil service salaries for benefits not granted to staff of Co-ordinated Organisations shall not be taken into account. A list of deductions is attached in Appendix 5. This list will be updated when changes occur in the national civil services or in Co-ordinated Organisations during the life time of the salary adjustment method.

4.2.3 "The weighted average of percentage changes in real terms" shall mean the percentage arrived at after:

4.2.3.1 first, calculating for each comparable grade in each national civil service in the reference countries, the changes in the relevant real net remuneration [see sub-paragraphs 4.2.2.1, 4.2.2.2 and 4.2.2.3 above] by deflating the index for the trend in net nominal salaries by the national consumer price index [see paragraph 4.3 and Appendix 2 below], the indices being brought back to base 100 at the end date of the reference period of the last adjustment;

4.2.3.2 second, calculating for each country an index of average changes in real terms for all comparable grades weighted by the number of its national civil servants in each grade;

4.2.3.3 third, and finally, calculating for all eight reference countries, the average percentage change by giving the index data for each reference country considered the following weights⁶: 8.8 for Belgium, 19.8 for France, 18.9 for Germany, 12.1 for Italy, 5.9 for Luxembourg, 9.1 for the Netherlands, 8.7 for Spain and 16.7 for the United Kingdom.

4.3 For the national consumer price indices

The consumer price indices to be used in implementing these rules shall be as indicated in Appendix 2.

4.4 For the purchasing power parities

The purchasing power parities to be used in implementing these rules shall be those defined in Appendix 2.

⁶ 50% shall be distributed proportionally according to the weighted average by Co-ordinated Organisation (CO) staff of the contribution of each country to the budgets of each of the six CO for 2005, 40% shall be equally distributed among the eight reference countries, 10% shall be distributed proportionally according to the number of staff of the CO posted in each reference country.

CHAPTER III: ANNUAL ADJUSTMENTS OF BASIC SALARIES

Article 5: Annual adjustments of basic salaries

5.1 Belgian salary scales

5.1.1 Subject to the provisions of Article 8, the basic salaries of category A, L, B and C staff posted in Belgium shall be adjusted at 1 January following the reference period. The amount of this adjustment shall be equivalent to the change in percentage during the reference period, resulting from the product of the reference index as set out in paragraph 4.2 in Article 4 above and the appropriate national consumer price index as set out in Appendix 2. The percentage adjustment in basic salaries for staff serving in Luxembourg shall be the same as for staff serving in Belgium, subject to the adoption by the CCR of an addendum to the 171st Report [see paragraph 3.24 of the Report].

5.1.2 These percentage adjustments shall apply to basic salaries in force at 31 December of the preceding year.

5.1.3 Any special adjustment made following a change in the national consumer price index during the period referred to in Article 7 shall be deducted from the annual adjustment.

5.2 Salary scales for other countries

5.2.1 Subject to the provisions of Article 8, the basic salaries for A and L category staff posted in the other countries shall be adjusted at 1 January following the reference period by the salary adjustment calculated on the basis of the national consumer price index, the reference index and by the purchasing power parities as set out in Appendix 2, in order to guarantee a relative equivalency of purchasing power between the scales of the countries concerned.

5.2.2 Basic salaries of B and C category staff shall be subject to an adjustment equal to the percentage determined for A and L grade staff of those countries.

CHAPTER IV: ANNUAL ADJUSTMENTS OF ALLOWANCES FIXED IN ABSOLUTE VALUE

Article 6: Annual adjustments of allowances fixed in absolute value

6.1 Allowances fixed in absolute value shall be adjusted annually at 1 January following the reference period, by the product of the reference index and the percentage change in the national consumer price index as well as the purchasing power parities, where applicable, during the reference period.

6.2 These adjustments shall apply to the amounts in force at 31 December of the preceding year.

CHAPTER V: SPECIAL ADJUSTMENTS OF REMUNERATION

Article 7: Special adjustments of remuneration

When and each time the national consumer price index in a country, as defined in paragraph 4.3 of Article 4, shows an increase of at least 5% within a given reference period starting from 1 July to the following 1 July, the Chairperson on behalf of the CCR, may send to Governing bodies a recommendation providing for a special adjustment of remuneration as soon as he /she has been informed thereof by the Head of the IOS. The 5% threshold shall be measured from the previous 1 July or if a prior special adjustment has been granted during that period, from the date of effect of that special adjustment. The published Report shall serve as notification to the CCR.

CHAPTER VI: AFFORDABILITY

Article 8: Affordability

8.1 The Council reserves the right, if exceptional or unforeseen circumstances so warrant:

8.1.1 to reduce the annual adjustment recommended by the CCR to the national consumer price index applicable and to phase in the adjustment amount or postpone it until later in the calendar year;

8.1.2 to decide, on a finding by the Secretary-General that the Organisation could not otherwise reasonably expect to meet its financial obligations and essential operating requirements, that the annual adjustment recommended by the CCR be awarded in part or not at all, and to decide also on the timing for the payment of any adjustment;

8.2 Action under Article 8.1 shall be taken in accordance with the applicable general legal principles and after appropriate tripartite consultation.

8.3 The Council also reserves the right to determine whether any catch up, retroactive or competitiveness adjustments should be made.

CHAPTER VII: INTERMEDIATE STUDIES AND MONITORING

Article 9: Reference data

The IOS shall keep itself informed about any changes in all the components of the various reference indices referred to in Article 4.2.

Article 10: Studies

10.1 The Chairperson shall in June, after consultation with the Chairperson of the CRSG, propose to the CCR an annual programme of studies for the following year. Such studies are intended to inform the CCR and the Joint meetings about questions within their terms of reference. The programme shall be adopted by the CCR by a two-thirds majority.

10.2 A Studies Committee, comprising the Chairperson and a Vice-Chairperson of the CCR, of the Committee of Representatives of the Secretaries/Directors General (CRSG) and of the Committee of Staff

Representatives (CRP), one delegate each from CRSG and CRP and two CCR delegates, shall be set up. It shall be chaired by the Chairperson of the CCR.

10.3 The Studies Committee shall determine the timetable and procedures for the studies. The Studies Committee may create a steering committee to guide a particular study. Its membership shall be decided by consensus of the members of the Studies committee, failing which the Chairperson of the CCR shall decide.

10.4 On the basis of a limited representative sample of benchmark jobs, the comparative studies of salary levels of co-ordinated A and B grade staff with the remuneration of the private sector, the public sector and of international organisations, shall be done before 2011 according to the timetable set out in Appendix 4.

CHAPTER VIII: OTHER ARRANGEMENTS

Article 11: Reductions of scales

In the event of a reduction in the salary scales following the application of Article 5 and consequently in allowances fixed in absolute value, the CCR may recommend suspending the negative effect of Article 5 in order to maintain the salary scales and the allowances at their current level until the following adjustment.

Article 12: Flexible remuneration management

12.1 After completion of the statutory consultation process of staff, a Secretary/Director General of a Co-ordinated Organisation may make proposals to the Governing body of the Organisation concerned for measures concerning flexible remuneration management. Such measures shall be implemented within the budgetary envelope decided by the Governing body of the Organisation concerned.

12.2 In the event that the Governing body of a Co-ordinated Organisation decides to implement flexible management of salary scales, the salary scales as adjusted in compliance with Article 5 of the rules shall remain in force in each Co-ordinated Organisation. They shall be used as the basis for the calculation of pensions payable under the terms of the Pension Scheme of the Co-ordinated Organisations as well as for pensions paid by any other pension scheme approved by the Governing body of a Co-ordinated Organisation which provides for the same method of adjustment.

12.3 Any Governing body of an Organisation may seek the opinion of the CCR on measures relating to flexible remuneration management before introducing them. The CCR shall be kept informed of such measures after approval by the Governing body concerned.

Article 13: Measures to apply in duty countries where small numbers of staff are assigned

Notwithstanding Article 5, in countries where less than fifty persons are assigned by any one Co-ordinated Organisation and where B and C grade basic salary levels cause serious management difficulties, the Secretary/Director General of the Organisation concerned may, after consulting with the IOS and with the statutory body for the representation of staff in the Organisation concerned, propose appropriate remuneration measures to his Governing body in order to take account of recruitment and retention difficulties specific to this Organisation. The Head of the IOS shall annually inform the CCR of any changes in these measures.

CHAPTER IX : TRANSITIONAL MEASURE

Article 14: Transitional measure for the adjustment of basic salaries in 2007

For 2007, the basic salary scales shall be adjusted on 1 January by an amount fixed in accordance with Article 5 of this Annex from which shall be deducted an amount representing half of any positive adjustment resulting from the calculation of purchasing power parities for 2007. On 31 December of that same year, the basic salary scales affected by such a deduction shall be further adjusted by an amount representing the remaining half of the adjustment resulting from the calculations of the purchasing power parities for 2007.

DEFINITION OF THE NOTION "CENTRAL GOVERNMENT"

1. General definition: that used in the Standard System of National Accounts.
2. Precise definition for the following countries:
 - Belgium: civil servants in the Federal Public Services
 - France: civil servants in the State general administration
 - Germany: civil servants in the Federal Ministries
 - Italy: civil servants of the Ministries of the Republic
 - Netherlands: civil servants in Ministries and higher Councils of State

 - United Kingdom: civil servants in government departments which comprise the Ministry of Defence, the Treasury and the Foreign and Commonwealth Office. Data is supplied by the Cabinet Office for grades in the Senior Civil Service.

APPENDIX 2

PURCHASING POWER PARITIES AND NATIONAL CONSUMER PRICE INDICES

1. Purchasing Power Parities (PPP)

1.1 Application of the PPP adjustment

The adjustment by the PPP shall be put into force only if the results obtained by application of the remuneration adjustment method fall outside the limits of a "reference curve of purchasing power" fixed at more or less 2% around the results of the calculation of the adjustment of the PPP provided for in the paragraph 1.2 below. In such case, the adjustment shall be equal to the value equivalent to the upper or the lower limit of the reference curve.

1.2 Calculation of the PPP

1.2.1 The PPP referred to in Article 5.2 of the Annex, are approved by the Governing bodies on proposal of the CCR based on the calculations by the IOS in co-operation with the Statistical Office of the European Communities (Eurostat) with reference to Brussels, and in accordance with the formulae referred to hereafter.

1.2.2 The consumption weights used in the calculations of the economic parities are those obtained from the latest family budget surveys carried out by the IOS and Eurostat⁷.

1.2.3 The results of the established PPP calculations constitute the central reference of the curve of purchasing power referred to in the 115th Report by the CCR [CCR/R(2000)4] to be calculated every year. This reference curve is obtained by enlarging the results of the PPP calculations by plus or minus 2%, margins believed to include any "statistical error", while guaranteeing a relative equality of purchasing power between duty stations. Adjustments by the method referred to in Article 5.2 of the Annex are only corrected if they fall outside this reference curve.

1.2.4 A result of the salary adjustment based on the method described in Article 5.2 of the Annex which lies above the reference curve would lead to a downward adjustment to the plus 2% border of the reference curve, which means lowering the result produced by this method. A result below the reference curve would lead to an upward adjustment to the minus 2% border of the reference curve and consequently to an increase of the result reached by the method. The starting point for calculating a new salary adjustment (national consumer price index x reference index) shall be re-based after each application.

1.3 Update of basic heading parities

The indices to be used to update the basic heading parities are the harmonised consumer price indices used by Eurostat, insofar as they are available. Failing that, the national consumer price indices shall be used.

1.4 Reference towns

1.4.1 As a general rule the parity used for the country as a whole is that calculated for the capital.

1.4.2 The parities for Germany, the Netherlands, the United Kingdom and Switzerland are exceptions to this rule, since they are calculated by reference to Munich, The Hague, Reading and Geneva respectively.

⁷ Family budget surveys are carried out every five to seven years.

1.4.3 If, after consulting the National Statistical Institute concerned, the Secretaries/Directors General of the Co-ordinated Organisations are of the opinion that prices in another duty station in the country in question – in which a sufficient number of international civil servants is posted – differ significantly from those in the reference town, a study may be undertaken to determine whether adjustments should be made to take account of relative price levels.

2. National consumer price indices

2.1 For the eight reference countries, the national consumer price indices for the whole country shall apply in the context of Article 4.3 of the Annex. The specific series to be used shall be the following:

- Belgium: Indice des prix à la consommation
- Germany: Preisindex für die Lebenshaltung - Alle privaten Haushalte
- France: Indice des prix à la consommation - Ensemble des ménages
- Italy: Indice nazionale dei prezzi al consumo per l'intera collettività nazionale
- Luxembourg: Indice des prix à la consommation
- Netherlands: Prijsindexcijfers van de gezinsconsumptie - reeks voor de totale bevolking
- Spain: Índice de precios de consumo
- United Kingdom: General retail price index

2.2 For other countries, national consumer price indices for the whole country shall be used, except for Switzerland, where the Geneva consumer price index shall be used. Specific indices can be used in any other country upon recommendation by the National Statistical Institute concerned.

APPENDIX 6

Double-Counting

These instructions refer to Article 4.2.2.2 of the Annex to the 171st Report:

4.2.2.2 "The effect of variations from one year to another in a specific compulsory deduction made from the salaries of officials in the national civil services, if the same compulsory deduction is also made to the Co-ordinated Organisations' staff's salaries, shall be neutralised in order to avoid double-counting of these variations, in accordance with instructions set out in Appendix 6. IOS will determine the ensuing effect on an ad hoc basis with the reference countries concerned: (i) when there are changes in the salaries of civil service officials due to increased contributions to social security schemes, and (ii) where those changes to social security schemes do not entail an increase in social benefits, and (iii) where these changes result from a new social policy."

Calculation of the double-counting clause

To ensure proportionality of changes in the reference countries social costs, from year 1 to year 3 and from year 4 to year 6 of the duration of the method, the reference index shall be calculated as follows:

National Civil Services (NCS):

The reference index will be calculated as defined in paragraphs 4.2.1, 4.2.2. and 4.2.2.1 in the Annex to the 171st Report. A second index will be calculated which neutralises the changes to social costs which are comparable to those in the Co-ordinated Organisations. The difference between these two indices measures the impact of the changes to social contributions in NCS on the reference index.

Co-ordinated Organisations (CO):

An average of the social contributions in all organisations will be established by weighing the contribution rate in each Organisation by the number of staff. The comparison of this rate with the corresponding rate for the previous year, measures the impact of the changes to social contributions on CO salaries.

Annual correction:

The comparison of the impacts of the changes to comparable social contributions in the NCS and in the CO determines the part which needs to be neutralised in the calculation of the reference index.

Assessment after three years:

At the end of each three-year period, the annual impacts of the changes to social costs in the NCS and in the CO are added up. The reference index is then corrected by the difference between 1) the common denominator between the NCS and CO changes in social costs and 2) the annual corrections made in years 1, 2 and 3.

ANNEX II - NOTES ON THE STAFF REGULATIONS

[top](#)

In adopting the Staff Regulations, the Council:

1. **NOTED** that by reason of Article 11.2 of the Convention on the Organisation for Economic Co-operation and Development and of OECD Staff Regulation 2, Member governments undertake not to give any instructions to any person in the service of the Organisation;
2. **AGREED** that with regard to Regulation 15 b) of the Staff Regulations, the Secretary-General is instructed to review the position after the introduction of new salary scales to be effected in the near future and within not more than two years, in the light of other circumstances existing at the time, and to report to the Council on this matter;
3. **APPROVED** the following interpretations:
 - The principle of geographic distribution set forth in Regulation 7 b) applies to senior staff, i.e. under present practice, staff in category A and some staff in category B. It is however understood that this in no way excludes the recruitment of officials of various nationalities in other grades so far as this does not involve the Organisation in additional expense.
 - Regulation 19 refers to the detailed rules approved by the Council of the OEEC for the periodic revision of staff remuneration [C/M(60)20, approving document C(60)163]. These rules establish the procedure and timing for reviewing the level of remuneration, the conditions under which variations in the cost of living and the standard of living are taken into account and the conditions under which the Secretary-General adjusts salaries following such reviews.
 - The expression "vested rights" in Regulation 22 c) and 24 b) means that amendments to the staff Regulations or Rules cannot deprive officials of any financial or other benefit which has accrued under these texts before their amendment.
 - Regulation 24 a) records that there is no discontinuity as regards service where an OEEC official remains on the staff of the OECD. This implies that, as a result of the coming into force of the new Convention, officials will not be dismissed - and therefore not receive any payment on dismissal (Provident Fund) - nor be reappointed - and therefore not receive any payment on reappointment (installation allowance).

ANNEX III - RESOLUTION OF THE COUNCIL ON THE STATUTE AND OPERATION OF THE ADMINISTRATIVE TRIBUNAL

(Adopted on 12 December 1991)
[See Regulation 22 c), d) and e)]

[top](#)

Article 1

Jurisdiction of the Tribunal

- a) The Administrative Tribunal of the OECD shall have jurisdiction over applications filed in the cases provided for under the Staff Regulations, and the Regulations for Council experts and consultants, auxiliaries or employees.
- b) The Tribunal shall also have jurisdiction over applications filed by the Staff Association or a trade union or professional organisation in respect of any act affecting them or directly prejudicing any rights accorded to them under the Regulations, Rules and Instructions applying to the officials of the OECD, Council experts and consultants, auxiliary staff or employees.
- c) The Tribunal shall have jurisdiction over applications filed by persons who are not members of staff of the Organisation, challenging the refusal of their application for appointment to functions governed by the above-mentioned Regulations, where it is alleged that such refusal was the result of discrimination based on the grounds of racial or ethnic origin, nationality, opinions or beliefs, gender, sexual orientation, health or disabilities.

Last update: January 2011

Article 2

Rules of Procedure

The Administrative Tribunal of the Organisation shall, subject to the provisions of this Resolution, establish its own Rules of Procedure.

Article 3

Written Request prior to the filing of Applications

- a) Subject to the provisions of Article 4 b) below, applications to the Administrative Tribunal shall not be admissible unless the applicant has given the Secretary-General a prior written request for withdrawal or modification of the contested decision, and the Secretary-General has rejected such request or has not replied within a period of one month. Such prior request shall be given to the Secretary-General within two months from the date of notification of the contested decision in the case of members of staff, the Staff Association or trade unions or professional organisations, or within four months from the date of such notification in the case of former members of staff or duly qualified claimants to the rights of members of staff or former members of staff.

b) In the case of applications referred to in Article 1 c) above, the time limit for submitting a prior written request to the Secretary-General shall be two months from the date of the notification to the job applicant of the rejection of his application. Such notification of rejection shall set out the terms of Articles 1 c) and 3 a), b) and c) of the present Resolution.

c) An additional period of two months for submitting such a prior written request shall be accorded to persons resident outside metropolitan France.

d) In exceptional cases, the Secretary-General may accept a request submitted after expiry of these time limits.

Article 4

Filing of Applications

a) Applications shall be filed with the Registry of the Tribunal within three months from the date of notification of the rejection by the Secretary-General of the prior request or from the date of the implied refusal of such request. However, in exceptional cases, the Administrative Tribunal may admit applications filed after such time limit has expired.

b) If the applicant has referred the dispute to the Advisory Board or the Re-evaluation Commission, the application shall not be submitted to the Tribunal until the applicant has received notification of the decision of the Secretary-General taken after the opinion of the Advisory Board or the Commission. In such cases, the time limit laid down in paragraph a) above, shall run as from the date of notification of this decision.

Last update: April 2009

c) Applications shall be in writing; they shall set out all grounds of complaint invoked by the applicant and shall be accompanied by any documentary evidence in support thereof. When the application refers to the intention of the applicant to submit an expanded statement in which the grounds for such application will be amplified or supplemented, such expanded statement must be submitted at the latest one month after expiry of the time limits for filing applications. Should this time limit not be observed, the applicant shall be deemed to have withdrawn the application at the date of expiry of this time limit, even if the expanded statement is produced subsequently, unless the Chairman extends the time limit or the Tribunal judges the case to be exceptional.

d) Although the filing of applications shall not suspend the application of contested decisions, the Secretary-General, during the period within which applications may be filed or while the proceedings are under way, shall endeavour not to take any further steps which would alter the situation within the OECD to the detriment of the applicant and would thereby render impossible the redress claimed by the latter, should the Tribunal find the application well-founded.

Article 5

Intervention in the Proceedings by Third Parties

a) Any person entitled to file an application before the Tribunal may intervene in a case on the ground that he has rights which may be affected by the Tribunal's judgment. The Tribunal shall rule on the admissibility of such intervention. Should the Tribunal find that the principal application was well-founded, any person who intervened in support of the submissions made therein shall have the same rights, *mutatis mutandis*, as the applicant.

b) When it appears from the submissions in the application that, were they to be accepted by the Tribunal, the judgment would adversely affect the rights of a third party, such person shall receive a copy of

the application and be invited to participate in the proceedings. Should he accept such invitation and submit comments, he shall be joined as party to the proceedings.

c) The Staff Association may, if requested by the applicant, submit written comments on the case before expiry of the time limit for submission of the reply.

Article 6

Pre-hearing Procedure

a) The Rules of Procedure shall specify how and when the written comments of the parties, together with any supporting documentary evidence, shall be submitted.

b) The Tribunal may order any measure of investigation and may require the production of any document which it deems useful for the consideration of applications before it. Documents so produced shall also be communicated to the Secretary-General and the applicant.

c) Between sessions, the Chairman or other judge designated by the Chairman for that purpose shall make interim decisions on all measures requested of him.

d) Where the Chairman of the Tribunal holds that an application is clearly inadmissible or devoid of merit, he may instruct the Registrar to take no further action on it until the next session of the Tribunal. Such ruling shall suspend all procedural time limits. After considering the application and, where appropriate, the opinion of the Advisory Board or the Re-evaluation Commission, the Tribunal may either summarily dismiss the application, by unanimous decision, as being clearly inadmissible or devoid of merit, stating the grounds therefor, or it may decide to proceed with the case in the normal way.

Last update: April 2009

Article 7

Convening of the Tribunal

b) The Tribunal shall, as a general rule, hear cases within six months of the filing of the application.

Article 8

Composition of the Tribunal

a) In the event of the absence or inability to act of the Chairman, he shall be replaced by the deputy designated by him. The Chair shall be taken by the judge who has served for the longest period or, in cases of equal seniority, by the oldest judge.

b) In the event of the absence or inability to act of one of the judges, he shall be replaced by the deputy designated by the Chairman.

c) In the event of the death, resignation or prolonged inability to act of the Chairman, a judge or a deputy, a new appointment shall be made for the unexpired term.

- b) The parties to the proceedings and, in cases where it has submitted written comments in accordance with Article 5 c), the Staff Association may attend the hearing and address the Tribunal orally in support of submissions contained in their written statements. They may be assisted or represented for this purpose. The Staff Association may, in all cases, nominate a representative to attend hearings before the Tribunal. The Tribunal may authorise such representative to address them briefly.
- c) Any person having attended a hearing of the Tribunal held *in camera* shall observe the strictest secrecy concerning any facts that may have come to his knowledge or any opinions expressed in the course of the proceedings.

- a) The Tribunal shall hear any witnesses whose evidence it deems useful. Should a witness be unable to attend the hearing of the Tribunal, he may be invited to reply in writing to the questions put to him.

Last update: January 92

- b) Any member of the staff of the Organisation called as a witness shall appear before the Tribunal and may not refuse to give the information requested. Should an a staff member fail to meet these obligations, the Tribunal may, if it does not consider such failure justified, impose a fine of such amount as it

shall see fit, without prejudice to any disciplinary measure by the Secretary-General. However, a witness may refuse to give information for reasons of professional secrecy which the Tribunal accepts as justified, having regard to the general principles of law.

Article 12

Judgments of the Tribunal

- a) Judgments of the Tribunal shall be by majority vote and in writing. They shall address the grounds relied upon by the parties and state the reasons on which they are based.
- b) Judgments shall not be subject to appeal except for purposes of rectification of error ("erreur matérielle"), revision or interpretation.
- c) Within one month from the date of notification of the annulment by the Tribunal of a decision of the Secretary-General, the Secretary-General may, in exceptional cases, where he deems it impossible or inadvisable to take the steps which such annulment would imply, request the Tribunal to fix instead an amount of compensation to be paid to the applicant as redress for any injury incurred.

The Tribunal shall fix such amount after hearing the arguments of the opposing parties.

Last update: January 92

Article 13

Reimbursement of Expenses

- a) The Tribunal may decide that the Organisation shall, within reasonable limits, reimburse justified expenses incurred by the applicant.
- iv) The Tribunal may also decide that the Organisation shall reimburse travel and subsistence expenses incurred by witnesses it has heard, within the limits laid down by the Rules in force in the Organisation.
- c) When making decisions under the present Article, the Tribunal shall have regard to the special circumstances of the dispute, in particular its nature and complexity, and the amount of money involved.

However, where the official has neither a spouse nor a dependent child, the Executive Director may waive this condition.*

Last update: June 92

32/7 *Repayments to reconstitute an official's account may be deducted from monthly emoluments. However, the total amount to be reconstituted shall exclude sums paid or payable in accordance with Article 44.3 ii) of the Pension Scheme Rules. The date at which the repayments shall commence shall be decided by the Executive Director on the advice of the Consultative Board having regard to any outstanding loans granted to the official and shall commence not later than five years after the date on which the withdrawal is made. At his option an official may reconstitute his account at an earlier date than that initially fixed.*

32/8 *In the event of the sale or of transfer of ownership in the dwelling in respect of which a withdrawal from his account in the Fund has been made, the official shall apply the proceeds in the first place to reconstituting his account in the Fund. He shall furnish the Head of Human Resource Management with all relevant particulars of the transaction and shall make the necessary arrangements with the Head of Finance Service for the reconstitution of his Fund account.*

Rule

33. The accounts referred to under Rule 1 b) may be closed at any time on the request of officials to withdraw the balance therein where such officials have been credited, under the Pension Scheme, with their full period of service as officials before 1st July 1974.

ANNEX X - PENSION SCHEME RULES

(Revision at 1st December 2002(*))

CHAPTER I

GENERAL PROVISIONS

Article 1 - Scope

1. The Pension Scheme established by these Rules applies to staff holding indefinite-term or definite or fixed-term appointments in:

- the Council of Europe,
- the European Organisation for the Exploitation of Meteorological Satellites (EUMETSAT)
- the European Centre for Medium-Range Weather Forecasts (ECMWF),
- the European Space Agency (ESA) [ex-European Organisation for the Development and Construction of Space Vehicle Launchers (ELDO) and the European Space Research Organisation (ESRO)],
- the North Atlantic Treaty Organisation (NATO),
- the Organisation for Economic Co-operation and Development (OECD), and
- the Western European Union (WEU).

who are not affiliated to any other pension scheme set up by one of these Organisations after 31 December 2000.

2. This scheme shall not apply to other categories of personnel defined in each Organisation, such as experts, consultants, temporary staff, auxiliary staff, employees and personnel hired under local labour legislation.

3. In these Rules, the term "Organisation" refers to that Organisation listed in paragraph 1 above which employs the staff members to whom these Rules apply, and the term "staff member"(**) means the staff referred to in paragraph 1 above.

Last update: July 2012

Instruction

1.2- Non-permanent Staff

Each Organisation shall precisely define what categories of staff are referred to in paragraph 2 of Article 1 of the Rules, that is to say, what categories of staff do not rank as permanent staff eligible for benefits under the Pension Scheme.

(*) Revised provisions only apply to benefits not yet assessed on 1st December 2002.

(**) In the present Regulations, the term "staff members" and "beneficiaries" apply equally to men and women.

Article 2 - Deferred entitlement

1. Where the medical examination which every staff member has to undergo as part of the appointment process (and the possible consequences of which have been duly notified to him before his appointment) shows him to be suffering from an illness or disablement, the Organisation may decide that, as regards risks arising from an illness or disablement existing before he took up his duties, the said staff member shall not be entitled to the invalidity or death benefits provided for in these Rules until the expiry of a period not exceeding five years from the date when he entered the service of the Organisation. If a staff member leaves an Organisation and takes up employment in another Organisation within a period of not more than six months, the time spent in the service of the first Organisation shall be deducted from this five-year period.

Instructions

2.1/1 - Medical examination

The Organisation shall inform the staff member in writing of the application of a period of deferred entitlement and of its duration, which may be from one to sixty months. The Medical Consultant of the Organisation shall inform him in writing of the nature of the illness or disablement which justified the application of the deferment period.

2.1/2 - Definition of entitlements during the deferment period

i) If the staff member concerned leaves the Organisation during the deferment period, the leaving allowance shall be paid to him and the years of service completed during the deferment period shall be taken into account.

ii) In the event of either permanent total invalidity or death resulting from a cause which justified the deferment period in course:

a) should such an event occur before the staff member has fulfilled the condition provided for in Article 7, the staff member or the beneficiaries shall be entitled to a lump sum, calculated in accordance with the provisions of Article 11;

b) should such an event occur after the staff member has fulfilled the condition provided for in Article 7

– and if this condition was fulfilled during the deferment period, the staff member or the beneficiaries shall be entitled to a lump sum calculated in accordance with the provisions of Article 11, in respect of the reckonable years of service credited within the meaning of Article 6;

– and if this condition was fulfilled prior to the deferment period, the staff member or the beneficiaries shall be entitled to both a lump sum calculated in accordance with the provisions of Article 11, in respect of the reckonable years of service completed during the deferment period, and the benefits to which they would have been entitled before the staff member's appointment.

Last update: May 2005

iii) In the event of either permanent total invalidity or death resulting from either an accident at work, or an illness or disablement other than that which justified the deferment period, and which occurred after commencement of duties, the staff member or the beneficiaries shall be entitled to the benefits provided by the Pension Scheme for such events.

Article 3 - Definition of salary

1. For the purposes of these Rules, salary shall be the monthly basic salary of the staff member, according to the scales in force in the Organisations listed in Article 1.
2. The salaries taken into consideration for the calculation of benefits shall be those of serving staff members, whether in respect of benefits to be paid in the future or those actually being paid.

Article 4 - Definition of service conferring entitlement to benefits

1. Subject to the provisions of Articles 5 and 41, paragraph 1, entitlement to benefit under these Rules shall be determined by the total of the periods served in the Organisations or in another Organisation:

Last update: January 2005

- i) as a staff member;
 - ii) in any other capacity prior to appointment as a staff member, provided any periods so served were not separated by breaks of more than one year.
2. In addition to the total reckonable years of service thus calculated, a staff member may request, on cessation of work, that periods of service corresponding to certain statutory indemnities be taken into account, in particular payment in lieu of notice, for loss of employment and for leave not taken, under the provisions laid down by Instruction (*¹).
3. Periods of part-time service shall be taken into consideration in calculating entitlement to benefit under these Rules provided they correspond to at least half-time work as defined by the provisions laid down by Instruction.
4. The periods referred to in Article 16, paragraph 3, shall also be taken into consideration.

Instructions

4.1/1 - Service counting for entitlement

Service counting for entitlement shall consist of the following:

- i) any periods of service completed on behalf of a Co-ordinated Organisation by a staff member before the Staff Regulations or the Provident Scheme came into effect; such service must have been completed under an appointment issued by the Organisation or by the provisional Committee or Secretariat from which the Organisation emanated;*
- ii) any periods of service completed as a staff member;*
- iii) any periods of sick leave or temporary incapacity in respect of which benefits have*

¹ (*) Unless otherwise provided, the term "provisions laid down by Instruction" refers, throughout these Rules, to the implementation provisions in Article 52 of the Pension Rules.

been paid; the staff member concerned shall be required to have paid his personal contribution to the Pension Scheme as calculated on the amounts so received; such periods shall be counted without any reduction;

iv) any periods of unpaid leave, if such periods are not taken into account by a new employer for the purposes of a pension scheme; the crediting of periods of unpaid leave equal to or less than two months shall be dependent on payment, for these periods, of the staff member's personal contribution to the Pension Scheme; the crediting of periods of unpaid leave beyond two months and up to a maximum of the four months following, shall be dependent on payment by the staff member, for these periods, of a contribution equal to three times his personal contribution to the Pension Scheme;

v) any periods of secondment, should the staff member be reinstated, provided that these periods are not taken into account for the purposes of another pension scheme; the detailed rules for the crediting of such periods shall be laid down in the regulations applicable to staff.

Last update: November 2008

4.1/2 - Service completed in another capacity before appointment as a permanent staff member

Periods of service referred to in Article 4.1 ii) may be taken into account in accordance with Article 5, paragraph 5, if the following conditions are fulfilled:

i) such periods must have been prior to the appointment as a staff member.

*ii) such service must have been completed in the full-time or at least half-time employment(*¹) of the Organisation, or of more than one Organisation mentioned in Article 1.*

Such employment must have been remunerated according to periods of time and not by the job or piece, being service performed on the premises and under the control and to the instructions of the Organisation, according to its hours of work.

The staff member must have received all his emoluments for the service mentioned in the above sub-paragraph directly from the Organisation.

iii) any such periods completed in the service of the same Organisation, or of more than one Organisation mentioned in Article 1, must not have been broken for more than 12 consecutive months.

iv) in accordance with the provisions of Instruction 6.2, periods so to be taken into account must be of a minimum of thirty days; periods of part-time work, equal to or more than half time, shall be taken into account as a proportion of full time. The periods thus validated must total at least 30 days of full time.

¹ (*) "Employment" is used in the general sense: this applies in particular to the English text, bearing in mind OECD "employees".

4.2 – Crediting of reckonable years of service corresponding to indemnities

A staff member may request, on cessation of work, the crediting of reckonable years of service corresponding to:

- i) compensatory payments in respect of leave not taken ;*
- ii) compensatory payments in lieu of notice;*
- iii) indemnity for loss of employment.*

Such reckonable years of service shall be credited subject to payment by the staff member of the personal contribution to the pension scheme or Provident Fund in respect of all these amounts and insofar as the periods on which the calculation was based are not taken into account by a new employer for the purposes of a pension scheme of a Co-ordinated Organisation.

Only reckonable years of service corresponding to periods below the statutory age limit may however be taken into account for the calculation of benefits provided for in these Rules.

Last update: November 2008

4.3 - Definition of half-time service

A staff member shall be considered as working half-time, within the meaning of Article 4, paragraph 3, when the number of his working hours, calculated on a monthly basis, is equal to half the number of full-time working hours.

Article 5 - Calculation of service conferring entitlement to benefits

1. Where a staff member appointed by the Organisation has previously served with one of the Organisations listed in Article 1¹, his entitlement to benefits under the terms of Article 4 shall be conditional upon his paying over to the Organisation which re-appoints him the amounts paid to him on leaving his previous service:

- i) pursuant to Article 11;
- ii) in respect of his Provident Fund holding, within the limits stated in Article 44, paragraph 2,

plus compound interest on such amounts at 4% per annum from the date when the staff member received them until the date when they are paid over in accordance with this paragraph.

Should the staff member fail to pay over the amounts in question, reckonable years of service shall count only as from the new appointment.

2. Where a staff member appointed by the Organisation was previously drawing a retirement pension in respect of service with one of the Organisations listed in Article 1, payment of that pension shall cease.

If the staff member refunds to the Organisation offering him a new appointment the pension payments he has received, the provisions of Article 4 shall apply on cessation of his new appointment.

If he does not make this refund, the years of service for which credit was acquired in the employment that originally entitled him to payment of the discontinued retirement pension shall be taken into account in the calculation of the retirement pension due on cessation of his new employment by reference to the salary for his last grading in such previous employment; moreover, that part of the final pension figure shall be abated by 5 per cent for each whole year during which the staff member drew the initial pension before the age of 60.

3. Where a staff member ceases his functions at a grade and step lower than that which he had previously held in the Organisation or in a previous Organisation, his entitlement to benefits under these Rules shall be determined by taking into account the total of his reckonable years of service and the benefits shall be calculated on the basis of the salary for the highest grading held by him. However, a reduction shall be made in the number of years of service to be credited to him in respect of time served at a lower grade or step after having held the grade by reference to which benefits are calculated; this reduction shall be proportionate to the difference between the said gradings.

4. For the implementation of paragraphs 2 and 3 above, salaries shall be taken into account in accordance with the scales in force when the final pension assessment is made.

¹ Insofar as the Scheme set up by the present Rules is made applicable to staff members of the European Union Institute for Security Studies and Satellite Centre, Agencies of the European Union and previously of the WEU, a Member organisation of Co-ordination from the outset, such staff members shall benefit from the provisions of the present Article and of the other provisions of the Rules referring to Article 1.

Last update: November 2005

5. The crediting of the periods referred to in Article 4, paragraph 1 ii) shall be conditional on:
- i) the staff member submitting an application to that effect within six months following his taking up duty as a staff member; the application shall specify the periods of service with which the staff member wishes to be credited;
 - ii) the Organisation giving its agreement;
 - iii) the staff member paying, for each month of service with which he is to be credited, the contribution provided for in Article 41 of the Rules, of his first monthly salary as a staff member.

Instructions

5.1/1 - Service completed in a Co-ordinated Organisation as a staff member

i) Application for any service referred to in Article 5, paragraph 1 or paragraph 2, to be taken into account must be made not later than twelve months after the new appointment, or before the expiry of the option period prescribed in Article 44 or 49.

ii) Where, pursuant to Article 11, the staff member received a leaving allowance at the end of his previous appointment, then pursuant to Article 5, paragraph 1, no partial crediting of such service shall be allowed; accordingly, the staff member concerned shall be required either to refund such leaving allowance in full or to forgo the right to have the corresponding service credited.

iii) Save where Article 44, paragraph 3, applies, the provisions of sub-paragraph ii) above shall also apply to any amounts which the staff member concerned had previously received in respect of a holding in the Provident Fund on leaving an Organisation, within the limit of the cost of crediting past service specified in Article 44, paragraph 2.

iv) Should the staff member fail to make a full refund immediately, he may be authorised to make such refund, at the latest, as from the expiry of the period referred to in sub-paragraph i) above, by monthly deductions of not less than 20 per cent of the amount of salary, as defined in Article 3, received at the time of beginning such refunds; compound interest at the rate of 4 per cent per annum shall be applied to the amount outstanding, until the refund has been made in full.

v) If at the date on which any benefit under the Pension Scheme is payable, such refunds have not been completed, the balance still due shall be repaid in its entirety, except where Article 44, paragraph 3 applies, through deduction from the benefits to be paid, including those payable to persons entitled under the staff member. The Organisation may authorise payment by instalments, in which case compound interest at the rate of 4 per cent per annum shall be applied to the amount outstanding, until the refund has been made in full.

vi) In the event of incapacity, death or termination of the service of the staff member concerned, any amount still remaining unpaid shall be set off against the capital sums due to him or to the persons entitled under him, in accordance with the provisions of Instruction 38.1, and the balance still due shall be deducted in accordance with the provisions of sub-paragraph v) above.

vii) *In the event of the termination of his service without any payment of leaving allowance or pension, the staff member concerned may request time not exceeding twenty-four months in which to make up all or part of any refund then still outstanding, subject to the provisions of sub-paragraph v).*

5.1/2 - Crediting of service completed before appointment as a staff member

i) *Application to be credited with service completed before appointment as a staff member must be made within six months after confirmation of the said appointment or before the expiry of the option period prescribed in Article 44 or 49 in the case of staff members whose service began before the commencement of the said option period.*

ii) *Persons entitled under a deceased staff member may not apply in his place for service to which this Instruction applies to be credited, with the exception of persons entitled to avail themselves of the Transitional Arrangements and to whom Articles 43, paragraph 3 and 44, paragraph 4 apply.*

iii) *Service shall be credited subject to payment of the contribution referred to in Article 41 as calculated on the basis of the first monthly salary as a staff member and multiplied by the number of months of service in respect of which rights are credited, a pro rata deduction being made, where appropriate, for part-time service. First monthly salary here means the salary corresponding to full-time employment in the grade and step of the staff member, whether he be recruited on a full-time or a part-time basis. Such payment may be made by instalments in the form of monthly deductions from emoluments, commencing not later than the end of the relevant period referred to in sub-paragraph i) above and spread over a period not exceeding the duration of the previous service so credited.*

Interest at 4 per cent per annum shall be due in respect of any part of the payments which is deferred beyond such period at the request of the staff member.

If, at the date on which any benefit under the Pension Scheme is awarded, such payments have not been completed, the balance still due shall be deducted from the benefits to be paid, where necessary by instalments.

iv) *On making his application to credit such service as aforesaid, the staff member shall be required to consent to the Organisation's having first claim on any capital sums payable in the event of his death or invalidity or of the termination of his service, to the extent of any amounts then still outstanding in respect of crediting such service.*

v) *In the event of the termination of his service, the staff member or persons entitled under him may request time not exceeding twelve months in which to make up any amount then still outstanding, subject to the provisions of sub-paragraphs iii) and iv) above.*

5.2 - Non-refund of previous pension payments

Example illustrating the application of Article 5, paragraph 2, last sub-paragraph of the Rules:

- (i) First pension paid from age 52 to 54: $\left(T' x \frac{40}{100}\right)$ reduced pursuant to Article 8.4 of the Rules
(T' = salary used as basis of calculation)
(20 reckonable years of service at 2%)
- (ii) Second period paid from age 54 to age 60: $\left(T'' x \frac{12}{100}\right)$
(T'' = salary used as basis of calculation at age 60)
(6 reckonable years of service at 2%) / leaving allowance

Total Pension

$$(i) + (ii) = \left[\left(T' x \frac{40}{100}\right) x \frac{90}{100}\right] + \left[\left(T'' x \frac{12}{100}\right)\right]$$

i.e. $0.4T' - 0.04 T' + 0.12T''$

- (iii) In the final calculation of the total pension, the pension between brackets

$$\left[\left(T' x \frac{40}{100}\right) x \frac{90}{100}\right]$$

has now been reduced pursuant to Art. 5.2, not Art. 8.4 of the Rules; the amount as stated in i) above is reduced to 90%

$$\left(2x \frac{5}{100}\right) \text{ i.e. } 10\%$$

5.3 - Termination of service at a lower grade

For the implementation of Article 5, paragraph 3 of the Rules, the calculation shall be made as illustrated below:

- (i) On previous termination of service (or at highest point in career before downgrading):
 10 years' service, grading on departure, A5/5 = theoretical final salary: $100 = T'$
 i.e. 10 years' reckonable service.
- (ii) On final termination of service:
 10 years served in second period,
 grading on departure, A4/5 = theoretical final salary: $75 = T''$
 the reckonable service in respect of the second period will thus be reduced in the ratio:

$$\frac{T''}{T'} = \frac{75}{100} \text{ i.e. } 7.5 \text{ reckonable years.}$$

(iii) *Total: $10 + 7.5 = 17.5$ years' reckonable service.*

(iv) *Total pension will be calculated on the basis of:
 $T' = 100 \times 17.5$ reckonable years of service.*

Article 6 - Reckonable years of service

1. The benefits provided for under these Rules shall be calculated by reference to reckonable years of service consisting of:

- i) service calculated in accordance with Articles 4 and 5;
- ii) service credited in accordance with Article 12, paragraph 1.

2. Incomplete years of reckonable service shall be taken into account on the basis of one-twelfth of a year for each whole month of service. For benefit calculation purposes the period remaining shall be treated as a whole month if it is equal to or more than 15 days.

However, the period remaining shall not be taken into account for the purpose of calculating the 10 years' service required for entitlement to the retirement pension provided for in Article 7.

3. In the case of part-time work:

- i) reckonable years of service shall be calculated in accordance with the ratio between the working hours corresponding to part-time service and the official number of hours for full-time work in the Organisation;
- ii) however, reckonable years of service shall not be reduced when the staff member authorised to work part-time has contributed to the pension scheme on the basis of full-time work, by paying, in addition to his personal contribution to the Pension Scheme for the part corresponding to his part-time work, a contribution equal to three times the rate of contribution mentioned in Article 41, paragraph 4, on the difference in salary between his part-time work and the corresponding full-time work, under the provisions laid down by Instruction.

Instructions

6.2 - Fractions of a month

Any fraction of less than thirty days remaining after aggregating periods of service shall be treated as a whole month if it is equal to or more than fifteen days and disregarded if it is less than fifteen days.

6.3 – Non reduction of reckonable years of service

A staff member authorised to work part-time may request to contribute to the Pension Scheme on the basis of full-time work, provided that these periods are not taken into account by another employer for the purposes of a pension scheme and the amount of the supplementary contribution referred to in Article 6, paragraph 3 ii) is paid in accordance with the provisions of Article 41, paragraph 2. The staff member should make his request not later than the eighth day following the beginning of the period for which he is authorised to work part-time. This request shall be final, unless an exceptional derogation is granted by the Secretary / Director General upon receipt of a duly justified request from the staff member.

Article 6bis - Part-time service - effects on the calculation of entitlement

1. Where at the time of termination of his service an official was working part-time, the salary taken into account in calculating his pension entitlement shall be that payable for full-time work at his grade and step as provided in these Rules.

2. However, when an official terminating his service in the circumstances described in paragraph 1 above had been recruited to serve on a part-time basis, or authorised to work part-time for an indefinite period or for a fixed-term renewable by tacit agreement and if the provisions of Article 6, paragraph 3 ii) are not applied, the rate of the invalidity pension provided for in Article 14, paragraph 2, and the minimum and maximum amounts that apply, shall be set in accordance with the provisions laid down by Instruction.

Instructions

6 bis.2/1 - Benefit payable to a staff member who has only worked part time

i) For the purposes of calculating the benefit payable under Article 6 bis, paragraph 2, to a staff member who has only worked part time, the following shall be reduced by an amount corresponding to the ratio between the number of hours actually worked and the official number of hours for full-time work:

ii) The reductions provided for in Article 8, paragraph 4 shall be applied by reference to whole years, no account being taken of months.

iii) Family allowances shall be paid and calculated in accordance with the provisions of the Instructions of Article 28.

In such cases, the Organisation shall determine, by reference to the provisions laid down by Instruction, the number of years of reckonable service with which the staff member shall be credited under its own pension scheme.

2. A staff member who leaves the service of the Organisation to enter the service of a government administration or national organisation, or international organisation, not listed in Article 1, paragraph 1, which has entered into an agreement (*) with the Organisation, shall be entitled to transfer to the pension fund of that administration or organisation:

- either the actuarial equivalent of his retirement pension rights accrued under these Rules, such equivalent being calculated in accordance with the provisions laid down by Instruction;
- or, in the absence of such rights, the amounts provided under Article 11.

3. If, as a result of a staff member's transfer from one Organisation listed in Article 1 to another, the leaving allowance is paid by an Organisation other than that which received the amounts referred to in paragraph 1 above, Article 11, paragraph 1 iii) shall apply as if the Organisation responsible for paying the leaving allowance had received the amounts referred to.

- Belgium (entry into force 01.12.2009).

Instructions

12.1 - Inward transfer of previously accrued rights

i) Previous periods of affiliation to a pension scheme

a) Reckonable years of service shall be credited pursuant to Article 12, paragraph 1, subject to the conditions set out in this Instruction, in respect of a period of affiliation to the last pension scheme prior to appointment in the Organisation. Such affiliation may cover periods served in several administrations, organisations or firms, on condition that all these rights have been taken into account by the pension scheme of the last administration, organisation or firm before appointment in the Organisation.

b) An amount shall be taken into account under this Instruction only if it has been certified by the previous pension scheme as being the amount of the actuarial equivalent of retirement pension rights or a capital payment in respect of rights to a pension or rights under a provident scheme (excluding compensation for dismissal or a leaving gratuity), and it must represent the total amounts paid to the staff member by the previous pension scheme in question. The "total amounts paid" shall be taken to mean the amounts representing the total rights transferable to the Organisation. Staff members shall not be entitled to transfer only part of their accrued rights where that part is not equal to the transferable maximum.

ii) Amounts taken into account

For the purpose of calculating the reckonable years of service credited under Article 12, paragraph 1, the amounts indicated in sub-paragraph i) b) above shall be taken into account, as calculated by the previous pension scheme - as a capital sum, and with interest where applicable - as at the date on which they are paid to the Organisation¹; any conversion into the currency of the salary paid by the Organisation shall be made at the rate of exchange in force on that date

iii) Calculation of reckonable years of service

The number of reckonable years of service to be credited under Article 12, paragraph 1, shall be calculated on the basis of the table annexed to this Instruction, by dividing the amounts taken into account under sub-paragraph ii) above by the coefficient corresponding to the age of the staff member as at the date of payments of the amounts, and then by dividing the resultant amount by the theoretical value of a reckonable year of service (2% of the annual basic salary), established on the basis of the salary corresponding to the staff member's grade and step as at the date of payment of the amounts.

¹ The accrued rights are invariably rights which are not yet due or the actuarial equivalent thereof.

iv) Maximum number of reckonable years of service

Taking such reckonable years of service into account shall not have the effect of bringing the total pension up to more than the maximum rates prescribed in Article 10.

v) Time limits for application and revocation

Failing any special provisions in a reciprocal transfer agreement entered into by the Organisation, application for the amounts referred to in sub-paragraph ii) above to be taken into account by the Organisation shall be made in writing:

- a) either within 6 months from the date of notification of confirmation of appointment after the probationary period;*
- b) or within twelve months from the date on which the previous pension scheme allowed such transfers;*
- c) as a transitional measure by 31.12.1978 in the case of staff in post before 30.6.1978(*).*

The application to transfer pension rights may be revoked by the staff member at any time before the payments provided for in sub-paragraph ii) above have been made in accordance with sub-paragraph vi) below.

The application to transfer pension rights shall be null and void if the payments provided for in sub-paragraph ii) above have not been made at the time of the staff member's termination of service.

vi) Time limit for payment

Payment of the amounts referred to in sub-paragraph ii) above shall be made:

- within three months after the expiry of the time limit prescribed in sub-paragraph v) above, if the person concerned has actually received such amounts from his previous employer;*
- on receipt of such amounts from the previous employer in other cases.*

Payment to the Organisation shall be made in the currency -or its equivalent value at the rate of exchange in force on the date of actual payment to the Organisation -in which the amounts referred to in sub-paragraph ii) above have been or will effectively be paid by the previous pension scheme.

vii) Outward transfer to a subsequent pension scheme

Pursuant to Articles 11, paragraph 1 iii), and 12, paragraphs 2 and 3, the amounts paid to the Organisation under this Instruction and later refunded wholly or partly to a staff member who has not completed at least 10 years of service within the meaning of Article 4, shall be increased from the time of their payment to the Organisation by compound interest of 4% a year to be

(*) This request shall be submitted before the request for the payment of a pension.

paid by the Organisation responsible for paying the leaving allowance.

Last update: November 2010

12.2 - Transfer of pension rights to an outside scheme

i) Time limit for application

a) Application for transfer of pension rights under Article 12, paragraph 2 must be made by the staff member to the Organisation in which his service has terminated, within six months after his definitive appointment by the new administration or organisation referred to in Article 12, paragraph 2.

b) If the Organisation is unable to conclude with the new administration or organisation referred to in Article 12, paragraph 2, an agreement for such transfer on terms which it considers satisfactory, it shall confine itself to making immediate payment of the amounts referred to in Article 11, paragraph 1, or to immediate or deferred payment of a retirement pension.

ii) Conditions as to transfer

The amounts referred to in Article 12, paragraph 2 may be transferred only to the pension fund of the administration or organisation referred to in Article 12, paragraph 2, that is to say, to the statutory or contractual pension scheme in force in that administration or organisation.

iii) Calculation of amounts to be transferred

The actuarial equivalent of the retirement pension rights referred to in Article 12, paragraph 2 shall be calculated on the basis of the table annexed to this Instruction, the annual pension acquired in the Organisation - established on the basis of the salary in force at the date on which the staff member ceases his functions - being multiplied by the coefficient corresponding to the age of the staff member at that date.

3. The salary used as a basis for the calculation of the invalidity pension referred to in paragraphs 1 and 2 above shall be the salary for the grade and step held by the staff member in accordance with the scales in force at the date laid down in Article 17, paragraph 1.

4. The invalidity pension shall not be less than 120 per cent of the salary for grade C1, step 1, but may not be more than the last salary, such salaries being those which appear in the scales in force at the date laid down in Article 17, paragraph 1, subject to any adjustments provided for under Article 36.

5. In the case of invalidity deliberately brought about by the staff member, the Organisation shall decide whether he should receive an invalidity pension or only a retirement pension or a leaving allowance, depending on his length of effective service.

Instructions

14.1 - Part-time Service

Where a staff member working part time is found to be suffering from invalidity and the provisions of Article 6, paragraph 3 ii) are not applied, the period subsequent to the date on which he is recognised as unfit for service shall, for the purposes of calculating the invalidity pension provided for under Article 14, paragraph 1, be counted as a period of part-time work in the cases referred to in paragraph 2 of Article 6bis.

14.2 - Work accident and occupational disease

For the purposes of Article 14, paragraph 2, reference shall be made to the Rules applicable in the Organisation for the definition of the risks of work accident and occupational disease.

Article 15 – Earnings rule

1. Where a person in receipt of an invalidity pension is nevertheless gainfully employed, this pension shall be reduced by the amount by which his pension together with the remuneration he receives for the said employment exceeds the salary for the highest step in the grade he held at the time of his recognition as unfit for service.
2. This reduction shall apply only up to the age limit laid down in the Staff Regulations.

Instruction

15.1 - Double entitlement to an invalidity pension and other income

a) By gainful employment under Article 15 is meant any employment outside the Co-ordinated Organisations, as well as employment pursued therein, including as temporary, auxiliary or local official personnel or as an "employee", and also as an expert in receipt of fees.

b) A person in receipt of an invalidity pension shall immediately notify the organisation which pays the pension of any gainful, non-occasional employment; in addition, he shall inform that organisation of the total amount of remuneration he received during the preceding calendar year, the reduction referred to in Article 15 thus being calculated on a monthly basis.

Express mention of this obligation shall be made in the decision notifying the award of an invalidity pension.

Article 16 – Medical examination –Termination of pension

1. While a person drawing an invalidity pension is still under the age limit laid down in the Staff Regulations, the Organisation may have him medically examined periodically to ascertain that he still satisfies the conditions for entitlement to such pension, in particular having regard to any new duties corresponding to his experience and qualifications which may have been proposed to him by the Organisation.
2. When a person drawing an invalidity pension who has not reached the said age limit ceases to satisfy the conditions for entitlement to the invalidity pension, the Organisation shall terminate that pension.
3. The time during which the person concerned has drawn his invalidity pension shall then be reckoned, without payment of back contributions, for the calculation of the leaving allowance or retirement pension, as the case may be.

Instructions

16/1 - Suspension of Invalidity Pension

If the recipient of an invalidity pension fails to submit to medical examination as prescribed by the Organisation, payment of the invalidity pension may be suspended.

16/2 - Medical Examination and new Invalidity Board

The periodical medical examinations required under Article 16 shall normally take place at the place of residence of the person concerned, unless the Organisation requires otherwise or it is impracticable to have the person concerned examined at his place of residence.

Such examinations shall be carried out by a medical practitioner chosen by the Organisation; the latter shall bear the cost thereof, including travelling expenses of the person concerned if exceeding 50 km from his home. Should the medical practitioner chosen by the Organisation report that the staff member no longer satisfies the conditions of entitlement to an invalidity pension, notably having regard to any new duties proposed to him by the Organisation corresponding to his experience and qualifications, an Invalidity Board shall be convened in accordance with the provisions of Article 13 and its implementing Instructions.

16/3 - Cessation of Entitlement to an Invalidity Pension

Where the Invalidity Board, in application of Article 16, paragraph 2, declares that the person concerned who is still under the age limit has ceased to satisfy the conditions of entitlement to an invalidity pension, the payment of that pension shall be terminated; if the person concerned does not resume work in the Organisation, he shall receive either a leaving allowance based on his years of service and years of invalidity where the total is less than 10 years, or a deferred or early retirement pension.

16/4 - Re-entitlement to an Invalidity Pension

Where the person concerned is entitled to a deferred or early pension and subsequently suffers a relapse, while still under the age limit laid down in the Staff Regulations, resulting from the same condition as that which had entitled him to the previous invalidity pension, the Invalidity Board, convened at the staff member's request in accordance with instruction 13/3, shall declare that he once again effectively fulfils the conditions required under Article 13, paragraph 1, insofar as he is not receiving for that same condition an invalidity benefit or pension borne by another scheme.

Article 17 – Commencement and cessation of entitlement

1. Entitlement to an invalidity pension shall commence on the first day of the month following the date of the beginning of the invalidity as recognised by the Invalidity Board.
2. Subject to application of Article 16, paragraph 2:
 - i) the invalidity pension payable under Article 14, paragraph 2 shall be paid for life;
 - ii) in other cases, entitlement to an invalidity pension shall terminate:
 - either at the age limit laid down in the Staff Regulations,
 - or at the end of the month in which the recipient of such a pension dies.

Where the invalidity pension terminates because the person concerned has reached the age limit laid down in the Staff Regulations, he shall, notwithstanding the ten-year minimum requirement provided for in Article 7, be entitled to a retirement pension calculated as if he had remained in service until this age.

3. Invalidity pensions assessed before December 1st, 2002, whatever the cause of the invalidity, shall be paid for life.

CHAPTER IV

SURVIVOR'S AND REVERSION PENSIONS

Article 18 – Conditions of entitlement

1. The surviving spouse* of a staff member who died in service shall be entitled to a survivor's pension, provided they had been married to each other for at least one year at the time of the staff member's death, unless the death resulted either from disablement or illness contracted in the performance of his duties, or from an accident.
2. A reversion pension shall be payable to the surviving spouse:
 - i) of a former staff member drawing an invalidity pension, if they were married to each other for at least one year at the time of his being recognised an invalid; this condition of anteriority shall not apply if the marriage had existed for at least five years at the time of his death, or if the death resulted either from disablement or illness contracted in the performance of his duties, or from an accident;
 - ii) of a former staff member drawing a retirement pension, if they had been married to each other for at least one year at the time when the former staff member's appointment ceased; this condition of anteriority shall not apply if the marriage had existed for at least five years at the time of the former staff member's death; or
 - iii) of a former staff member entitled to a deferred pension, if they had been married to each other for at least one year at the time when the former staff member's appointment ceased; this condition of anteriority shall not apply if the marriage had existed for at least five years at the time of his death.
3. The above-prescribed conditions of anteriority or minimum duration of marriage shall not apply where there are one or more children of the marriage or of a marriage of the staff member contracted prior to the cessation of his appointment, inasmuch as the non-remarried surviving spouse is providing for their needs; in such case, the survivor's or reversion pension shall be payable under the derogation provided for in the present paragraph, for so long as the children are actually being so provided for.

When they are no longer being so provided for, the survivor's or reversion pension shall nonetheless continue to be payable for so long as the surviving spouse does not have an income of his own from the exercise of any occupation, or from any retirement pension or other survivor's or reversion pension, equal to at least the amount of the survivor's or reversion pension from the Organisation.
4. Entitlement to a survivor's or reversion pension shall be subject to the provisions of Article 2.

Last update: December 2012

* Wherever it occurs in these Rules, the expression "surviving spouse" applies indifferently to the wife or husband of the deceased staff member.

Instruction

18.1 - Staff Member dying during leave granted for personal reasons

i) When a staff member who has completed at least 10 years' service within the meaning of Article 4 dies during a period of leave in respect of which no contributions were made to the Pension Scheme, the surviving spouse shall be entitled to:

- the survivor's pension under Article 19, paragraph 1 ii), the minimum and maximum amounts of such pension being in accordance with paragraphs 3 and 4 of the same Article;*

In addition, any orphans and/or dependants shall be entitled to the benefits specified in Articles 25 and 25bis.

ii) Where the deceased staff member had not completed ten years of service conferring entitlement, as defined in Article 4, the amounts provided for in Article 11 shall be paid to his estate; such amounts shall be calculated on the basis of rights acquired and salary at the date of termination of the period in respect of which contributions to the Pension Scheme were payable, without any subsequent adjustment or interest.

Last update: November 2006

Article 19 – Rate of pension

1. The survivor's or reversion pensions shall be 60% of:
 - i) the retirement pension that would have been payable to the staff member, had he not died in service, on the basis of his reckonable service credited up to the time of his death, without the need for a minimum of ten years' service under the provisions of Article 7;
 - ii) the deferred retirement pension that would have been paid to the former staff member at the age of sixty;
 - iii) the invalidity pension that was actually being paid to the staff member at the time of his death, no account being taken of reductions under Article 15;
 - iv) the retirement pension that was actually being paid to the staff member at the time of his death, no account being taken of any reductions under Article 8, paragraph 4.
2. Where a staff member has died as a result of an accident in the course of the performance of his duties, from an occupational disease, from a public-spirited act or from risking his life to save another human being, the survivor's pension shall be 60 per cent of the invalidity pension to which the staff member would have been entitled under Article 14, paragraph 2 had he survived.
3. The survivor's or reversion pension shall not be less than 35 per cent of the staff member's last salary; nor shall it be less than the salary for Grade C1, step 1.
4. However, the reversion pension shall not exceed the amount of the former staff member's own pension in the cases covered by paragraph 1 ii), iii) and iv) above, nor the amount of the pension to which the

former staff member would have been entitled had he reached the age limit laid down in the Staff Regulations at the time of his death.

Last update: November 2006

Article 20 – Reduction for difference in age

1. Where the difference in age between the deceased staff member or former staff member and his younger surviving spouse and/or former spouse, less the length of time they have been married, is more than ten years, the survivor's or reversion pension, calculated in accordance with the preceding provisions, shall be subject to a reduction, per year of difference, amounting to:

- 1 % for the years between 10 and 20;
- 2 % for the years 20 up to but not including 25;
- 3 % for the years 25 up to but not including 30;
- 4 % for the years 30 up to but not including 35;
- 5 % for the years from 35 upwards.

Article 21 – Remarriage

1. Entitlement to a survivor's or reversion pension shall cease on remarriage. The surviving spouse or ex-spouse shall be entitled to immediate payment of a capital sum equal to twice the annual amount of the pension, if there are no dependent children to whom the provisions of Article 25, paragraph 4 apply.

2. The capital sum paid to the ex-spouse shall not be more than the amount to which he could still be entitled under Article 22, paragraph 1.

Last update: December 2012

Instruction

21.1 Payment of the capital sum

The capital sum provided for under Article 21, paragraph 1 shall be calculated with reference to the basic salary scale applicable at the date of remarriage, and paid to the recipient.

Article 22 – Rights of a former spouse

1. The non-remarried former spouse of a staff member or former staff member shall, on the latter's death, be entitled to a survivor's or reversion pension, provided that and for as long as the staff member or former staff member was, at the time of his death and by virtue of a court decision which had become final and binding, under an obligation to pay maintenance or compensation to the former spouse in a personal capacity; but the survivor's or reversion pension shall not exceed the amount of such payment.

This entitlement shall not arise if the former spouse remarried before the staff member or former staff member died. If remarriage takes place after the staff member's or former staff member's death and while the conditions laid down in the sub-paragraph above are still fulfilled, the provisions of Article 21 shall apply.

2. Where a staff member or former staff member dies leaving both a spouse entitled to a survivor's or reversion pension and a non-remarried former spouse fulfilling the conditions laid down in paragraph 1 above, the whole of the survivor's or reversion pension shall be divided between the before-mentioned persons in proportion to the duration of their marriages.

The amount to which a non-remarried former spouse is entitled shall however not be more than the amount of the maintenance or compensation payable at the time of the death of the staff member or former staff member.

3. Where one of the persons entitled to a survivor's or reversion pension renounces his share, ceases to satisfy the conditions for entitlement or forfeits his rights under Article 35, or where the amount of his pension has been restricted under the terms of the second sub-paragraph of paragraph 2 above, his share shall accrue to the share of the other person, except where pension rights revert to orphans, as provided under Article 25, paragraph 3, second sub-paragraph. In such a case, the restriction laid down in the second sub-paragraph 2 above shall apply.

4. Reductions in respect of difference in age as provided for in Article 20 shall be applied separately to survivors' and reversion pensions calculated in accordance with the present Article.

Last update: December 2012

Instructions

22.1 Rights of a non-remarried former spouse

i) The maintenance or compensation payments referred to in Article 22, paragraph 1 shall, where appropriate, be converted into the currency of the scale applicable to the country of the staff member's or former staff member's last posting or, in cases to which Article 33, paragraph 2 applies, of the scale for which an option has been exercised by the former staff member prior to his decease, by applying the rate of exchange used in the relevant Organisation at the date of decease of the latter;

ii) the maintenance or compensation payments referred to in the preceding sub-paragraph shall be subject to the same adjustments as those actually applied to the basic salary corresponding to the grade and step used to calculate the survivor's or reversion pension provided for under Article 19.

Last update: December 2012

Article 23 – Commencement and cessation of entitlement

1. Entitlement to a survivor's or reversion pension shall commence from the first day of the month following that in which the staff member or former staff member died. 2. Entitlement to a survivor's or reversion pension shall cease at the end of the month in which the recipient of the pension dies or ceases to satisfy the conditions for entitlement to that pension.

Article 25 – Rate of orphan's pension

1. Where a staff member or former staff member drawing a retirement or invalidity pension or entitled to a deferred pension dies, his children shall be entitled to an orphan's pension if they fulfil the conditions laid down in paragraph 2.

2. The legitimate, natural or adopted children of a staff member or former staff member who has died shall be entitled to an orphan's pension:

- i) When the deceased or his household provided their main and continuing support at the time of death; and
- ii) When they satisfy the conditions of age, education or handicap required for the granting of the allowance for a dependent child.

The legitimate or natural children of a deceased staff member or former staff member who were born not more than 300 days after his death shall also be entitled to an orphan's pension.

3. Where there are one or more persons entitled to a survivor's or reversion pension, the amount of the orphan's pension shall correspond to the higher of the following amounts:

- i) 40% of the survivor's or reversion pension, no account being taken of reductions pursuant to Article 20; or
- ii) 50% of the salary for grade C1, step 1, according to the scale in force when the former staff member's pension was assessed, this amount being updated in accordance with the provisions of Article 36, or, if he was not drawing a retirement or invalidity pension, according to the scale in force at the time of death.

The orphan's pension shall be increased, in respect of the second and every further beneficiary, by an amount equal to the allowance for a dependent child.

The orphan's pension shall be brought up to the level provided for in paragraph 4 in the event of the beneficiaries of a survivor's or reversion pension remarrying or losing the right to that pension.

4. Where there are no beneficiaries of a survivor's or reversion pension, the orphan's pension shall correspond to the higher of the following amounts:

- i) 80% of the survivor's or reversion pension, no account being taken of reductions pursuant to Article 20; or
- ii) 100% of the salary for grade C1, step 1, according to the scale in force when the former staff member's pension was assessed, this amount being updated in accordance with the provisions of Article 36, or, if he was not drawing a retirement or invalidity pension, according to the scale in force at the time of death.

The orphan's pension shall be increased, in respect of the second and every further beneficiary, by an amount equal to twice the allowance for a dependent child.

5. The total amount of the orphan's pension shall be divided equally among all the orphans.

Instructions

25.3 - Rate of pension for orphans dependent on a non-remarried former spouse

Subject, where appropriate, to the provisions of Instructions 27.1/1 and 27.1/2, the provisions of Article 25, paragraph 3 shall apply where a staff member or former staff member dies leaving a non-remarried former spouse entitled to a survivor's or reversion pension under Article 22. In such a case, the orphan's pension shall be fixed without having regard to the reductions provided for in Articles 20 and 22.

25.4 - Rate of pension for orphans belonging to another family group

Subject to the provisions of Instructions 27/1.1 and 27/2.1, the provisions of Article 25, paragraph 4 shall also apply where a staff member or former staff member dies leaving a surviving spouse or former spouse on one side and orphans belonging to another family group on the other side.

Article 25bis – Rate of pension for other dependants

1. Where a staff member or former staff member drawing a retirement or invalidity pension or entitled to a deferred pension dies, the persons (including children not fulfilling the conditions laid down in Article 25) recognised as satisfying the conditions for the granting of the allowance for a dependent child or dependent person under the Staff Regulations and Rules of the Organisation shall be entitled to a dependant's pension.
2. The pension paid to each dependant shall be equal to the lowest of the following amounts:
 - i) the amount, as recognised by the Organisation, of the support provided to that person by the staff member or former staff member at the time of his death;
 - ii) twice the amount of the dependant's allowance in force in the Organisation at the time of the death of the staff member or former staff member; or
 - iii) where an orphan's pension is paid, the amount of each orphan's share pursuant to Article 25, paragraph 5.

Instruction

25 bis.2 – Pension adjustment

The amount of the dependant's pension referred to in this Article shall be subject to the same adjustments as those effectively applied to the basic salary of the grade and step with reference to which the orphan's pension provided for under Article 25 is calculated.

Article 26 – Commencement and cessation of entitlement

1. The pensions provided for under Articles 25 and 25bis shall be payable as from the first day of the month following that in which the staff member or former staff member died. If the salary of a staff member who died in service continues to be paid to a surviving spouse or former spouse, directly and in full, under the Staff Regulations and Rules of the Organisation, payment of the pensions shall be deferred accordingly.
2. The pensions under Articles 25 and 25bis shall cease to be payable at the end of the month in which the child or other dependant ceases to satisfy the conditions for entitlement to the allowance for a dependent child or dependent person under the Staff Rules and Regulations of the Organisation.

Last update: December 2012

Article 27 – Beneficiaries of more than one category

1. Where a staff member or former staff member leaves a spouse or former spouse, on the one hand, and children or dependent persons, on the other, with entitlement to a pension, the total pension, calculated as if for a surviving spouse having all these persons dependent on him, shall be apportioned among the various categories of beneficiaries in proportion to the pensions which would have been payable to each category if treated separately.
2. Where there are children or dependent persons from different family groups, with entitlement to a pension, the total pension, calculated as though all were from the same family group, shall be apportioned among the various categories of beneficiaries in proportion to the pensions which would have been payable to each category if treated separately.

Instructions

27.0 – Beneficiaries of more than one category - General provisions

In cases of coexistent pension entitlements of a spouse, former spouse(s), children and/or dependants, the “total pension” referred to in Article 27, paragraphs 1 and 2 is defined in Instructions 27.1/1 i) and 27.2/1 i) respectively. It shall be apportioned as follows:

i) If the beneficiaries are:

- the spouse, and
- former spouse(s)

with no dependent children and/or dependants, the pension shall be apportioned in accordance with the provisions of Article 22.

ii) If the beneficiaries are:

- the spouse or former spouse(s), on the one hand, and
- children and/or dependants, on the other,

belonging to different family groups, the pension shall be apportioned in accordance with the provisions of Instruction 27.1/1.

iii) If the beneficiaries are:

- the spouse or former spouse(s) with children and/or dependants, on the one hand, and
- orphans and/or dependent persons, on the other

belonging to different family groups, the pension shall be apportioned in accordance with the provisions of Instruction 27.1/2.

iv) If the beneficiaries are:

- the spouse, and*
- former spouse(s)*

one of whom at least has children and/or dependants, the pension shall be apportioned in accordance with the provisions of Article 22 for survivors' and reversion pensions, and of Instruction 27.2/1 for orphans' and/or dependants' pensions.

v) If the beneficiaries are:

- persons entitled to orphans' and/or dependants' pensions belonging to different family groups, the pension shall be apportioned in accordance with the provisions of Instruction 27.2/1.

Where, when Instructions 27.1/1, 27.1/2, 27.2/1 are applicable, one of the family groups is affected by a change in situation, the individual entitlement within the other family group shall remain calculated in accordance with the initial apportionment of benefits.

Last update: December 2012

27.1/1 – Coexistence of beneficiaries, without children or dependants, entitled to a survivor's or reversion pension on the one hand, and of orphans and/or dependants on the other, belonging to different family groups

i) In this case, the total pension referred to in Article 27, paragraph 1 shall be calculated as if all beneficiaries of the deceased staff member or former staff member formed part of a single family group. This total pension shall comprise:

- a survivor's or reversion pension as would be payable to a surviving spouse of the deceased staff member or former staff member in accordance with Article 19 only;*
- orphans' pensions calculated as if all orphans of the deceased staff member or former staff member belonged to the family group entitled to the survivor's or reversion pension mentioned above;*
- dependants' pensions calculated theoretically as orphans' pensions before application of the provisions of Article 25bis, paragraph 2.*

In accordance with Article 25, paragraph 3 ii), only one minimum orphan's pension (50% of C1/1) shall be taken into account in this calculation.

ii) The total pension shall be apportioned among:

- the surviving spouse or non-remarried former spouse(s) and*

- orphans and/or dependants,

in proportion to the amounts which would have been payable directly to each of these family groups considered separately, after application of Articles 20 and 22 for the survivor's or reversion pension, Article 25 for orphans' pensions, and Article 25bis for dependants' pensions.

iii) If the amounts so apportioned exceed the pensions to which the beneficiaries would have been entitled if they had been considered separately, including, for dependants' pensions, after application of Article 25bis, any such excess amounts shall not be payable.

iv) The minimum amounts laid down for survivors' and reversion pensions and for orphans' and/or dependants' pensions shall no longer apply to the shares actually attributed.

27.1/2 – Coexistence of beneficiaries entitled to a survivor's or reversion pension with children and/or dependants on the one hand, and of orphans and/or dependants belonging to another family group on the other.

i) In this case, the total pension, calculated in accordance with Instruction 27.1/1 i), shall be apportioned among:

- *the surviving spouse or former spouse (s) and the children and/or dependants thereof and*
- *the children and/or dependants belonging to another family group,*

in proportion to the amounts which would have been payable directly to each of these family groups considered separately, after application of Articles 20 and 22 for the survivor's or reversion pension, Article 25 for orphans' pensions, and Article 25bis for dependants' pensions.

ii) Within the group consisting of a surviving spouse or former spouse(s) and orphans and/or dependants, the share going to that group shall be apportioned, for the purpose of calculating the individual entitlement of each member as mentioned above, in proportion to the survivor's or reversion pension on the one hand, and the orphans' and/or dependants' pensions on the other.

iii) If the amounts so apportioned exceed the pensions to which the beneficiaries would have been entitled if they had been considered separately, including after application of Article 25bis, any such excess amounts shall not be payable.

iv) The minimum amounts laid down for survivors' and reversion pensions and for orphans' and/or dependants' pensions shall no longer apply to the shares actually attributed.

27.2/1 – Coexistence of beneficiaries entitled to orphans' and/or dependants' pensions belonging to different family groups

i) In this case, the total pension referred to in Article 27, paragraph 2 shall be calculated as if all the persons entitled to an orphan's pension and/or dependant's pension formed part of a single family group. Before apportionment, dependants shall be treated in theory as orphans. This total pension shall comprise:

- *a single orphan's pension calculated, as the case may be, in accordance with the provisions of Article 25, paragraph 3 i) if there are one or more persons entitled to a survivor's or reversion pension, or of Article 25, paragraph 4 i) where there are no such persons;*

- orphans' pensions equal to the dependent child allowance where there are one or more persons entitled to a survivor's or reversion pension, or to double that allowance where there are no such persons.

ii) This total pension shall be apportioned among the different family groups in proportion to the pensions which would have been payable directly to each of these family groups considered separately.

iii) Within each family group, the share going to that group shall be divided equally among the beneficiaries before application of Article 25bis, where applicable.

iv) The minimum amounts laid down shall no longer apply to the shares actually attributed.

CHAPTER VI

Article 28 – General Provisions

1. Household allowance, children's or dependants' allowance, handicapped child allowance and education allowance, paid to the staff members of the Organisation as family allowances, are granted according to the modalities and conditions of entitlement provided for under the Staff Regulations and Rules and under the present Rules :

- i) to the recipient of a retirement pension as from the age of 60;
- ii) to the recipient of an invalidity pension;

c) Where the spouse of a person entitled to a pension referred to in paragraph 1 is a staff member of one of the Organisations listed in Article 1 or is in receipt of a pension assessed by any of these organisations, the household allowance shall only be paid to one of the spouses.

d) Where the spouse of the recipient of a pension referred to in paragraph 1 is entitled, under another scheme, to an allowance of a same nature than the household allowance, only the difference between the amount of the allowance under the present scheme and that of the allowance received by the spouse under the other scheme shall be paid to the recipient of the pension.

4. Where the recipient of a pension referred to in paragraph 1, or his household or the beneficiary concerned, is entitled to allowances referred to in paragraph 1 and also, under another scheme and for the same person, to a children's or dependants' allowance, or a handicapped child allowance of a same nature than those referred to in paragraph 1, the Organisation shall only pay the difference between the amount of the allowances granted under the present scheme and that of the allowances received under the other scheme.

5. The deduction of family allowances received under another scheme, referred to in Article 28, paragraphs 3 and 4, shall be automatic, save where the recipient produces evidence that the above-mentioned scheme makes a deduction of the amounts received under the present scheme.

6. The amount of the allowance for a child or other dependant payable to the recipient of a survivor's or reversion pension shall be twice the normal amount.

7. Entitlement to the allowances provided for in this Article shall cease at the end of the month in which the conditions for entitlement to those allowances under the Staff Rules and Regulations of the Organisation are no longer satisfied.

ii) In the event of the death of a staff member or of the recipient of a retirement or invalidity pension, without any survivor's or reversion pension being awarded, or in the event of the death of the recipient of a survivor's or reversion pension, any education allowance which was being paid at the time of the death shall continue to be paid

CEILING ON BENEFITS

Article 29 – Ceiling on benefits for surviving spouse, former spouse(s), orphans and/or dependants

1. Where a staff member dies, the total amount payable in respect of survivor's, orphan's and dependant's pensions and of family allowances shall not exceed the maximum of the retirement pension referred to in Article 10, paragraphs 2 and 3, together with the family allowances to which the deceased staff member was entitled. In any event, this total shall not exceed the last salary received by the staff member together with the family allowances to which he was entitled.

2. Where a former staff member drawing a retirement pension dies, the total amount payable in respect of reversion, orphan's and dependant's pensions and of family allowances shall not exceed the amount of the pension and family allowances received by the former staff member.

3. Where a former staff member entitled to a deferred or invalidity pension dies, the total amount payable in respect of reversion, orphan's and dependant's pension and of family allowances shall not exceed the amount of the retirement pension and family allowances he would have received if he had reached the statutory age limit at the time of his death.

4. The amounts payable in respect of survivor's, reversion, orphan's and dependant's pensions shall, where applicable, be reduced in proportion to the share of each beneficiary.

Instructions

29/1 - Ceiling on benefits payable to a surviving spouse, former spouse, orphans and/or dependants (*)

i) Save where Article 10, paragraph 3 applies, the maximum of the retirement pension referred to in Article 29, paragraph 1 shall be 70 per cent of the salary defined in Article 10, paragraph 1, as adjusted from time to time in the same way as the salaries referred to in Article 3, paragraph 2; the same adjustments shall be applied to the family allowances referred to in Article 29, as well as to retirement pensions, deferred or not, and to the invalidity pensions referred to in Article 29, paragraphs 2 and 3.

ii) The ceilings stipulated in Article 29 shall be reviewed whenever changes are made to the basis for calculating the benefits due.

iii) For the purposes of applying the instructions of this Article, account shall be taken of deductions actually made in respect of allowances received from another source.

29.3/1 - Ceiling in the event of the death of a person entitled to a deferred retirement pension or who was drawing an early retirement pension

Where a deceased former staff member was entitled to a deferred retirement pension or was drawing an early retirement pension, the family allowances to which he would have been entitled at age 60, but which were not paid, shall nevertheless be taken into account in calculating the ceiling referred to in Article 29.

29.3/2 - Ceiling in the event of the death of a person drawing an invalidity pension under Article 14, paragraph 2

In the event of the death of a former staff member drawing an invalidity pension under Article 14, paragraph 2, the ceiling to be applied shall be the amount of the pension and allowances he was receiving at the time of his death.

29.4/1 - Amount of the reduction applicable to survivors', reversion, orphans' and/or dependants' pensions

The reduction shall be applied to survivors', reversion, orphans' and/or dependants' pensions. The reduction shall be apportioned among the beneficiaries in proportion to the benefits payable in application of the provisions of Chapter IV (Survivor's and Reversion Pensions) and Chapter V (Orphan's Pension and Dependants' Pension).

(*) The entitlements which might have been granted prior to 1st November 1988 shall be maintained.

29.4/2 - Statutory minimum amounts

The minimum amounts laid down shall not apply to survivors', reversion, orphans' and/or dependants' pensions reduced in accordance with the provisions of Article 29.

CHAPTER VIII

PROVISIONAL PENSIONS

Article 30 – Conditions of entitlement

1. Where a staff member or former staff member entitled to a retirement or invalidity pension has been missing for more than one year in circumstances justifying a presumption of death, the persons entitled under him may provisionally be awarded a survivor's, reversion, orphan's or dependant's pension, as appropriate.
2. The provisions of paragraph 1 above shall apply mutatis mutandis to persons recognised as dependants of a person in receipt of a survivor's or reversion pension, who has been missing for more than one year.
3. Provisional pensions under paragraphs 1 and 2 above shall be converted into definitive pensions when the death of the staff member, former staff member, spouse or former spouse has been established officially or when that person has been declared missing by a final Court decision.

Instruction

30.3 - Forfeiture of rights

The time limits laid down by Article 35, paragraphs 2 and 3 shall run from the date of the Court decision declaring him to be missing, referred to in Article 30, paragraph 3.

CHAPTER IX

DETERMINATION OF THE AMOUNTS OF BENEFITS

Section 1: ASSESSMENT OF ENTITLEMENT

Article 31 – Organisation responsible for the assessment

1. The assessment of entitlement to the benefits payable under these Rules shall be made by the Organisation, with the assistance of the International Service for Remuneration and Pensions, also responsible for such part of the work as can be centralised.
2. A detailed statement of the assessment shall be communicated to the staff member or the persons entitled under him after approval by the Organisation on the advice of the Pensions Administrative Committee of the Co-ordinated Organisations (CAPOC) referred to in Article 51.
3. Until this approval has been given, pensions shall be paid on a provisional basis.

Instruction

31.2 - Pension Statement

- i) On the termination of service of a staff member, the Organisation shall draw up a statement of his pension rights on the form provided for this purpose.*
- ii) When a staff member enters the service of another Co-ordinated Organisation, he shall hand over the form provided for this purpose.*
- iii) The Organisation making the assessment of entitlement to benefits must take account of all reckonable years of service which have been credited including, where applicable, service in more than one of the Co-ordinated Organisations.*

Article 32 – No double entitlement

1. Without prejudice to the application of Articles 4 and 5, the following may not be paid concurrently out of the budgets of one or more of the Organisations listed in Article 1:
 - i) a retirement and an invalidity pension as provided for in these Rules or under the Rules of the New Pension Scheme or of the Defined Benefit Funded Pension Scheme¹;
 - ii) a retirement or invalidity pension and a loss-of-employment indemnity not paid as a lump sum ;
 - iii) two retirement pensions*.
2. Recipients of a retirement or invalidity pension under the present Rules may not be granted the status of staff member in the meaning of Article 1. The modalities for double entitlement to a retirement pension and any other remuneration paid by a Co-ordinated Organisation shall be defined by each Organisation.
3. Where they are due to the same cause, there can be no double entitlement to benefits under the present Rules and annuities under a scheme distinct from the Pension Scheme and financed by an Organisation listed in Article 1.

Last update: December 2012

Instructions

32.1 - Double entitlement as regards retirement or invalidity pensions

- i) In view in particular of the rules contained in Article 5, paragraph 2, two retirement pensions under these Rules may not be paid by two Organisations listed in Article 1.*
- ii) Double entitlement to a retirement and invalidity pension, granted under the present Rules, under the Rules of the New Pension Scheme or under the Rules of the Defined Benefit Funded Pension Scheme, shall be forbidden ; in calculating an invalidity pension granted under Article 14, paragraph 1, the abatements prescribed in Article 5, paragraph 2 shall be applied in cases where retirement pension payments previously received have not been refunded.*

1 Except for long term consultants of the ECMWF.

iii) Double entitlement to a retirement or invalidity pension and to an indemnity for loss of employment paid month by month on the basis of the salary being received by the staff member at the time of leaving shall be prohibited.

Last update: December 2012

32.2 - Double entitlement to benefits granted under schemes distinct from the Pension Scheme

Where they are due to the same cause, the annuities or pensions for permanent invalidity or granted in the event of the death of a staff member or former staff member to the spouse and/or former spouse, orphans and/or dependants under a scheme distinct from the Pension Scheme shall be deducted from the amount of the relevant pensions due and calculated under the present Rules, if they were financed wholly or in part by an Organisation listed in Article 1.

The preceding provisions shall not relieve staff members of their financial obligations to credit past services which derive from Articles 44 and 49.

Last update: December 2012

Article 33 – Basis of calculation

1. Pensions provided for in the Rules shall be calculated by reference to the salary defined in Article 3 and to the scales applicable to the country of the staff member's last posting.
2. However, if the former staff member settles subsequently:
 - i) in a Member country of one of the Co-ordinated Organisations of which he is a national, or
 - ii) in a Member country of one of the Co-ordinated Organisations of which his spouse is a national; or
 - iii) in a country where he has served at least five years in one of the Organisations listed in Article 1,

he may opt for the scale applicable to that country.

The option shall apply to only one of the countries referred to in this paragraph, and shall be irrevocable except where paragraph 3 below is applicable.

3. On the death of his spouse, a former staff member who settles in the country of which he is a national, or of which such deceased spouse was a national, may opt for the scale applicable in that country.

The same option shall be open to the surviving spouse or former spouse of a former staff member and to orphans who have lost both parents.

4. These options, available under paragraphs 2 and 3, shall be irrevocable.

5. If the staff member, spouse, former spouse or orphan opts for the scale of a country referred to in paragraph 2, but there is no scale approved by the Organisation for that country, the scale applicable to the country in which the Organisation responsible for paying his pension has its headquarters shall be applied temporarily until a scale had been adopted for the country chosen.

6. The scales referred to in this Article are those in force on the first day of the month following that in which the staff member's appointment has ceased.

7. The provisions of paragraph 2 above do not apply to the benefits under Article 11. However, a staff member who settles in a country of which he is a national may have the leaving allowance provided for in Article 11 ii) calculated in accordance with the scale for that country, provided such a scale has been approved by the Organisation at the time of his departure.

Instructions

33/1 - Proof of residence

Within the meaning of Article 33, the settlement of a pensioner refers to his principal and effective residence, with the transfer of the permanent and usual centre of his interests and the will to confer stability to such a residence.

The option is granted as from the month following the date on which the pensioner proves, to the satisfaction of the Organisation, that he has his principal and effective residence in the country in question. The Organisation may in particular request:

- a recent certificate of residence;
- a certificate of removal from the population registry of the former place of residence;

- a copy of a recent invoice (water, gas, electricity, fixed telephone) established after the date of the removal and for the name and address of the person concerned;
- a copy of the rent contract or of the purchasing deed of the residence;
- a copy of the removal invoice;
- evidence of being subject to property or residence tax;
or any other evidence it deems relevant.

Last update: December 2012

33/2 - Alteration due to the exercise of an option

Where, in application of Article 33, benefits under the Pension Scheme are to be calculated on the basis of a scale other than that which was in force at the time when the right to the benefits arose, then the amount of such benefits must, for the purpose of their payment as from the exercise of the option concerned, be recalculated on the basis of the said scale.

33.3/1 - Option in cases where there are beneficiaries belonging to different family groups

i) Where an option is exercised by a surviving spouse or by children both of whose parents are deceased, and there are other beneficiaries, benefits shall be apportioned in accordance with the provisions of Article 22 or Article 27, as the case may be, and with the Instructions thereto, on the basis of the scale applicable to the country of the staff member's or former staff member's last posting or, in cases to which Article 33, paragraph 2 applies, the scales for which an option has been exercised by the former staff member prior to his decease;

ii) the share of benefit apportioned to each beneficiary of the option shall be expressed as a percentage of the basic salary for the grade and step used in calculating the theoretical survivor's or reversion pension;

iii) the share apportioned to the beneficiary of the option referred to in Article 33, paragraph 3 shall be equal to the basic salary corresponding to the grade and step referred to in sub-paragraph ii) of the scale applicable in the country chosen, multiplied by the percentage referred to in the same sub-paragraph.

33.3/2 - Transitional arrangements

If the persons entitled under a staff member who has died before having exercised his right of option choose the Pension Scheme under Articles 43 and 44 of the Rules, the scale - other than that of the last country of service - for which they opt pursuant to Article 33 of the Rules shall be irrevocably applicable. However, where the surviving spouse dies after having exercised the said irrevocable option, the orphans may in their turn exercise a joint option which shall also be irrevocable.

33.5 - Calculation following approval of a new scale

In cases where Article 33, paragraph 5 is applied, benefits are calculated under the new scale as from the date of its entry into force, with no retroactive effect.

Article 34 – Re-assessment – cancellation

1. Benefits may be re-assessed at any time in the event of error or omission of any kind. Any undue payments must be reimbursed; they may be deducted from the benefits payable to the person concerned or to

the persons entitled under him or from the amounts due to his estate. The reimbursement may be spread over a period.

2. Benefits shall be subject to modification or cancellation if their award was contrary to the provisions of these Rules.

Article 35 – Requirement of evidence - forfeiture of rights

1. Persons who are eligible for benefits under these Rules shall inform the Organisation or the International Service for Remuneration and Pensions of any facts which may affect their entitlement to benefits and to furnish such supporting evidence as may be required of them.

Should they fail to comply with these obligations, they may be deprived of the right to benefits under this Scheme; save in exceptional circumstances, they shall refund any sums received to which they were not entitled.

2. Where the surviving spouse, orphans or other dependants of a deceased staff member or former staff member fail to apply for their pension within twelve months from the date of his death, payment of the benefits under these Rules may, at the discretion of the Organisation, be deferred until the first day of the month following that in which they make their application.

3. Where a staff member's or former staff member's former spouse referred to in Article 22 fails to apply for a pension within twelve months from the date of his death, the former spouse's rights may, at the discretion of the Organisation, be wholly forfeited.

Instructions

35.1/1 - Statement by staff member or persons entitled under him

Subject to the provisions of Instruction 30.3, the recipient of any benefit under the Pension Scheme Rules shall be required to fill out and sign the form to verify continuing entitlement which is sent to him every year.

35.1/2 - Refund of amounts incorrectly received

All amounts incorrectly received shall be refunded pursuant to Articles 34 and 35, in the manner prescribed in the Rules and Regulations applicable to staff serving in the Organisation, without prejudice to the special provisions laid down for implementing Article 42 with regard to taxation.

35.1/3 - Obligation on claimants to make themselves known

In the absence of a statement provided for under Instruction 35.1/1, it is the responsibility of persons entitled under a deceased staff member or former staff member to notify their existence to the Organisation which they consider to be liable for the payment to them of benefits under the Pension Scheme, except for those cases where notification is the responsibility of the Organisation under Article 43, paragraphs 2 iii) and 3 ii).

35.1/4 - Notifying beneficiaries

The Organisation shall then inform the beneficiaries concerned of the benefits which they may claim under the Pension Scheme Rules.

Section 2 : ADJUSTMENT OF BENEFITS

Article 36 – Adjustment of benefits

1. Should the Council of the Organisation responsible for the payment of benefits decide on an adjustment of salaries in relation to the cost of living, it shall grant at the same time an identical adjustment of the pensions currently being paid, and of pensions whose payment is deferred.

Should salary adjustments be made in relation to the standard of living, the Council shall consider whether an appropriate adjustment of pensions should be made (*).

Instruction

36.1 - Notifying beneficiaries

Adjustments to pensions currently being paid shall be notified in writing to the persons entitled to such pensions, either by the Organisation or, as instructed by it, by the International Service for Remuneration and Pensions.

Section 3 : PAYMENT OF BENEFITS

Article 37 – Mode of payment

1. Subject to the provisions of Article 11 and unless otherwise provided under these Rules, pensions, family allowances and provisions for tax adjustments shall be paid monthly in arrears.
2. These amounts shall be paid by the Organisation, or by the International Service for Remuneration and Pensions if it has been empowered to do so.
3. Benefits shall be paid in the currency used in their calculation in accordance with Article 33.
4. Benefits shall be paid to the recipient by bank transfer to an account either in the country of the scale used to calculate these benefits, or in the country where the recipient resides.

Instruction

37.1 - Date of Payment

Pensions, family allowances and provisions for tax adjustments shall be paid in arrears on the last working day but two of the month to which they relate.

(*) On 20th April 1978, the OECD Council approved the recommendation made in the Co-ordinating Committee's 150th Report, paragraph 12 a) which, from that date, forms an integral part of Article 36 of the Pension Rules and reads as follows.

Article 36 of the Pension Scheme Rules, relating to the arrangements for the adjustment of benefits, shall be interpreted, in all circumstances and whatever the current salary adjustment procedure, as follows:

Whenever the salaries of staff serving in the Co-ordinated Organisations are adjusted -- whatever the basis for adjustment -- an identical proportional adjustment will, as of the same date, be applied to both current and deferred pensions, by reference to the grades and steps and salary scales taken into consideration in the calculation of these pensions.

Article 38 – Sums owed to the organisation

1. Any sum owed by a staff member, former staff member or pensioner to any of the Organisations listed in Article 1 at the date when the benefits are payable under these Rules shall be deducted from the amount of these benefits or from the benefits payable to those entitled under him. The deduction may be spread over a period.

Instruction

38.1 - Buying back rights - Credit for past service

Any amounts remaining due on the death, recognition of invalidity or termination of service of a staff member, in respect of pension rights bought back under Article 5 or credited under Articles 44 and 49, shall constitute a debt owed to the Organisation by the staff member or the persons entitled under him or the estate.

Payment to the Organisation of any amounts thus owing shall be made pursuant to the special condition agreed to by the staff member at the time of his application to buy back or to be credited with pension rights; this condition shall give the Organisation a preferential right to deduct such amounts from the capital sums due at the time of death or recognition of invalidity, or of termination of service, where appropriate, under the conditions provided for in Instructions 5.1/1 and 5.1/2.

Article 39 – Right of subrogation

1. Where a staff member's invalidity or death is attributable to a third party, the award of the benefits provided for in these Rules shall in principle be made subject to the beneficiary assigning to the Organisation his claims against such third party, up to the amount of such benefits.

2. However, the Organisation may waive its right to take action pursuant to such subrogation against the third party concerned where special circumstances justify such a waiver.

CHAPTER X

FINANCING THE PENSION SCHEME

Article 40 – Charge on budgets

1. Benefits paid under this Pension Scheme shall be charged to the budgets of the Organisation responsible for the assessment of these benefits pursuant to Article 31.

2. The Member States of the Organisation jointly guarantee the payment of the benefits.

3. In the event of a merger, reconstitution or other transformation or in the event of dissolution of the Organisation, the Council or any ad hoc body set up, where required in one of the aforementioned cases, shall take the necessary measures to ensure uninterrupted payment of the Pension Scheme benefits until the cessation of entitlement of the last beneficiary.

4. Should a country, being a Member or ex-Member of the Organisation, fail to comply with its obligations under this Article, the other countries shall meet the cost thereof in proportion to their contribution to the budget of the Organisation as fixed annually from and after the said country's default.

Article 41 – Staff member's contribution - costing the scheme

1. Staff members shall contribute to the Pension Scheme.

2. The staff members' contribution to the Pension Scheme shall be calculated as a percentage of their salaries and shall be deducted monthly.

3. The rate of the staff contribution shall be set so as to represent the cost, in the long term, of one-third of the benefits provided under these Rules.

4. The rate of the staff contribution shall be 9%.

Last update: January 2010

5. An actuarial study shall be carried out every five years for all the Organisations, using the method described in Annex. In accordance with the result of that study, the staff contribution rate shall automatically be adjusted, with effect from the fifth anniversary of the preceding adjustment, the rate being rounded to the nearest first decimal.

However, in the event of exceptional circumstances, the Co-ordinating Committee on Remuneration (CCR) could recommend that the date of that study, and of any adjustment of the contribution rate resulting therefrom, be advanced.

In such a case, the normal 5-year interval between two studies and any adjustment of contributions resulting therefrom shall begin as from the date of that supplementary study except for a new application of the provisions of the preceding sub-paragraph.

6. Contributions properly deducted shall not be recoverable. Contributions improperly deducted shall confer no rights to pension benefits; they shall be refunded at the request of the staff member concerned or those entitled under him without interest.

Instructions

41.1/1 - Sickness

The staff members' contribution to the Pension Scheme shall be paid during sick leave and during periods of temporary incapacity following such leave if the staff member concerned continues to receive an allowance equal to the whole or part of his emoluments. This contribution shall be calculated in relation to the portion of the allowances corresponding to salary, but reckonable years of service shall be counted at the full rate, subject to the provisions applicable in the event of temporary incapacity during a period of part-time service.

41.1/2 - Leave for personal reasons

A staff member may not pay pension contributions during periods of leave for personal reasons of more than six months' duration, and during such periods the staff member shall not acquire any pension rights.

However, the persons entitled under him shall be entitled to receive benefits under the conditions set out in Instruction 18.1.

CHAPTER XI

PROVISIONS RELATING TO THE ADJUSTMENT OF PENSIONS

Article 42 - Pensions which are subject to national tax legislation

1. The recipient of a pension under these Rules shall be entitled to the adjustment applying to the Member Country of the Organisation in which the pension and adjustment relating thereto are chargeable to income tax under the tax legislation in force in that country.

2. The adjustment shall equal 50 per cent of the amount by which the recipient's pension would theoretically need to be increased, were the balance remaining after deduction of the amount of national income tax or taxes on the total to correspond to the amount of the pension calculated in accordance with these Rules.

For such purpose, there shall be drawn up, for each Member country, in accordance with the Implementing Instructions referred to in paragraph 6, tables of equivalence specifying, for each amount of pension, the amount of the adjustment to be added thereto. The said tables shall determine the rights of the recipients.

3. In calculating the theoretical amount of income tax or taxes referred to in paragraph 2 of this Article, account shall be taken only of the provisions of tax legislation and regulations affecting the basis of liability and the amount of income tax or taxes for all pensioner-taxpayers in the country concerned.

Pensioners without spouse or dependants shall be deemed to be in the position of a pensioner without entitlement to any tax reliefs or allowances for family responsibilities, all other recipients being deemed to be pensioners enjoying the tax reliefs and allowances of a person who is married without children.

No account shall be taken:

of individual factors related to the personal circumstances or private means of a particular pensioner,

of income other than that arising under these Rules,

of the income of the spouse or dependents of the pensioner.

On the other hand, account shall, in particular, be taken of circumstances arising in the course of the year as a result of:

- a change in civil status or settlement in another place of residence with a different taxation system,
- commencement or cessation of payment of the pension.

4. The Organisation shall supply the Member Countries concerned with the names, forenames and full address of pensioners and the total amount of the pension and adjustment.

5. The recipient of an adjustment as specified in this Article shall be required to inform the Organisation of his full address and of any subsequent change therein.

Such recipient shall produce evidence of his pension and the relative adjustment having been declared or taxed; should he fail to comply with this obligation, he shall be deprived of the right to this adjustment and shall refund any amounts unduly received in this respect.

6. The other procedures for calculating the adjustment and, in particular, those necessitated by the special features of certain national tax laws, and the procedure for payment of the adjustment shall be laid down in the Implementing Instructions established in accordance with the tax legislation of Member Countries.

Notwithstanding Article 52, the implementing provisions referred to in this paragraph shall require approval by the Councils of the organisations listed in Article 1.1.

Instructions

42/1 - Scope and calculation of the adjustment

1. *Article 42 of the Pension Scheme Rules shall apply only if the pension and the adjustment relating to it are subject to taxes on income levied in a Member Country of the Organisation. The family allowances provided for in Article 28 of the Pension Rules shall be assimilated to pensions in determining the tax adjustment in so far as similar allowances are taxable under the national tax legislation of the Member country.*

2. *The adjustment referred to in Article 42 of the Pension Scheme Rules shall be determined on the basis of the legal provisions relating to taxes on income in force in the Member country in which the pensioner is legally subject to such taxation. It shall be established in respect of pensions paid during the tax period as determined in that country.*

3. *Where the pension of a person entitled to the adjustment is paid in a currency other than that of the country in which such person is subject to taxes on income, the adjustment shall be determined on the basis of the pension converted into the currency of that country. Such conversion shall be effected at the rate obtained on the official exchange market.*

4. *Where the amounts paid during any tax period include arrears of pension relating to any previous period, the adjustment shall be determined or recalculated, as the case may be, with due regard to the tax treatment applicable to such arrears.*

42/2 - Establishment of tables of equivalence for payment of the adjustment

1. *Tables of equivalence for payment of the adjustment shall be established for each tax year by the Inter-Organisations Section, hereinafter referred to as 'the Section'.*

2. *The tax authorities of Member countries shall provide the Section, at its request, with the details of legislation and regulations necessary for establishing the tables. The tables shall be checked and confirmed by the tax authorities of the Member country concerned. In the event of disagreement between such authorities and the Section on the content of the tables, the Secretaries-General and the Coordinating Committee shall consider the matter on the basis of Article 42 of the Pension Scheme Rules and of these Implementing Instructions.*

3. *Provisional tables of equivalence shall be drawn up prior to the commencement of the period to which they refer. They shall show, for rounded pension figures and in respect of each Member country, an amount equivalent to 90 per cent of the monthly adjustment calculated according to the distinctions contained in Article 42.3 of the Pension Scheme Rules and on the basis of the tax legislation in force at the time of drawing up the tables.*

4. *The provisional tables shall be revised whenever amendments to tax legislation involve a change in the amount of the adjustment. The Secretaries-General and the Coordinating Committee may however decide by mutual agreement to dispense with the up-dating of tables in cases where the balance of gain or loss is minimal.*

5. *As soon as the authorities in Member countries have finally adopted the tax legislation applicable to income for the period covered by the provisional tables, these latter shall be replaced by final tables establishing the rights of recipients in accordance with Article 42.2 of the Pension Scheme Rules. These final tables shall show the amount of the adjustment for the whole of the period which they cover, as well as the monthly amount of the adjustment.*

6. *The provisional and final tables of equivalence shall be accompanied by all such information as is necessary for their use. Such information shall include:*

- *the rules to be observed in cases where changes in family status, dependants or permanent address (domicile) of the person entitled to the adjustment may affect the amount of the adjustment which the person concerned may claim;*
- *the names and addresses of the tax authorities to which the Organisations supply the information specified in Article 42.4 of the Pension Scheme Rules;*
- *the evidence to be supplied by persons entitled to the adjustment as proof of the declaration for tax purposes, or the taxation, of their pension and the adjustment relating thereto;*
- *the dates for making such declarations and for paying the tax in those Member countries which have been authorised to avail themselves of the provisions of Instruction 42/3, paragraph 2 below.*

42/3 - Method of payment of the adjustment

1. *The adjustment shall be paid by monthly instalments by way of advance at the same time as the pension and in an amount corresponding to that appearing in the provisional tables of equivalence referred to in Instruction 42/2, paragraph 3 above. The amounts of pension, arrears of pension and adjustment shall be shown separately on the instrument of payment issued to the recipient.*

2. *At the request of a country, the Secretaries-General and the Coordinating Committee may, by mutual agreement, decide that by way of exception to paragraph 1, there shall be a time lag in payment of the monthly instalments of the adjustment relating to that country, provided however that payment of the whole of the monthly instalments shall be finalised before the ultimate date for payment of the tax to which they refer.*

3. *As soon as the final tables of equivalence are available, the total amount of the monthly instalments paid in respect of the tax period shall be compared to the final amount of the adjustment due for the whole of that period. Any excess or shortfall shall be rectified but so however that the amount involved shall not be taken into account in determining the adjustment in respect of the following tax year.*

4. *The adjustments shall be paid in the currency of the country in which the recipient is subject to taxes on income.*

42/4 - Information to be supplied to Member countries by the Organisation

1. *The particulars specified in Article 42/4 of the Pension Scheme Rules shall consist of the following:*
 - a) *a personal particulars form giving the name and forenames, full address and, where applicable, the residence for tax purposes (domicile fiscal) of the pensioner, the total amount of pension paid for the period constituting the tax year, the final amount of the adjustment arrived at for such period, and the amount of arrears of pension, identifying the year to which such arrears relate;*
 - b) *a master list reproducing for each country, the information contained in the personal particulars form.*
2. *The particulars listed in paragraph 1 of this Instruction shall be supplied to the tax authorities of the country in which the persons concerned are subject to taxes on income. A copy of the personal particulars form shall be sent to the pensioner and a copy of the master list shall be sent to the Representative of the country in question to the Organisation.*
3. *The obligations specified in this Instruction shall be complied with at the time of the rectification referred to in Instruction 42/3, paragraph 3 above.*

42/5 - Evidence of payment of tax

The tax authorities referred to in Instruction 42/2, paragraph 6 above shall inform the Section of the evidence by which, in accordance with Article 42.5 of the Pension Scheme Rules, recipients of the adjustment may establish that their pension and the relevant adjustment have been declared for tax purposes or have been taxed.

42/6 - Financing the adjustment

1. *The cost of the adjustment provided for in Article 42 of the Pension Scheme Rules shall be borne by the country in which the recipient thereof is subject to taxes on income for the period considered.*
2. *Expenditure arising under paragraph 1 of this Instruction shall be the subject of a separate budget which shall be drawn up at the same time as the other budgets of the Organisation. Final settlement of the contributions to this separate budget shall be made at the end of the period to which it relates.*

42/7 - Transitional measures

1. *Arrears of pension relating to tax periods prior to the approval of the Pension Scheme Rules by the Council shall be treated as contributions towards the purchase of pension rights to the extent that they are set off against capital due for the crediting of the pensioner's past service.*
2. *The effect of this provision on the amount of the adjustment shall be determined by the tax authorities mentioned in Instruction 42/2, paragraph 6 above, in collaboration with the Section.*

42/8 - Date of effect

These Implementing Instructions shall take effect on the date of entry into force of the Pension Scheme Rules.

CHAPTER XII

TRANSITIONAL ARRANGEMENTS APPLICABLE TO STAFF WHOSE SERVICE BEGAN BEFORE 1st JULY 1974

Section 1: STAFF WHOSE SERVICE DID NOT TERMINATE BEFORE 1st JANUARY 1973

Article 43 - Scope

1. Permanent staff serving on 1st July 1974, must, within the period referred to in paragraph 4 i) of this Article, state in writing which one of the options referred to in Articles 44, 45 and 48 they wish to select. Staff failing to make their choice within that period shall be deemed to have chosen the option under Article 44 and to elect to be credited with past service for the periods referred to in paragraph 2 of that same Article.

This choice shall be irrevocable both for the staff member and for persons entitled under him.

2.

i) Should a staff member who was serving on 1st July 1974 become incapacitated without having made the choice referred to in this Article, his choice will in future be limited to Articles 44 and 48.

ii) Should a staff member who was serving on 1st July 1974 die without having made the choice referred to in this Article, his spouse or, in the event of the latter's death, his orphans or other dependants, may only make the choices referred to in sub-paragraph i) above.

iii) The choice in favour of Article 44 or 48 must, in any event, be made by the staff member, or the persons entitled under him, within the period referred to in paragraph 4 i) of this Article, or, in the event of death of the staff member or his spouse, six months after the date on which the Organisation has notified the new scheme to the persons entitled under them.

In the cases dealt with in this paragraph 2, if the choice is not made within the time limit laid down, the staff member or the persons entitled under him shall be deemed to have made the choice covered by Article 48.

3.

i) Staff who have left the Organisation between 1st January 1973 and 1st July 1974 may also opt for the Pension Scheme under the terms of Article 44 provided they make an application to this effect within the period referred to in paragraph 4 i) of this Article.

ii) Should a staff member to whom this paragraph applies die without having opted for Article 44, the persons entitled under him may exercise such option not later than six months after the date on which they have been notified of the new scheme by the Organisation.

4.

i) The option period provided for in this Article shall end in each of the Organisations listed in Article 1.1 one year after final approval of these Rules has been given by the Council of the said Organisation, save in the cases referred to in paragraphs 2 iii) and 3 ii) of this Article.

- ii) The options provided for under this Section of the Rules shall take effect on 1st July 1974; however, the option referred to in paragraph 3 above shall take effect on the date of the award of the benefits under the Pension Scheme, but not earlier than 1st January 1973.

Instructions

43/1 - Time for exercising options and statement of the position of each staff member

i) *The time limits laid down in Articles 43 and 44 of the Rules shall begin to run from the date fixed by the Council of the Organisation at the time of the approval of the Pension Scheme Rules.*

ii) *A statement of the position of each staff member, to be established provisionally as at [1st January 1978] (*), shall show as at that date:*

- *the actual amount of the staff member's holding in the Provident Fund;*
- *the amount of contributions paid after 1st July 1974, such contributions being the property of the Organisation, with the actual yield thereon, save where the option under Article 48 of the Rules is exercised;*
- *the amount due in accordance with the provisions implementing Article 44 of the Rules, should the person concerned opt to be credited with all service completed as a permanent staff member prior to 1st July 1974, or prior to termination of service if this occurred before 1st July 1974.*

iii) *The options provided for in Article 43 of the Rules shall be exercised in the Organisation where the staff member is actually serving before the end of the transitional period; if the staff member has transferred from one Organisation to another between 1st July 1973 and the end of the option period, and any break in service does not exceed six months, the said staff member shall be entitled to the same options.*

43/2 - Option exercisable by widow

In application of Article 43.2 ii) and 3 ii) of the Rules, the right to exercise an option shall be accorded only to the widow of the deceased staff member, to the exclusion of any former wife.

However, where the deceased staff member has left neither a widow nor any orphans but an unremarried former wife to whom he was paying maintenance, such ex-wife may exercise the option provided for in Article 43.2 ii) of the Rules.

Article 44 - Pension with credit for past service

1. A staff member to whom this Section of the Rules applies and who has chosen the option provided for by this Article shall be bound by the terms of the Pension Scheme, and be credited with any periods served by him before 1st July 1974 in one or more of the Organisations listed in Article 1.

(*) Date varying according to Organisations.

2. A staff member credited with past service under paragraph I shall surrender his holding in the Provident Fund.

However,

i) for the period prior to the setting-up of the Provident Fund, the staff member shall retain the difference between a) the amounts contributed by the Organisation plus their yield up to the date when the option referred to in Article 43.4 ii) takes effect, and b) the aforesaid amounts plus compound interest at 4 per cent per annum up to the aforesaid date;

ii) for the period between the setting-up of the Provident Fund and the date when the option referred to in Article 43.4 ii) takes effect, the staff member shall retain such part of his holding as exceeds 21 per cent of the salaries paid to him during this period plus compound interest at 4 per cent per annum on the said amount of 21 per cent up to the aforesaid date;

iii) notwithstanding the provisions of sub-paragraphs i) and ii) above, a staff member may not retain that part of his Provident Fund holding which corresponds to any interest-bonuses granted in certain Organisations.

The cost of crediting past service under this paragraph shall be determined in nominal terms in the currency of the country or countries of service where the salaries used as a basis for the calculation of contributions were actually paid, the necessary conversions into the currency ultimately used for keeping the individual accounts being effected on the basis of exchange rates in use for Provident Fund operations on the date when the option takes effect. In cases where the Provident Fund holding paid over to a staff member when he left is refunded, the cost of crediting past service may be paid directly in the currency (or currencies) in which the contributions were payable.

The crediting of past service in the manner prescribed in this paragraph shall be irrevocable and must include all periods of service covered by this paragraph.

3.

i) Where a staff member has exercised his right to make withdrawals from his Provident Fund holding and where, in consequence, the amount standing to his credit is less than the amount he would have surrendered under paragraph 2 if he had not made withdrawals, service prior to 1st July 1974 shall only be credited in the proportion these two amounts bear to each other.

ii) This provision shall not apply where a staff member has, within the period referred to in Article 43.4 i), undertaken to repay the difference between the two amounts plus compound interest at the rate of 4 per cent per annum as from that date.

If the staff member makes only partial repayment, past service shall only be credited in the proportion referred to in the first sub-paragraph above.

iii) Should a staff member become incapacitated or die without having made the choice referred to in this Article, the figure of 70 per cent referred to in Article 14.2 as well as the minimum pensions referred to in Articles 14.4 and 19.3 shall be reduced according to the ratio between:

- the total number of years of service that would have been reckonable -up to the age limit laid down in the Staff Regulations, in the event of invalidity - allowing for the reductions referred to in this paragraph, and

- the total number of years of service that would have been credited if the staff member had entirely repaid the withdrawals made from his Provident Fund holding.

iv) Repayments provided for in this paragraph must be made within the time limit laid down in the Instructions for the implementation of these Rules.

4. A staff member may also, within the period referred to in Article 43.4 i), ask to be credited with service completed before his appointment as a permanent staff member, in accordance with Article 5.5.

5. A staff member to whom this Article applies and who leaves the Organisation at the age limit laid down in the Staff Regulations after having completed less than the ten years required under Article 7 shall be entitled to opt for a grant calculated in accordance with Article 11 or for a proportionately reduced pension calculated in accordance with Article 10.

Instructions

44/1 - Credit for past service where there have been no withdrawals

A staff member who chooses the option specified in Article 44 of the Rules and who has not made any withdrawals affecting the amount required for crediting past service must elect to be credited with all periods of service referred to in the said Article.

44/2 - Staff who left the Organisation between 1st January 1973 and 1st July 1974

i) *If such staff members opt for Article 44 of the Rules, the cost of crediting their past service shall be calculated as stated in Article 44/3 below, but as at the date of actual termination of their service.*

ii) *Where a pension is due to the staff member - or to any persons entitled under him - on termination of service, the above-mentioned cost of crediting past service shall be deducted from the arrears of pension. Any balance remaining outstanding shall be deducted from the staff member's holding in the Provident Fund or failing this, shall be repaid before any payment of pension.*

iii) *In the case of a deferred pension, the cost of crediting past service referred to in paragraph i) shall be repaid within twenty-four months from the end of the option period, and at a rate of compound interest of 4 per cent per annum from the date of termination of service up to the date when such repayment is completed.*

iv) *The above-mentioned amounts shall be refunded in the currency of the last country of service at the rate in force for Provident Fund operations on the first day of the month following the termination of service; however, the staff member concerned may make the refunds directly in the currency of the country where the remuneration was paid, in respect of the crediting of the relevant pension rights.*

44/2bis - Staff leaving the Organisation after 1st July 1974

i) *Staff serving before 1st July 1974, and having left the Organisation after that date, shall be entitled to exercise the option on the terms laid down in Articles 43 and 44 of the Rules.*

ii) *In the case of such staff members, or of pensions entitled under them, Instructions 44/2 ii) and iii) and 44/3 shall be applicable, but the cost of crediting past service to be taken into account shall be determined as at 1st July 1974.*

iii) *They shall in addition be liable to pay over the 21 per cent contributions paid after 1st July 1974, with the actual yield thereon up to the date of repayment. Such repayment must be made not later than the end of the option period, save where Article 48 of the Rules applies.*

44/3 - Cost of crediting past service for staff serving at the time when the option is exercised

i) *Contributions paid from 1st July 1974*

A staff member or any person entitled under him who opts for Article 44 or Article 45 of the Rules shall be liable to pay over the contributions paid after 1st July 1974, with the actual yield thereon in the Provident Fund of the Organisation; such amount is to be paid over not later than the end of the option period.

ii) *Cost of crediting service prior to 1st July 1974*

Such cost, as determined in accordance with Article 44.2 of the Rules, shall not be greater than the Provident Fund holding to which the person concerned would have been entitled if he had not made any withdrawals.

Subject to this limit, the calculation of the amount of Provident Fund holding which must be surrendered to the Organisation in respect of the crediting of past service shall be made at the rate of compound interest of 4 per cent per annum from the date of actual payment of the contributions until 1st July 1974; if the contributions were in fact calculated at the time on the basis of salaries corresponding to countries of service other than the country of service on 1st July 1974, they shall be calculated separately, with compound interest at the rate of 4 per cent per annum up to 1st July 1974, in the respective currencies of the said other countries, and then converted into the currency of the country of service on 1st July 1974, at the rate of exchange in force on that date for operations of the Provident Fund. The total of such costs of crediting past service corresponding to different countries of service shall determine the amount due at 1st July 1974, in order to have such past service credited.

iii) *Reconstitution of the cost of crediting past service*

Where a staff member has exercised his right to make withdrawals from his Provident Fund before 1st July 1974, and the amount standing to his credit in his individual account at that date is less than the cost of crediting past service as calculated at 1st July 1974, he may refund the difference between the two amounts, with compound interest on such difference at the rate of 4 per cent per annum, accruing from 1st July 1974, over a maximum period of five years from the end of the option period, provided, however, that such refund may not continue beyond the age limit laid down in the Staff Regulations.

Where a staff member has exercised his right to make withdrawals from his Provident Fund after 1st July 1974, and the amount standing to his credit in his individual account is less than the cost of crediting past service as calculated at 1st July 1974, plus the actual yield of the Fund thereon up to the date of the withdrawal, he may refund the difference between the said two amounts over a maximum period of five years from the end of the option period, such refund not continuing however beyond the age limit laid down in the Staff Regulations, with compound interest at 4 per cent per annum accruing from the date of the withdrawal.

The same provisions shall apply where the staff member had received his Provident Fund holding on leaving a previous Organisation.

iv) Refunds made after 1st July 1974

Such refunds are to be taken into account on the successive dates on which they are made, for the purpose of:

- reconstituting, in priority, the contributions referred to in paragraph i),*
- reducing the amount to be refunded in respect of the cost of crediting past service referred to in paragraph iii).*

Such refunds, within the limits of the amounts due under paragraphs i) and iii) above, shall increase for the benefit of the Organisation, at the rate of the actual yield on the Provident Fund.

v) Credit balance

If the statement referred to in Instruction 43/1 ii) shows that the staff member's Provident Fund holding is greater than the total of the amounts due pursuant to the preceding paragraphs of this Instruction, the staff member may, in accordance with the relevant provisions of the Rules of the Provident Fund of the Organisation, either:

- have his credit balance paid to him within such time as is compatible with the management of the Fund, or*
- leave such balance invested with the other Provident Fund holdings.*

Until such time as it is withdrawn by him, the staff member's credit balance shall be subject to the fluctuations of the Provident Fund of the Organisation, all risks of gain or loss being borne solely by the staff member or any persons entitled under him.

vi) Partial credit for past service

If a staff member who has availed himself of the facilities provided for in paragraph iii) above for refunding the amounts identified in that paragraph has not succeeded in refunding the total of such amounts on the expiry of the period prescribed in that paragraph, his past service completed prior to 1st July 1974 shall be credited only in proportion to the amount of capital actually paid over for the purpose of crediting such service.

vii) *Reduction of minimum pensions*

In the cases provided for in Article 44.3 iii) of the Rules, the calculation of the reductions shall be made in accordance with the example annexed hereto, if the staff member became incapacitated or died before exercising the option specified in Article 44 and if the service completed by him before 1st July 1974, in the Organisation responsible for paying the invalidity or survivor's pension - and in any other previous Coordinated Organisation - has not been fully credited at the time when the above-mentioned pension is awarded.

However, no reduction in the minimum pensions referred to in this paragraph shall be made if the staff member or persons entitled under him pay the sums remaining due in respect of credit for past service before the payment of pension benefits.

44/4 - Refund of amounts due in respect of the cost of crediting past service

i) *Refunds due as mentioned in Instruction 44/3 iii) for the purpose of reconstituting the cost of crediting past service shall be made in equal monthly instalments within a maximum period of five years.*

They may not, except with the consent of the person concerned, exceed 20 per cent of his basic salary for the first month following the Decision of the Council approving the Pension Scheme Rules; they shall, however, be at least 10 per cent of such salary.

ii) *In the event of the staff member becoming incapacitated or dying, any amounts still remaining due in respect of credit for past service shall be deducted from the capital amounts payable to the staff member concerned or the persons entitled under him, in accordance with the provisions of Instruction 38.1.*

However, any amounts due under Instruction 44/3 i) shall be deducted in priority from such capital amounts, or failing this, from the pension benefits.

iii) *A staff member who, when exercising his option under the Transitional Arrangements, requests that years of service completed in one or more Coordinated Organisations be taken into account shall be required to pay over to the Organisation in which he is serving at the time of exercising his option the cost of crediting the above-mentioned years of service, as calculated according to the rules applicable to the previous Organisation or Organisations; if any refunds in respect of such years of service are due from the staff member concerned, such amounts shall be paid to the Organisation in which the option was exercised, in accordance with the terms of paragraph i) above.*

iv) *However, if the staff member concerned is entitled to any arrears of pension, such arrears shall be set off against the refunds due in respect of credit for past service(*), and the rate of compound interest of 4 per cent per annum shall not be taken into account during the period running from the date on which the pension takes effect up to the date of actual award of the arrears of pension. Any balance remaining due in respect of credit for past service shall be repaid before any payment of pension.*

(*) The cost of validation covers all amounts due by entitled persons at the date of accrual of the right to a pension.

Article 45 - Pension without credit for past service

1. A staff member to whom this Section of the Rules applies and who has chosen the option provided for by this Article shall be bound by the terms of the Pension Scheme but shall in derogation of Article 5.1. ii) irrevocably renounce the right to be credited with service prior to 1st July 1974 in one or more of the Organisations listed in Article 1.1.
2. If he leaves the Organisation without completing ten years' service subsequent to 1st July 1974 he shall receive a leaving allowance as provided for in Article 11 in respect of his service subsequent to that date.
3. If he leaves the Organisation after completing ten or more years' service subsequent to 1st July 1974 he shall, subject to the conditions laid down in Chapter II, be entitled to a retirement pension for his service subsequent to that date. In the calculation of the minimum retirement pension provided under Article 10.3 only the years served after the afore-mentioned date shall be taken into account.
4. If he becomes incapacitated or dies while serving, the provisions of Chapters III to VI shall be applied as appropriate.

Article 46 - Bonus for service after the age of sixty

1. A staff member to whom this Section of the Rules applies, who has chosen one of the options given in Articles 44 and 45, and who has continued to serve beyond the age of sixty, shall, in respect of each year completed after that age, be entitled to an increase in pension corresponding to 5 per cent of the reckonable years of service credited to him at the age of sixty, but
 - i) the increase granted in respect of each year served after the age of sixty shall not exceed 2 per cent of the salary defined in Article 10.1, and
 - ii) his total pension shall not exceed 70 per cent of the salary so defined.
2. Within the same limit, pension rights shall continue to accrue as provided for in Article 10.1.
3. This Article shall, in the case covered by Article 14.1, apply only in respect of actual service after the age of sixty.

Instruction

46/1 - Calculation of bonus

- i) *The bonus provided for in Article 46 of the Rules shall be calculated by reference to the reckonable years of service acquired at the end of the month in which the staff member attained his sixtieth year:*
 - *even if on that date they number less than ten years;*
 - *full months of service being counted as twelfths of a reckonable year of service;*
 - *account being taken, where appropriate, of reckonable years of service up to the age of 60 years for the purpose of Articles 14.1 and 16.2 of the Rules.*

ii) Subject to the ceilings specified in Article 46.1 of the Rules, the bonus percentage ascertained as above shall be added to the normal rate of pension entitlement, namely, 2 per cent, which is allotted for each year of service, or for each fraction amounting to at least one-twelfth of a year, completed after the age of 60 years.

Examples of calculations

1.	-	Reckonable years of service at age 60:	12, i.e. rate of pension = 24 %
	-	Bonus per year from age 60 to 65:	$\frac{24\% \times 5}{100} = 1.2\%$
	-	Total pension entitlement per year from age 60 to 65:	2 + 1.2 = 3.2%
2.	-	Reckonable years of service at age 60:	20 years and 6 months, i.e. rate of pension = 41 %
	-	Bonus per year from age 60 to 65:	$\frac{41\% \times 5}{100} = 2.05\%$ reduced to 2%
	-	Total pension entitlement per year from age 60 to 65:	2 + 2 = 4 %
	-	e.g. if the staff member leaves at age 62 years and 6 months:	41 + 8 + 2 = 51 %
3.	-	Reckonable years of service at age 60:	25, i.e. rate of pension = 50 %
	-	Annual bonus reduced to maximum of 2 %	
	-	Total pension entitlement per year from age 60 to 65:	2 + 2 = 4 %
4.	-	Reckonable years of service at age 60:	30, i.e. rate of pension = 60 %
	-	Bonus per year from age 60 to 65:	$\frac{60\% \times 5}{100} = 3\%$ reduced to 2 %
	-	Total pension entitlement per year from age 60 to 65:	2 + 2 = 4 %
	-	Maximum of 70 % at 62.5 years.	

Article 47 - Compensation for loss of previous pension rights

A staff member to whom this Section of the Rules applies may receive compensation by way of reckonable years of service under the conditions and within the limits laid down in the provisions implementing the Rules if he establishes that, by reason of having joined the Pension Scheme of the Organisation, he has been obliged to forfeit all or part of any pensions rights that may have accrued to him previously in his country of origin, without being able to obtain the actuarial equivalent of such rights.

Instructions

47/1 - Conditions of entitlement

The compensation referred to in Article 47 of the Rules shall be awarded if the staff member satisfies all the following conditions:

- i) that he has lost, in whole or in part, the pension rights corresponding to periods of service immediately preceding his appointment by the Organisation, or by another Organisation listed in Article 1.1 of the Rules in the case of a change from one of such Organisations to the present one;*
- ii) that the earlier pension scheme has not made a payment of the actuarial equivalent or of a capital commutation representing the full value of the aforesaid right, e.g. under Article 12.1 of the Rules;*
- iii) that the staff member pays over to the Organisation a fraction of any amounts he may receive from the earlier pension scheme, although not representing the full actuarial value of the rights lost; such fraction shall be calculated according to the ratio between the number of reckonable years lost and the number of reckonable years allotted as compensation under this Instruction;*
- iv) that, under the earlier scheme, it is impossible to retain the full benefit of previous rights, e.g. by contributing to such scheme on a voluntary basis or by way of secondment rather than resignation;*
- v) that he elects to be credited in full for all service with the Organisations listed in Article 1.1, in accordance with Articles 4, 5 and 44 of the Rules;*
- vi) that he continues to serve in the said Organisations until the age limit laid down in the Staff Regulations, save in case of death or loss of employment.*

47/2 - Calculation of compensation

Compensation by way of reckonable years of service shall be calculated by applying to the past reckonable years which have been recognised as lost the coefficients and maxima appearing in the annexed table, established by reference to age at the time of the appointment referred to in paragraph 1 i) above. Such compensation may not exceed:

- the number of years of actual service which it will be possible for the staff member to complete up to the age limit laid down in the Staff Regulations;*
- half the number of years of service which, upon his attaining the age limit laid down in the Staff Regulations, would still have been required for him to complete 35 reckonable years of service.*

47/3 - Time limit for applying

Applications for compensation must be submitted before the end of the option period.

47/4 - Repayments of amounts received for previous rights

i) Any repayment due under Instruction 47/1 iii) must be made before the end of the option period or as soon as the relevant amounts are paid by the previous pension scheme.

ii) If, instead of the actuarial equivalent of the previous pension rights, the staff member concerned has received any payments in satisfaction of such rights, he shall refund to the Organisation a fraction of such payments equal to the ratio between the number of reckonable years of service awarded as compensation under Article 47 of the Rules and the number of reckonable years which he has had to relinquish under the previous scheme.

Failing such repayment within two months of the payment made in satisfaction of such rights, or of the application for compensation, no compensation shall be awarded under Article 47 of the Rules.

iii) In the case of total or partial refusal to award the above compensation on the termination of service of a staff member, any amounts repaid under this Instruction shall be refunded to the staff member, where necessary in proportion to the compensation awarded.

Article 48 - Provident Fund

1. A staff member to whom this section of the Rules applies may opt to remain in the Organisation's Provident Fund Scheme instead of receiving the benefits provided for in these Rules, where his contractual situation requires that such an option be given to him.
2. In derogation of Article 5.1 ii), he shall thus irrevocably renounce the right to be credited with service prior to 1st July 1974 in one or more of the Organisations listed in Article 1.1.

Instruction

48/1 - Limited nature of the option

A staff member whose contract is terminated after he has chosen the option specified in Article 48 of the Rules and who, after leaving the Organisation, is then re-appointed by the same or another Co-ordinated Organisation, shall be subject to the Pension Scheme from the commencement of this new appointment.

Section 2: STAFF WHOSE SERVICE TERMINATED BEFORE 1st JANUARY 1973

Article 49 - Scope

1. As a transitional measure, the provisions of these Rules shall, if so requested by them, apply to:
 - i) former staff members, with not less than ten years' service who left the Organisation at the age of sixty or more, and their widows, incapacitated widowers and orphaned children,
 - ii) the widows, incapacitated widowers and orphaned children of staff members who died while serving,
 - iii) staff members permanently incapacitated while serving, and their widows, incapacitated widowers and orphans, when the events referred to in i), ii) and iii) occurred before 1st January 1973.
2. These beneficiaries shall, however, refund to the Organisation responsible for payment of the benefits the Provident Fund holding due to the staff member at the time of his departure, death or recognition as unfit for service. This refund shall include non-reimbursed withdrawals under the conditions laid down in Article 44.3.

This refund shall be limited to the amount of contributions paid by the staff member and by the Organisation, plus compound interest at 4 per cent per annum, such refund shall be abated, where applicable, by an amount calculated by means of the following fraction:

 - Numerator: the difference between the age of the staff member on 1st January 1973 and his age at the time of departure, death or recognition as unfit for service.
 - Denominator: the difference between 80 and the age of the staff member at the time of departure, death or recognition as unfit for service.
3. The request referred to in paragraph 1 above must be made within the period referred to in Article 43.4 i), failing which the right to do so shall lapse. The benefits under this Article shall be granted with effect from 1st January 1973.
4. Benefits under this Article shall be calculated by reference to the staff member's grading when he left the service before 1st January 1973 but on the basis of the corresponding scales in force on 1st January 1973, subsequently adjusted in accordance with Article 36.
5. Staff to whom this Article applies shall not benefit under the provisions of Article 46.

Instructions

49/1 - Abatement showing a positive balance

When the abatement under Article 49.2 of the Rules is greater than 100 per cent, such excess shall not be paid to the beneficiary.

49/2 - Special case of staff members re-appointed in an auxiliary or temporary capacity

The abatement shall be calculated in a manner specified in Article 49.2 of the Rules if the former staff member concerned is granted a retirement pension with effect from 1st January 1973 in accordance with paragraph 3 of that Article.

49/3 - Procedure for refund of Provident Fund holdings

i) The amounts refundable under Article 49.2 of the Rules shall be calculated at 4 per cent per annum compound interest up to 1st January 1973; they shall then be abated as prescribed in Article 49.2 of the Rules. If the refunds actually made constitute only part of the above-mentioned amounts, the pension rights and minimum pensions shall be reduced proportionately, in accordance with the rule laid down in Article 44.3 of the Rules.

ii) The amounts referred to in the preceding paragraph may include, before any abatement is applied, withdrawals previously made by the staff member concerned from his Provident Fund holdings in order to maintain his rights under a national retirement pension scheme or to finance dealings in real estate. The refund of such withdrawals may be partial, in which case the pension rights and minimum pensions shall be reduced in accordance with the rule laid down in Article 44.3 of the Rules, in the ratio existing, after abatement, between the amounts partly refunded (Provident Fund plus withdrawals) and the same amounts were they to be refunded in full.

iii) The amounts payable for the crediting of past service thus determined shall be refunded at the time when payment of the corresponding pensions commences.

If the sums due in respect of arrears of pensions enduring at 1st January 1973, fall short of the amount to be paid for the crediting of past service, the balance remaining due must be paid by the staff member concerned as soon as the pensions are effectively paid, where necessary by deduction from holdings remaining in the Provident Fund, or failing this, in monthly instalments with interest at the interest rate of 4 per cent per annum from the commencement of actual payment of pension and within a maximum period of 12 months.

Section 3: HARDSHIP ALLOWANCE

Article 50 - Hardship Allowance

1. As an exceptional measure, where a staff member governed by the transitional arrangements is - or the persons claiming under him are - unable to make the refunds required under Article 44 or Article 49, he - or they - may, if the Secretary-General considers this justified in the light of his - or their - overall income, be granted a hardship allowance. This allowance shall not exceed the amount of the minimum pension provided for in the Rules in respect of each category of beneficiary.

A hardship allowance may also be granted on grounds of low level of income to the widowers of female staff members who died before 1st January 1979. In this case any pension granted as the case may be to the children or other dependants shall be reduced to the amount laid down in Article 25.2.

2. The hardship allowance may only be granted as from the first day of the month following that in which the application is made, and in any event not earlier than 1st July 1974; it may not, however, be granted to a former staff member before he has reached the age of sixty, unless he is incapacitated.

3. Detailed application of this Article will be governed by the Instructions referred to in Article 52.

Instructions

50/1 - Other income taken into account

i) The Secretary-General of the Organisation shall decide, after consulting the Staff Association, unless the person concerned objects to such consultation, whether a hardship allowance is justified having regard to the impossibility of the staff member or those entitled under him to refunding the amounts referred to in Instructions 44 or 49, taking account of their income or assets in the form of capital or real estate which could be realised to make the refunds in question.

ii) In any event, the hardship allowance shall be reduced to the extent that the former staff member required to make refunds (or the persons entitled under him) is in receipt of taxable income exceeding the salary for Grade C 1, Step 1 for the country where he resides, or the last country in which he served if the country of residence is not a Member of one of the Co-ordinated Organisations mentioned in Article 1.1 of the Rules.

50/2 - References to the Pension Scheme Rules

The hardship allowance shall not constitute a right for a former staff member or for any other beneficiaries; subject to this proviso, the following provisions of the Pension Scheme Rules shall apply to it: Articles 3, 7, 9.2, 10.3, 14.3 and 14.4, 15, 16, 17.2, 18, 19.3 and 19.4, 21 (first sentence), 22.1, 23 to 29, 31, 33 to 40 and 42.

CHAPTER XIII

FINAL PROVISIONS

Article 51 – Co-ordination

1. These Rules must be applied in a uniform manner by the different Organisations listed in Article 1. To this end, the Secretaries/Directors-General of those Organisations shall consult among themselves in order to carry out the appropriate co-ordination.

Instructions

51.1/1 - Administrative Committee on Pensions

The Standing Committee of Secretaries-General has set up the Administrative Committee on Pensions of the Co-ordinated Organisations (CAPOC) so as to have at its disposal a body which can effectively ensure that the provisions of the Pension Scheme Rules are uniformly applied (document CCG/W(74)43 of 27 December 1974, paragraph 1).

51.1/2 - Forms

A standard form is used for determining the position regarding each staff member's reckonable years of service for pension purposes at a particular date, viz.:

- either on leaving the Organisation or on the assessment of a benefit; or*
- on changing from one Organisation to another.*

This form recapitulates the regulatory provisions to be consulted on such occasions.

Article 52 – Detailed implementation

1. Instructions for the implementation of these Rules shall be drawn up by the Secretary/Director-General of the Organisation.

Instruction

52.1 - Date of issue

The implementing Instructions shall be issued by the Secretary/Director-General on a proposal by the Committee of Representatives of the Secretaries-General (CRSG) of the Co-ordinated Organisations after consultation of the Committee of Staff Representatives (CRP).

They shall be updated periodically.

Article 53 – Entry into force

1. These Rules shall enter into force on 1st July 1974.

Instruction

53.1 - Date of entry into force of the Implementing Instructions

The implementing Instructions shall enter into force on the date as laid down by the Secretary/Director-General of the Organisation.

c) for the purposes of Article 14.1 any period subsequent to cessation of work shall be treated as a period of half-time work.

X.3

a) The provisions in Instruction X.2 a) i), iii) and vii) above shall not apply to officials recruited to work full-time but subsequently authorised to work half-time for an indefinite duration.

b) *Where the official satisfies the conditions prescribed in Article 7 of the Pension Scheme Rules on the date from which he is authorised to work half-time for an indefinite duration, benefits in accordance with Instruction X.2 above shall not be less than those to which the official or claimants to his rights would have been entitled if he had ceased to work for the Organisation at that date for any reason other than invalidity or death.*

X.4 *Where an official is appointed by the Organisation to work half-time after having worked full-time for one of the Organisations listed in Article 1 of the Pension Scheme Rules, he shall be subject to the provisions of Instruction X.3 above, provided he pays over as appropriate the amounts specified in Article 5.1 or 5.2 of the Pension Scheme Rules, as the case may be.*

APPENDIX 2

ANNEX TO ARTICLE 41 -- ACTUARIAL STUDIES

Periodicity: At least every 5 years

Method

1. Calculation, as at the effective date of the study for all the organisations, of the rate of contribution payable by staff in order to finance one-third of benefits provided under the Scheme, establishing the present value of future entitlements and salaries.
2. Projections of annual amounts of future entitlements will be calculated, on the one hand, for the overall population of staff members at the date of the study and, on the other hand, for the population of staff members who will be recruited by the Co-ordinated Organisations in the years to come. Projections of salaries for these populations will also be established year by year. Each of these amounts will be discounted to present worth.
3. Combining these results will make it possible to determine the rate of contribution needed to finance one-third of benefits provided under the Scheme.

Demographic assumptions

4. The demographic assumptions are derived from detailed demographic studies for each of the Co-ordinated Organisations. These studies examine past experience over a period of fifteen years in tranches of five years so as to identify trends; they also take account of available forecasts regarding future numbers of staff.
5. The rates obtained are adjusted so as to eliminate distortions resulting from insufficient data in certain Organisations.

Economic assumptions

6. The discounting process is based on observed rates of return on long-term bonds issued in the reference countries, as from the date when they become a reference country.
7. A discount rate net of inflation shall be used. It shall be equal to the arithmetical average of average real rates observed over the thirty years preceding the date when the actuarial study is conducted.
8. The average real rate for a given past year is obtained from the real rates in each country, calculated as the difference between the rate of gross return on bonds and the corresponding rate of inflation, as shown by the national consumer price index. The average is obtained by weighting the real rate in each country by the number of serving staff in that country at the effective date of the study.

Salary increase assumptions

9. The salary increase assumptions are derived for each organisation from an analysis of the past experience over a period of 15 years in tranches of five years so as to identify trends. They also take account of available forecasts in that respect.

NEW PENSION SCHEME “NPS”

CHAPTER I

GENERAL PROVISIONS

Article 1 – Scope

1. The pension scheme established by these Rules, hereinafter referred to as the “New Pension Scheme” (NPS), applies to staff members who:

- took up duty after the 1st of January 2002;
- have never contributed to the Pension Scheme of the co-ordinated organisations set up by the adoption of the 94th Report of the CCG by the governing bodies of these Organisations; and
- hold indefinite term or definite or fixed-term appointments in the Organisation.

2. A staff member who, during his last appointment with a co-ordinated organisation, benefited from the provisions of Article 11 of the scheme set up by the adoption of the 94th Report of the CCG and who has not repaid the amounts provided for under that Article, shall be deemed to have relinquished entitlement to benefit from the said scheme and shall irrevocably be affiliated to the NPS.

3. The NPS shall not apply to other categories of personnel defined in the Organisation, such as Experts, Consultants, Temporary Staff, Auxiliary Staff, Employees and personnel hired under local labour legislation, etc.

4. In these Rules, the term “Organisation” refers to the OECD, the term “other Organisation” means any other co-ordinated organisation having adopted the NPS and the term “staff member” means the staff referred to in paragraphs 1 and 2 above.

Article 2 - Deferred entitlement

1. Where the medical examination which every staff member has to undergo as part of the appointment process (and the consequences of which will have duly been expounded to him before his appointment) shows him to be suffering from an illness or disablement, the Organisation may decide that, as regards risks arising from an illness or disablement existing before he took up his duties, the said staff member shall not be entitled to the invalidity or death benefits provided for in these Rules until the expiry of a period not exceeding five years from the date of his appointment. If a staff member leaves an organisation which has adopted the NPS and, within a period of not more than six months, enters the service of another organisation which has also adopted the NPS, the time spent in the service of the first organisation shall be deducted from the period of deferred entitlement.

Instructions

2.1/1 - Medical examination

The Organisation shall inform the staff member in writing of the application of a period of deferred entitlement and of its duration, which may be from one to sixty months. The Medical Consultant of the Organisation shall inform him in writing of the nature of the illness or disablement which justified the application of the deferment period.

2.1/2 - Definition of entitlements during the deferment period

i) If the staff member concerned leaves the Organisation during the deferment period, the leaving allowance shall be paid to him and the years of service completed during the deferment period shall be taken into account.

ii) In the event of either permanent total invalidity or death resulting from a cause which justified the deferment period in course:

a) should such an event occur before the staff member has fulfilled the condition provided for in Article 7, the staff member or the beneficiaries shall be entitled to a lump sum, calculated in accordance with the provisions of Article 11;

b) should such an event occur after the staff member has fulfilled the condition provided for in Article 7

– and if this condition was fulfilled during the deferment period, the staff member or the beneficiaries shall be entitled to a lump sum calculated in accordance with the provisions of Article 11, in respect of the reckonable years of service credited within the meaning of Article 6;

– and if this condition was fulfilled prior to the deferment period, the staff member or the beneficiaries shall be entitled to both a lump sum calculated in accordance with the provisions of Article 11, in respect of the reckonable years of service completed during the deferment period, and the benefits to which they would have been entitled before the staff member's appointment.

Last update: May 2005

iii) In the event of either permanent total invalidity or death resulting from either an accident at work, or an illness or disablement other than that which justified the deferment period, and which occurred after commencement of duties, the staff member or the beneficiaries shall be entitled to the benefits provided by the Pension Scheme for such events.

Article 3 - Definition of salary

1. Unless otherwise specified, for the purposes of these Rules, salary shall be the monthly basic salary of the staff member, according to the scales in force in the Organisation at the time when the pension is assessed, and updated in accordance with the provisions of Article 36.

Article 4 - Definition of service conferring entitlement to benefits

1. Subject to the provisions of Articles 5 and 41, paragraph 1, entitlement to benefit under these Rules shall be determined by the total of the periods actually served in the Organisation or in another Organisation:
 - i) as a staff member;
 - ii) in any other capacity prior to appointment as a staff member, provided any periods so served were not separated by breaks of more than one year.

Last update: January 2005

2. In addition to the total reckonable years of service thus calculated, a staff member may request, on cessation of work, that those corresponding to certain statutory allowances be taken into account, in particular payment in lieu of notice, for loss of employment, and for leave not taken, under the provisions laid down by Instruction (*).
3. Periods of part-time service shall be taken into consideration in calculating entitlement to benefit under these Rules provided they correspond to at least half-time work as defined by the provisions laid down by Instruction.
4. The periods referred to in Article 16, paragraph 3 shall also be taken into consideration.

(*) Unless otherwise specified, the term "provisions laid down by Instruction" refers, throughout these Rules, to the implementation provisions in Article 44.

Instructions

4.1/1 - Service counting for entitlement

Service counting for entitlement shall consist of the following:

- i) any periods of service completed on behalf of a Co-ordinated Organisation by a staff member before the Staff Regulations or the Provident Scheme came into effect; such service must have been completed under an appointment issued by the Organisation or by the provisional Committee or Secretariat from which the Organisation emanated;*
- ii) any periods of service completed as a staff member;*
- iii) any periods of sick leave or temporary incapacity in respect of which benefits have been paid; the staff member concerned shall be required to have paid his personal contribution to the Pension Scheme as calculated on the amounts so received; such periods shall be counted without any reduction;*
- iv) any periods of unpaid leave, if such periods are not taken into account by a new employer for the purposes of a pension scheme; the crediting of periods of unpaid leave equal to or less than two months shall be dependent on payment, for these periods, of the staff member's personal contribution to the Pension Scheme; the crediting of periods of unpaid leave beyond two months and up to a maximum of the four months following, shall be dependent on payment by the staff member, for these periods, of a contribution equal to three times his personal contribution to the Pension Scheme;*
- v) any periods of secondment, should the staff member be reinstated, provided that these periods are not taken into account for the purposes of another pension scheme; the detailed rules for the crediting of such periods shall be laid down in the regulations applicable to staff.*

Last update: November 2008

4.1/2 - Service completed in another capacity before appointment as a permanent staff member

Periods of service referred to in Article 4.1 ii) may be taken into account in accordance with Article 5, paragraph 5, if the following conditions are fulfilled:

- i) such periods must have been prior to the appointment as a staff member.*
- ii) such service must have been completed in the full-time or at least half-time employment^(*) of the Organisation, or of more than one Organisation mentioned in Article 1.*

Such employment must have been remunerated according to periods of time and not by the job or piece, being service performed on the premises and under the control and to the instructions of the Organisation, according to its hours of work.

¹ (*) "Employment" is used in the general sense: this applies in particular to the English text, bearing in mind OECD "employees".

The staff member must have received all his emoluments for the service mentioned in the above sub-paragraph directly from the Organisation.

iii) any such periods completed in the service of the same Organisation, or of more than one Organisation mentioned in Article 1, must not have been broken for more than 12 consecutive months.

iv) in accordance with the provisions of Instruction 6.2, periods so to be taken into account must be of a minimum of thirty days; periods of part-time work, equal to or more than half time, shall be taken into account as a proportion of full time. The periods thus validated must total at least 30 days of full time..

4.2 – Crediting of reckonable years of service corresponding to indemnities

A staff member may request, on cessation of work, the crediting of reckonable years of service corresponding to:

- i) compensatory payments in respect of leave not taken ;*
- ii) compensatory payments in lieu of notice;*
- iii) indemnity for loss of employment.*

Such reckonable years of service shall be credited subject to payment by the staff member of the personal contribution to the pension scheme or Provident Fund in respect of all these amounts and insofar as the periods on which the calculation was based are not taken into account by a new employer for the purposes of a pension scheme of a Co-ordinated Organisation.

Only reckonable years of service corresponding to periods below the statutory age limit may however be taken into account for the calculation of benefits provided for in these Rules.

Last update: November 2008

4.3 - Definition of half-time service

A staff member shall be considered as working half-time, within the meaning of Article 4, paragraph 3, when the number of his working hours, calculated on a monthly basis, is equal to half the number of full-time working hours.

Article 5 - Calculation of service conferring entitlement to benefits¹

1. Where a staff member appointed by the Organisation has previously served with the Organisation or another Organisation², his entitlement to benefits under the terms of Article 4 shall be conditional upon his paying over to the Organisation which re-appoints him the amounts paid to him on leaving his previous service pursuant to Article 11 plus compound interest on such amounts at 4 % per annum from the date when the staff member received them until the date they are paid over in accordance with this paragraph. Should the staff member fail to pay over the amounts in question, reckonable service shall count only as from the new appointment.

2. Where a staff member appointed by the Organisation was previously drawing a retirement pension in respect of service with another Organisation, payment of that pension shall cease.

If the staff member refunds to the Organisation offering him a new appointment the pension payments he has received, the provisions of Article 4 shall apply on cessation of his new appointment.

If he does not make this refund, the years of service for which credit was acquired in the employment that originally entitled him to payment of the discontinued retirement pension shall be taken into account in the calculation of the retirement pension due on cessation of his new employment by reference to the salary for his last grading in such previous employment; moreover, that part of the final pension figure shall be abated by 5 per cent for each whole year during which the staff member drew the initial pension before the pensionable age.

3. Where a staff member ceases his functions at a grade and step lower than that which he had previously held in the Organisation or in another Organisation, his entitlement to benefits under these Rules shall be determined by taking into account the total of his reckonable years of service and the benefits shall be calculated on the basis of the salary for the highest grading held by him. However, a reduction shall be made in the number of years of service to be credited to him in respect of time served at a lower grade and step after having held the grade by reference to which benefits are calculated; this reduction shall be proportionate to the difference between the said gradings.

4. For the implementation of paragraphs 2 and 3 above, salaries shall be taken into account in accordance with the scales in force when the final pension assessment is made.

5. The crediting of the periods referred to in Article 4, paragraph 1 ii) shall be conditional on:

- i) the staff member submitting an application to that effect within six months following his taking up duty as a staff member; the application shall specify the periods of service with which the staff member wishes to be credited;
- ii) the Organisation giving its agreement;
- iii) the staff member paying, for each month of service with which he is to be credited, the contribution provided for in Article 41, calculated on the basis of his first monthly salary as a staff member.

¹ Paragraphs 1 and 2 of this Article shall only apply inasmuch as another Organisation has adopted the NPS.

² Insofar as the Scheme set up by the present Rules is made applicable to staff members of the European Union Institute for Security Studies and Satellite Centre, Agencies of the European Union and previously of the WEU, a Member organisation of Co-ordination from the outset, such staff members shall benefit from the provisions of the present Article and of the other provisions of the Rules referring to Article 1 paragraph 4.

Instructions

5.1/1 - Service completed as a staff member

i) Application for any service referred to in Article 5, paragraph 1 or paragraph 2, to be taken into account must be made not later than twelve months after the new appointment.

ii) Where, pursuant to Article 11, the staff member received a leaving allowance at the end of his previous appointment, then pursuant to Article 5, paragraph 1, no partial crediting of such service shall be allowed; accordingly, the staff member concerned shall be required either to refund such leaving allowance in full or to forgo the right to have the corresponding service credited.

iii) Should the staff member fail to make a full refund immediately, he may be authorised to make such refund, at the latest, as from the expiry of the period referred to in sub-paragraph i) above, by monthly deductions of not less than 20 per cent of the basic monthly salary received at the time of beginning such refunds; compound interest at the rate of 4 per cent per annum shall be applied to the amount outstanding, until the refund has been made in full.

iv) If at the date on which any benefit under the Pension Scheme is payable, such refunds have not been completed, the balance still due shall be repaid in its entirety through deduction from the benefits to be paid, including those payable to persons entitled under the staff member. The Organisation may authorise payment by instalments, in which case compound interest at the rate of 4 per cent per annum shall be applied to the amount outstanding, until the refund has been made in full.

v) In the event of incapacity, death or termination of the service of the staff member concerned, any amount still remaining unpaid shall be set off against the capital sums

due to him or to the persons entitled under him, in accordance with the provisions of Instruction 38.1, and the balance still due shall be deducted in accordance with the provisions of sub-paragraph iv) above.

vi) In the event of the termination of his service without any payment of leaving allowance or pension, the staff member concerned may request time not exceeding twenty-four months in which to make up all or part of any refund then still outstanding, subject to the provisions of sub-paragraph iv).

5.1/2 - Crediting of service completed before appointment as a staff member

i) Application to be credited with service completed before appointment as a staff member must be made within six months after confirmation of the said appointment.

ii) Persons entitled under a deceased staff member may not apply in his place for service to which this Instruction applies to be credited.

iii) Service shall be credited subject to payment of the contribution referred to in Article 41 as calculated on the basis of the first monthly salary as a staff member and multiplied by the number of months of service in respect of which rights are credited, a pro rata deduction being made, where appropriate, for part-time service. First monthly salary here means the salary corresponding to full-time employment in the grade and step of the staff member, whether he be recruited on a full-time or a part-time basis. Such payment may be made by instalments in the form of monthly deductions from emoluments, commencing not later than the end of the relevant period referred to in sub-paragraph i) above and spread over a period not exceeding the duration of the previous service so credited.

Interest at 4 per cent per annum shall be due in respect of any part of the payments which is deferred beyond such period at the request of the staff member.

If, at the date on which any benefit under the NPS is awarded, such payments have not been completed, the balance still due shall be deducted from the benefits to be paid, where necessary by instalments.

iv) On making his application to credit such service as aforesaid, the staff member shall be required to consent to the Organisation's having first claim on any capital sums payable in the event of his death or invalidity or of the termination of his service, to the extent of any amounts then still outstanding in respect of crediting such service.

v) In the event of the termination of his service, the staff member or persons entitled under him may request time not exceeding twelve months in which to make up any amount then still outstanding, subject to the provisions of sub-paragraphs iii) and iv) above.

5.2 - Non-refund of previous pension payments

Example illustrating the application of Article 5, paragraph 2, last sub-paragraph of the NPS:

(i) First pension paid from age 52 to 54: $\left(T' x \frac{40}{100}\right)$ reduced pursuant to Article 8.4 of the Rules
(T' = salary used as basis of calculation)
(20 reckonable years of service at 2%)

(ii) Second period paid from age 54 to age 60: $\left(T'' x \frac{12}{100}\right)$
(T'' = salary used as basis of calculation at age 60)
(6 reckonable years of service at 2%) / leaving allowance

Total Pension

$$(i) + (ii) = \left[\left(T' x \frac{40}{100}\right) x \frac{90}{100}\right] + \left[\left(T'' x \frac{12}{100}\right)\right]$$

i.e. $0.4T' - 0.04 T' + 0.12T''$

(iii) In the final calculation of the total pension, the pension between brackets

$$\left[\left(T' x \frac{40}{100}\right) x \frac{90}{100}\right]$$

has now been reduced pursuant to Article 5, paragraph 2, not Article 8, paragraph 4 of the Rules; the as stated in i)

above is reduced to 90%

$$\left(2x \frac{5}{100}\right) \text{ i.e. } 10\%$$

5.3 - Termination of service at a lower grade

For the implementation of Article 5, paragraph 3 of the Rules, the calculation shall be made as illustrated below:

(i) *On previous termination of service (or at highest point in career before downgrading):
10 years' service, grading on departure, A5/5 = theoretical final salary: 100 = T'
i.e. 10 years' reckonable service.*

(ii) *On final termination of service:*

*10 years served in second period,
grading on departure, A4/5 = theoretical final salary: 75 = T''
the reckonable service in respect of the second period will thus be reduced in the ratio:*

$$\frac{T'}{T''} = \frac{75}{100} \text{ i.e. 7.5 reckonable years.}$$

(iii) *Total: 10 + 7.5 = 17.5 years' reckonable service.*

(iv) *Total pension will be calculated on the basis of:
T' = 100 x 17.5 reckonable years of service.*

Article 6 - Reckonable years of service

1. The benefits provided for under these Rules shall be calculated by reference to reckonable years of service consisting of:

- i) service calculated in accordance with Articles 4 and 5;
- ii) service credited in accordance with Article 12, paragraph 1.

2. Incomplete years of reckonable service shall be taken into account on the basis of one-twelfth of a year for each whole month of service. For benefit calculation purposes the period remaining shall be treated as a whole month if it is equal to or more than 15 days.

However, the period remaining shall not be taken into account for the purpose of calculating the 10 years' service required for entitlement to the retirement pension provided for in Article 7.

3. In the case of part-time work:

- i) reckonable years of service shall be calculated in accordance with the ratio between the working hours corresponding to part-time service and the official number of hours for full-time work in the Organisation;
- ii) however, reckonable years of service shall not be reduced when the staff member authorised to work part-time has contributed to the NPS on the basis of full-time work, by paying, in addition to his personal contribution to the NPS for the part corresponding to his part-time work, a contribution equal to two and a half times the rate of contribution mentioned in Article 41, paragraph 3, on the difference in salary between his part-time work and the corresponding full-time work, under the provisions laid down by Instruction.

Instructions

6.2 - Fractions of a month

Any fraction of less than thirty days remaining after aggregating periods of service shall be treated as a whole month if it is equal to or more than fifteen days and disregarded if it is less than fifteen days.

6.3 – Non reduction of reckonable years of service

A staff member authorised to work part-time may request to contribute to the NPS on the basis of full-time work, provided that these periods are not taken into account by another employer for the purposes of a pension scheme and the amount of the supplementary contribution referred to in Article 6, paragraph 3 ii) is paid in accordance with the provisions of Article 41, paragraph 2. The staff member should make his request not later than the eighth day following the beginning of the period for which he is authorised to work part-time. This request shall be final, unless an exceptional derogation is granted by the Secretary / Director General upon receipt of a duly justified request from the staff member.

Article 6bis -Part-time service - effects on the calculation of entitlement

1. Where at the time of termination of his service an official was working part-time, the salary taken into account in calculating his pension entitlement shall be that payable for full-time work at his grade and step as provided in these Rules.

2. However, when an official terminating his service in the circumstances described in paragraph 1 above had been recruited to serve on a part-time basis, or authorised to work part-time for an indefinite

period or for a fixed-term renewable by tacit agreement and if the provisions of Article 6, paragraph 3 ii) are not applied, the rate of the invalidity pension provided for in Article 14, paragraph 2, and the minimum and maximum amounts that apply, shall be set in accordance with the provisions laid down by Instruction.

Instructions

6 bis.2/1 - Benefit payable to a staff member who has only worked part time

i) For the purposes of calculating the benefit payable under Article 6 bis, paragraph 2, to a staff member who has only worked part time, the following shall be reduced by an amount corresponding to the ratio between the number of hours actually worked and the official number of hours for full-time work:

(a) the maximum rate of retirement pension provided for under Article 10, paragraph 2 and the maximum amount of retirement pension provided for under Article 10, paragraph 3;

(b) the rate of invalidity pension under Article 14, paragraph 2, and the minimum amount of invalidity pension provided for under Article 14, paragraph 4;

(c) the maximum amount of invalidity pension provided for under Article 14, paragraph 4, and the salary referred to in Article 15;

(d) the minimum amounts of survivor's pension provided for under Article 19, paragraph 3;

(e) the minimum amounts of orphan's pension provided for the first beneficiary under Article 24, paragraphs 3 and 4, as well as the increases provided for under Article 24, paragraphs 3 and 4, for orphans in respect of the second and every further beneficiary;

(f) the amount of the dependant's pension provided for under Article 25, paragraph 2;

(g) the ceiling for benefits payable to survivors and orphans as defined in Article 29.

ii) However, when a staff member was recruited by the Organisation for part-time service, after having worked full time for one of the Organisations referred to in Article 1, paragraph 4, he shall be subject to the provisions of Instruction 6bis.2/2 provided he pays over, if appropriate, the sums specified in Article 5, paragraph 1 or Article 5, paragraph 2, as the case may be.

6 bis.2/2 - Benefit payable to a staff member who, at the time of termination of his service, is working part time for an indefinite period or for a fixed period renewable by tacit agreement, having previously worked full time

i) For the purposes of calculating the benefit payable under Article 6bis, paragraph 2 to a staff member authorised to work part time for an indefinite period or for a fixed period renewable by tacit agreement, the following shall be reduced in accordance with the ratio between the number of hours actually worked and the official number of hours for full-time work:

(a) the rate of invalidity pension under Article 14, paragraph 2, and the minimum amount of invalidity pension provided for under Article 14, paragraph 4;

(b) the minimum amounts of survivor's pension provided for under Article 19, paragraph 3;

(c) the minimum amounts of orphan's pension provided for the first beneficiary under Article 24, paragraphs 3 and 4, as well as the increases provided for under Article 24, paragraphs 3 and 4 for the second and every further beneficiary of an orphan's pension;

(d) the amount of the dependant's pension provided for under Article 25, paragraph 2.

ii) However, when a staff member fulfils the conditions laid down in Article 7 at the date from which he is authorised to work part time for an indefinite period or for a fixed period renewable by tacit agreement, the benefit resulting from application of the provisions of sub-paragraph i) above, may not be less than that to which he or his authorised representatives would have been entitled had he ceased working for the Organisation at that date for a reason other than invalidity or death.

5. Where the Organisation terminates the appointment of a staff member, the reduction coefficient applicable to early payment of his pension shall be 3% a year between the age of 60 and the pensionable age. Instruction

8.4 - Method of reducing pension - Early pension

i) Early retirement pension shall be calculated as follows:

- if the pension that would be due with no reduction at pensionable age is lower than the minimum rate prescribed in Article 10, paragraph 3, it shall be brought up to that minimum rate and the reduction provided for in Article 8, paragraphs 4 and 5, shall then be applied to it;

- if the pension that would be due with no reduction at pensionable age is higher than the aforesaid minimum rate, the reduction shall be applied to it even if the result is lower than that minimum.

ii) The reductions provided for in Article 8, paragraphs 4 and 5, shall be applied by reference to whole years, no account being taken of months.

iii) Family allowances shall be paid and calculated in accordance with the provisions of the Instructions of Article 28.

iv) Under the conditions laid down in Article 8 and in this Instruction, an early pension may be requested at any time during the 12 years preceding pensionable age, once the staff member's service has terminated. Such requests must be in writing, and dated.

v) Subject to the provisions of Article 5, paragraph 2, payments shall begin, irrevocably, on the first of the month following the date on which the request was made.

Article 9 - Commencement and cessation of entitlement

1. Entitlement to payment of a retirement pension shall commence on the first day of the month following that in which the person concerned became eligible for payment of the pension.
2. Entitlement shall cease at the end of the month in which the pensioner dies.

Article 10 - Rate of pension

1. The amount of the retirement pension shall be, per reckonable year of service within the meaning of Article 6, 2 % of the salary corresponding to the last grade held by the staff member for not less than one year before cessation of his appointment and the last step held in that grade.
2. The maximum rate of the pension shall be 70 % of this salary, subject to the provisions of paragraph 3 below.
3. The amount of the retirement pension shall not be less than 4 % of the salary for grade C1, step 1, per reckonable year of service credited pursuant to Article 6; it may not, however, exceed the staff member's last salary as defined in Article 3.

Instructions

10.3/1 - Part-time service

The minimum rate of the retirement pension shall be calculated on reckonable years' service, to be taken into account where applicable in fractions corresponding to any part-time service in accordance with Article 6,

paragraph 3 i); this minimum shall therefore be equal to 4% of the salary for grade C1, step 1, per year of service thus credited.

10.3/2 – Termination of service at a lower grade

2. The reckonable years of service credited in accordance with Article 12, paragraph 1 shall not be taken into account for the calculation of the leaving allowance but shall give rise to the payment of an actuarial equivalent calculated in accordance with Article 12, paragraph 2, unless the amounts initially transferred are refunded to the pension scheme concerned.
3. A staff member who is re-appointed by the Organisation after having received a leaving allowance must pay it back if the period during which he was not employed by the Organisation, in whatever capacity, is less than 12 months.

Instructions

SECTION 3: INWARD AND OUTWARD TRANSFER OF PENSION RIGHTS

Article 12 - Inward and outward transfer of pension rights

1. A staff member who enters the service of the Organisation after leaving the service of a government administration or national organisation, or international organisation not referred to in Article 1, paragraph 4, or a firm, may arrange for payment to the Organisation in accordance with the provisions laid down by Instruction, of any amounts corresponding to the retirement pension rights accrued under the pension scheme to which he was previously affiliated in so far as that scheme allows such a transfer.

In such cases, the Organisation shall determine, by reference to the provisions laid down by Instruction, the number of years of reckonable service with which he shall be credited under the present scheme.

2. A staff member who leaves the service of the Organisation to enter the service of a government administration or national organisation, or international organisation, not referred to in Article 1, paragraph 4, which has entered into an agreement (*) with the Organisation, shall be entitled to transfer to the pension fund of that administration or organisation:

- either the actuarial equivalent of his retirement pension rights accrued under these Rules, such equivalent being calculated in accordance with the provisions laid down by Instruction;
- or, in the absence of such rights, the amounts provided under Article 11.

- Belgium (entry into force 01.12.2009).

Instructions

12.1 - Inward transfer of previously accrued rights

i) Previous periods of affiliation to a pension scheme

a) Reckonable years of service shall be credited pursuant to Article 12, paragraph 1, subject to the conditions set out in this Instruction, in respect of a period of affiliation to the last pension scheme prior to appointment in the Organisation. Such affiliation may cover periods served in several administrations, organisations or firms, on condition that all these rights have been taken into account by the pension scheme of the last administration, organisation or firm before appointment in the Organisation.

b) An amount shall be taken into account under this Instruction only if it has been certified by the previous pension scheme as being the amount of the actuarial equivalent of retirement pension rights or a capital payment in respect of rights to a pension or rights under a provident scheme (excluding compensation for dismissal or a leaving gratuity), and it must represent the total amounts paid to the staff member by the previous pension scheme in question. The "total amounts paid" shall be taken to mean the amounts representing the total rights transferable to the Organisation. Staff members shall not be entitled to transfer only part of their accrued rights where that part is not equal to the transferable maximum.

ii) Amounts taken into account

For the purpose of calculating the reckonable years of service credited under Article 12, paragraph 1, the amounts indicated in sub-paragraph i) b) above shall be taken into account, as calculated by the previous pension scheme - as a capital sum, and with interest where applicable - as at the date on which they are paid to the Organisation¹; any conversion into the currency of the salary paid by the Organisation shall be made at the rate of exchange in force on that date.

iii) Calculation of reckonable years of service

The number of reckonable years of service to be credited under Article 12, paragraph 1, shall be calculated on the basis of the table annexed to this Instruction, by dividing the amounts taken into account under sub-paragraph ii) above by the coefficient corresponding to the age of the staff member as at the date of payments of the amounts, and then by dividing the resultant amount by the theoretical value of a reckonable year of service (2% of the annual basic salary), established on the basis of the salary corresponding to the staff member's grade and step as at the date of payment of the amounts.

¹ The accrued rights are invariably rights which are not yet due or the actuarial equivalent thereof.

iv) Maximum number of reckonable years of service

Taking such reckonable years of service into account shall not have the effect of bringing the total pension up to more than the maximum rates prescribed in Article 10.

v) Time limits for application and revocation

Failing any special provisions in a reciprocal transfer agreement entered into by the Organisation, application for the amounts referred to in sub-paragraph ii) above to be taken into account by the Organisation shall be made in writing:

a) either within 6 months from the date of notification of confirmation of appointment after the probationary period;

b) or within twelve months from the date on which the previous pension scheme allowed such transfers.

The application to transfer pension rights may be revoked by the staff member at any time before the payments provided for in sub-paragraph ii) above have been made in accordance with sub-paragraph vi) below.

The application to transfer pension rights shall be null and void if the payments provided for in sub-paragraph ii) above have not been made at the time of the staff member's termination of service.

vi) Time limit for payment

Payment of the amounts referred to in sub-paragraph ii) above shall be made:

- within three months after the expiry of the time limit prescribed in sub-paragraph v) above, if the person concerned has actually received such amounts from his previous employer;

- on receipt of such amounts from the previous employer in other cases.

Payment to the Organisation shall be made in the currency -or its equivalent value at the rate of exchange in force on the date of actual payment to the Organisation -in which the amounts referred to in sub-paragraph ii) above have been or will effectively be paid by the previous pension scheme.

Last update: November 2010

12.2 - Transfer of pension rights to an outside scheme

i) Time limit for application

a) Application for transfer of pension rights under Article 12, paragraph 2 must be made by the staff member to the Organisation in which his service has terminated, within six months after his definitive appointment by the new administration or organisation referred to in Article 12, paragraph 2.

b) If the Organisation is unable to conclude with the new administration or organisation referred to in Article 12, paragraph 2, an agreement for such transfer on terms which it considers satisfactory, it shall confine itself to making immediate payment of the amounts referred to in Article 11, paragraph 1, or to immediate or deferred payment of a retirement pension.

ii) Conditions as to transfer

The amounts referred to in Article 12, paragraph 2 may be transferred only to the pension fund of the administration or organisation referred to in Article 12, paragraph 2, that is to say, to the statutory or contractual pension scheme in force in that administration or organisation.

iii) Calculation of amounts to be transferred

The actuarial equivalent of the retirement pension rights referred to in Article 12, paragraph 2 shall be calculated on the basis of the table annexed to this Instruction, the annual pension acquired in the Organisation - established on the basis of the salary scale in force at the date on which the staff member ceases his functions - being multiplied by the coefficient corresponding to the age of the staff member at that date.

CHAPTER III

INVALIDITY PENSION

Article 13 - Conditions of entitlement - Invalidity board

1. Subject to the provisions of Article 2, an invalidity pension shall be payable to a staff member who is under the age limit laid down in the Staff Regulations and who, at any time during the period in which pension rights are accruing to him, is recognised by the Invalidity Board defined below to be suffering from permanent invalidity which totally prevents him from performing his job or any duties corresponding to his experience and qualifications which may have been proposed to him by the Organisation.

2. The Invalidity Board shall consist of three medical practitioners, the first two being appointed by the Organisation and the staff member, respectively, and the third one selected jointly by the first two. Cases shall be submitted to it by the Organisation either on its own initiative or at the request of the staff member concerned.

Instructions

13/1 - Period of non-activity

i) The invalidity pension shall not be payable if it results from an illness or accident occurring during unpaid leave or a period of non-active status which did not give rise to contributions to the NPS (leave for personal reasons, military service).

ii) On the other hand, it shall be payable if the events mentioned above occur during a period of non-active status which follows a period of sick leave, and during which the staff member is in receipt of an allowance for temporary incapacity; in such event, he shall continue to pay contributions to the NPS in accordance with Instruction 4.1/1 ii). The same shall apply to any periods of unpaid leave provided for under Instruction 4.1/1 iii).

13/2 - Invalidity Board

Tasks of the Invalidity Board

i) Subject to the provisions of Article 2, the tasks of the Invalidity Board are:

a) to ascertain whether a staff member is suffering from invalidity within the meaning of Article 13, paragraph 1.

Article 14 - Rate of pension

1. Subject to the provisions of Article 5, paragraph 3, the invalidity pension shall be equal to the retirement pension to which the staff member would have been entitled at the age limit laid down in the Staff Regulations if he had continued to serve until that age, the requirement for a minimum of ten years' service under Article 7 not being applicable.
2. However, where the invalidity arises from an accident in the course of the performance of his duties, from an occupational disease, from a public-spirited act or from risking his life to save another human being, the invalidity pension shall be 70 per cent of salary. In the event of invalidity resulting from a cause other than these, the invalidity pension provided for in this paragraph may not be less than the invalidity pension which would be payable under paragraph 1 of this Article.
3. The salary used as a basis for the calculation of the invalidity pension referred to in paragraphs 1 and 2 above shall be the salary for the grade and step held by the staff member in accordance with the scales in force at the date laid down in Article 17, paragraph 1.
4. The invalidity pension shall not be less than 120 per cent of the salary for grade C1, step 1, but may not be more than the last salary, such salaries being those which appear in the scales in force at the date laid down in Article 17, paragraph 1, subject to any adjustments provided for under Article 36.
5. In the case of invalidity deliberately brought about by the staff member, the Organisation shall decide whether he should receive an invalidity pension or only a retirement pension or a leaving allowance, depending on his length of effective service.

Instructions

14.1 - Part-time Service

Where a staff member working part time is found to be suffering from invalidity and the provisions of Article 6, paragraph 3 ii) are not applied, the period subsequent to the date on which he is recognised as unfit for service shall, for the purposes of calculating the invalidity pension provided for under Article 14, paragraph 1, be counted as a period of part-time work in the cases referred to in paragraph 2 of Article 6bis.

14.2 - Work accident and occupational disease

For the purposes of Article 14, paragraph 2, reference shall be made to the Rules applicable in the Organisation for the definition of the risks of work accident and occupational disease.

Article 15 - Concurrent earnings

1. Where a person in receipt of an invalidity pension is nevertheless gainfully employed, this pension shall be reduced by the amount by which his pension together with the remuneration he receives for the said employment exceeds the salary for the highest step in the grade he held at the time of his being recognised an invalid.
2. This reduction shall apply only up to the age limit laid down in the Staff Regulations.

Instruction

15.1 - Double entitlement to an invalidity pension and other income

a) By gainful employment under Article 15 is meant any employment outside the Co-ordinated Organisations, as well as employment pursued therein, including as temporary, auxiliary or local official personnel or as an "employee", and also as an expert in receipt of fees.

b) A person in receipt of an invalidity pension shall immediately notify the organisation which pays the pension of any gainful, non-occasional employment; in addition, he shall inform that organisation of the total amount of remuneration he received during the preceding calendar year, the reduction referred to in Article 15 thus being calculated on a monthly basis.

Express mention of this obligation shall be made in the decision notifying the award of an invalidity pension.

Article 16 - Medical examination - termination of pension

1. While a person receiving an invalidity pension is still under the age limit laid down in the Staff Regulations, the Organisation may have him medically examined periodically to ascertain that he still satisfies the conditions for entitlement to such pension, in particular having regard to any new duties corresponding to his experience and qualifications which may have been proposed to him by the Organisation.
2. When a person receiving an invalidity pension who has not reached the said age limit ceases to satisfy the conditions for entitlement to the invalidity pension, the Organisation shall terminate that pension.
3. The time during which the person concerned has received his invalidity pension shall then be reckoned, without payment of back contributions, for the calculation of the leaving allowance or retirement pension, as the case may be.

Instructions

16/1 - Suspension of Invalidity Pension

If the recipient of an invalidity pension fails to submit to medical examination as prescribed by the Organisation, payment of the invalidity pension may be suspended.

16/2 - Medical Examination and new Invalidity Board

The periodical medical examinations required under Article 16 shall normally take place at the place of residence of the person concerned, unless the Organisation requires otherwise or it is impracticable to have the person concerned examined at his place of residence.

Such examinations shall be carried out by a medical practitioner chosen by the Organisation; the latter shall bear the cost thereof, including travelling expenses of the person concerned if exceeding 50 km from his home. Should the medical practitioner chosen by the Organisation report that the staff member no longer satisfies the conditions of entitlement to an invalidity pension, notably having regard to any new duties proposed to him by the Organisation corresponding to his experience and qualifications, an Invalidity Board shall be convened in accordance with the provisions of Article 13 and its implementing Instructions.

16/3 - Cessation of Entitlement to an Invalidity Pension

Where the Invalidity Board, in application of Article 16, paragraph 2, declares that the person concerned who is still under the age limit has ceased to satisfy the conditions of entitlement to an invalidity pension, the payment of that pension shall be terminated; if the person concerned does not resume work in the Organisation, he shall receive either a leaving allowance based on his years of service and years of invalidity where the total is less than 10 years, or a deferred or early retirement pension.

16/4 - Re-entitlement to an Invalidity Pension

Where the person concerned is entitled to a deferred or early pension and subsequently suffers a relapse, while still under the age limit laid down in the Staff Regulations, resulting from the same condition as that which had entitled him to the previous invalidity pension, the Invalidity Board, convened at the staff member's request in accordance with instruction 13/2, shall declare that he once again effectively fulfils the conditions required under Article 13, paragraph 1, insofar as he is not receiving for that same condition an invalidity benefit or pension borne by another scheme.

Article 17 - Commencement and cessation of entitlement

1. Entitlement to an invalidity pension shall commence on the first day of the month following the date of the beginning of the invalidity as recognised by the Invalidity Board.
2. Subject to application of Article 16, paragraph 2:
 - i) the invalidity pension payable under Article 14, paragraph 2 shall be paid for life;
 - ii) in other cases, entitlement to an invalidity pension shall terminate:
 - either at the age limit laid down in the Staff Regulations

- or at the end of the month in which the recipient of such a pension dies.

Where the invalidity pension terminates because the person concerned has reached the age limit laid down in the Staff Regulations, he shall, notwithstanding the ten-year minimum requirement provided for in Article 7, be entitled to a retirement pension calculated as follows:

- reckonable years of service shall be calculated as if he had remained in service until the age limit laid down in the Staff Regulations;
- the reference salary shall be that of his grade and step at the time of his being recognised an invalid, updated in accordance with Article 36.

CHAPTER IV
SURVIVOR'S AND REVERSION PENSIONS

Article 18 - Conditions of entitlement

1. The surviving spouse* of a staff member who died in service shall be entitled to a survivor's pension, provided they had been married to each other for at least one year at the time of the staff member's death, unless the death resulted either from disablement or illness contracted in the performance of his duties, or from an accident.
2. A reversion pension shall be payable to the surviving spouse:
 - i) of a former staff member drawing an invalidity pension, if they were married to each other for at least one year at the time of his being recognised an invalid; this condition of anteriority shall not apply if the marriage had existed for at least five years at the time of his death, or if the death resulted either from disablement or illness contracted in the performance of his duties, or from an accident;
 - ii) of a former staff member drawing a retirement pension, if they had been married to each other for at least one year at the time when the former staff member's appointment ceased; this condition of anteriority shall not apply if the marriage had existed for at least five years at the time of the former staff member's death; or
 - iii) of a former staff member entitled to a deferred pension, if they had been married to each other for at least one year at the time when the former staff member's appointment ceased; this condition of anteriority shall not apply if the marriage had existed for at least five years at the time of his death.
3. The above-prescribed conditions of anteriority or minimum duration of marriage shall not apply where there are one or more children of the marriage or of a marriage of the staff member contracted prior to the cessation of his appointment, inasmuch as the non-remarried surviving spouse is providing for their needs; in such case, the survivor's or reversion pension shall be payable under the derogation provided for in the present paragraph, for so long as the children are actually being so provided for.

When they are no longer being so provided for, the survivor's or reversion pension shall nonetheless continue to be payable for so long as the surviving spouse does not have an income of his own from the exercise of any occupation, or from any retirement pension or other survivor's or reversion pension, equal to at least the amount of the survivor's or reversion pension from the Organisation.
4. Entitlement to a survivor's or reversion pension shall be subject to the provisions of Article 2.

2. Where a staff member has died as the result of an accident in the course of the performance of his duties, from an occupational disease, from a public-spirited act or from risking his life to save another human being, the survivor's pension shall be 60 per cent of the invalidity pension to which the staff member would have been entitled, had he survived, under Article 14, paragraph 2.

3. The survivor's pension shall not be less than 35 per cent of the staff member's last salary; nor shall it be less than 100 % of the salary for Grade C1, step 1.

4. When the former staff member was receiving a pension at the time of his death, the amount of the reversion pension shall correspond to the highest of the following amounts:

These amounts shall be updated in accordance with the provisions of Article 36.

5. When the former staff member was not receiving a pension at the time of his death, the amount of the reversion pension shall correspond to the highest of the following amounts:

- 60 % of the retirement pension to which the former staff member would have been entitled had he reached the pensionable age at the time of his death;
- 35 % of the former staff member's last salary corresponding to his last grade and step, under the scale in force at the time of his death; or
- 100 % of the salary for grade C1, step 1, under the scale in force at the time of the former staff member's death.

6. The amount of the reversion pension shall not exceed that of the pension received by the former staff member or, in cases provided for under paragraphs 4 and 5 above, the amount of the pension to which the former staff member would have been entitled had he reached, respectively, the statutory age limit or the pensionable age at the time of his death.

This entitlement shall not arise if the former spouse remarried before the staff member or former staff member died. If remarriage takes place after the staff member's or former staff member's death and while the conditions laid down in the sub-paragraph above are still fulfilled, the provisions of Article 21 shall apply.

2. Where a staff member or former staff member dies leaving both a spouse entitled to a survivor's or reversion pension and a non-remarried former spouse fulfilling the conditions laid down in paragraph 1 above, the whole of the survivor's or reversion pension shall be divided between the before-mentioned persons in proportion to the duration of their marriages.

The amount to which a non-remarried former spouse is entitled shall however not be more than the amount of the maintenance or compensation payable at the time of the death of the staff member or former staff member.

3. Where one of the persons entitled to a survivor's or reversion pension renounces his share, ceases to satisfy the conditions for entitlement or forfeits his rights under Article 35, or where the amount of his pension has been restricted under the terms of the second sub-paragraph of paragraph 2 above, his share shall accrue to the share of the other person, except where pension rights revert to orphans, as provided under Article 25, paragraph 3, second sub-paragraph. In such a case, the restriction laid down in the second sub-paragraph 2 above shall apply.

4. Reductions in respect of difference in age as provided for in Article 20 shall be applied separately to survivors' and reversion pensions calculated in accordance with the present Article.

belonging to different family groups, the pension shall be apportioned in accordance with the provisions of Instruction 27.1/2.

iv) If the beneficiaries are:

- the spouse, and*

one of whom at least has children and/or dependants, the pension shall be apportioned in accordance with the provisions of Article 22 for survivors’ and reversion pensions, and of Instruction 27.2/1 for orphans’ and/or dependants’ pensions.

v) If the beneficiaries are:

- persons entitled to orphans’ and/or dependants’ pensions belonging to different family groups, the pension shall be apportioned in accordance with the provisions of Instruction 27.2/1.

Last update: December 2012

27.1/1 – Coexistence of beneficiaries, without children or dependants, entitled to a survivor's or reversion pension on the one hand, and of orphans and/or dependants on the other, belonging to different family groups

i) In this case, the total pension referred to in Article 27, paragraph 1 shall be calculated as if all beneficiaries of the deceased staff member or former staff member formed part of a single family group. This total pension shall comprise:

- a survivor's or reversion pension as would be payable to a surviving spouse of the deceased staff member or former staff member in accordance with Article 19 only;

- orphans' pensions calculated as if all orphans of the deceased staff member or former staff member belonged to the family group entitled to the survivor's or reversion pension mentioned above;

- dependants' pensions calculated theoretically as orphans' pensions before application of the provisions of Article 25, paragraph 2.

In accordance with Article 24, paragraph 3 ii), only one minimum orphan's pension (50% of C1/1) shall be taken into account in this calculation.

ii) The total pension shall be apportioned among:

- the surviving spouse or non-remarried former spouse(s) and

- orphans and/or dependants,

in proportion to the amounts which would have been payable directly to each of these family groups considered separately, after application of Articles 20 and 22 for the survivor's or reversion pension, Article 24 for orphans' pensions, and Article 25 for dependants' pensions.

iii) If the amounts so apportioned exceed the pensions to which the beneficiaries would have been entitled if they had been considered separately, including, for dependants' pensions, after application of Article 25, any such excess amounts shall not be payable.

iv) The minimum amounts laid down for survivors' and reversion pensions and for orphans' and/or dependants' pensions shall no longer apply to the shares actually attributed.

27.1/2 – Coexistence of beneficiaries entitled to a survivor's or reversion pension with children and/or dependants on the one hand, and of orphans and/or dependants belonging to another family group on the other.

i) In this case, the total pension, calculated in accordance with Instruction 27.1/1 i), shall be apportioned among:

- the surviving spouse or former spouse(s) and the children and/or dependants thereof and

- the children and/or dependants belonging to another family group,

in proportion to the amounts which would have been payable directly to each of these family groups considered separately, after application of Articles 20 and 22 for the survivor's or reversion pension, Article 24 for orphans' pensions, and Article 25 for dependants' pensions.

ii) Within the group consisting of a surviving spouse or former spouse(s) and orphans and/or dependants, the share going to that group shall be apportioned, for the purpose of calculating the individual entitlement of each member as mentioned above, in proportion to the survivor's or reversion pension on the one hand, and the orphans' and/or dependants' pensions on the other.

iii) If the amounts so apportioned exceed the pensions to which the beneficiaries would have been entitled if they had been considered separately, including after application of Article 25, any such excess amounts shall not be payable.

iv) The minimum amounts laid down for survivors' and reversion pensions and for orphans' and/or dependants' pensions shall no longer apply to the shares actually attributed.

27.2/1 – Coexistence of beneficiaries entitled to orphans' and/or dependants' pensions belonging to different family groups

i) In this case, the total pension referred to in Article 27, paragraph 2 shall be calculated as if all the persons entitled to an orphan's pension and/or dependant's pension formed part of a single family group. Before apportionment, dependants shall be treated in theory as orphans. This total pension shall comprise:

- a single orphan's pension calculated, as the case may be, in accordance with the provisions of Article 24, paragraph 3 i) if there are one or more persons entitled to a survivor's or reversion pension, or of Article 24, paragraph 4 i) where there are no such persons;

- orphans' pensions equal to the dependent child allowance where there are one or more persons entitled to a survivor's or reversion pension, or to double that allowance where there are no such persons.

ii) This total pension shall be apportioned among the different family groups in proportion to the pensions which would have been payable directly to each of these family groups considered separately.

iii) Within each family group, the share going to that group shall be divided equally among the beneficiaries before application of Article 25, where applicable.

iv) The minimum amounts laid down shall no longer apply to the shares actually attributed.

Last update: December 2012

Article 33 - Basis of calculation

1. Pensions provided for under the NPS shall be calculated at the time of their assessment by reference to the salary defined in Article 3 and to the scales applicable to the country of the staff member's or former staff member's last posting.

2. However, if the former staff member settles subsequently:

- i) in a Member country of the Organisation or of another Organisation of which he is a national,
or
- ii) in a Member country of the Organisation or of another Organisation of which his spouse is a national; or
- iii) in a country where he has served the Organisation or another Organisation for at least five years,

he may opt for the scale applicable to the country in question. The option shall apply to only one of the countries referred to in this paragraph, and shall be irrevocable, except where paragraph 3 below is applicable.

3. On the death of his spouse, a former staff member who settles in the country of which he is a national, or of which such deceased spouse was a national, may opt for the scale applicable in that country.

The same option shall be open to the surviving spouse or former spouse of a former staff member and to orphans who have lost both parents.

4. These options, available under paragraphs 2 and 3, shall be irrevocable.

5. If the staff member, spouse, former spouse or orphan opts for the scale of a country referred to in paragraph 2, but there is no scale approved by the Organisation for that country, the scale applicable to the country in which the Organisation responsible for paying his pension has its headquarters shall be applied temporarily until a scale has been adopted for the country chosen.

6. The amount of the pension based on the scale chosen shall be calculated in accordance with Article 36.

7. The provisions of paragraph 2 above do not apply to the benefits under Article 11. However, a staff member who settles in a country of which he is a national may have the leaving allowance provided for in Article 11 calculated in accordance with the scale for that country, provided such a scale was approved by the Organisation at the time of his departure.

Instructions

33/1 - Proof of residence

Within the meaning of Article 33, the settlement of a pensioner refers to his principal and effective residence, with the transfer of the permanent and usual centre of his interests and the will to confer stability to such a residence.

Where, in application of Article 33, benefits under the NPS are to be calculated on the basis of a scale other than that which was in force at the time when the right to the benefits arose, then the amount of such benefits must, for the purpose of their payment as from the exercise of the option concerned, be recalculated on the basis of the said scale, in accordance with the provisions of Article 36, paragraph 5.

33.3 - Option in cases where there are beneficiaries belonging to different family groups

i) Where an option is exercised by a surviving spouse or by children both of whose parents are deceased, and there are other beneficiaries, benefits shall be apportioned in accordance with the provisions of Article 22 or Article 27, as the case may be, and with the Instructions thereto, on the basis of the scale applicable to the country of the staff member's or former staff member's last posting or, in cases to which Article 33, paragraph 2 applies, the scales for which an option has been exercised by the former staff member prior to his decease;

ii) the share of benefit apportioned to each beneficiary of the option shall be expressed as a percentage of the basic salary for the grade and step used in calculating the theoretical survivor's or reversion pension;

iii) the share apportioned to the beneficiary of the option referred to in Article 33,

paragraph 3 shall be equal to the basic salary corresponding to the grade and step referred to in sub-paragraph ii) of the scale applicable in the country chosen, multiplied by the percentage referred to in the same sub-paragraph.

33.5 - Calculation following approval of a new scale

In cases where Article 33, paragraph 5 is applied, benefits are calculated under the new scale as from the date of its entry into force, with no retroactive effect.

Article 34 - Re-assessment – cancellation

1. The benefits provided for under the NPS may be re-assessed at any time in the event of error or omission of any kind. Any undue payments must be reimbursed. They may be deducted from the benefits payable to the person concerned or to the persons entitled under him or from the amounts due to his estate. The reimbursement may be spread over a period.
2. Benefits shall be subject to modification or cancellation if their award was contrary to the provisions of these Rules.

Article 35 - Requirement of evidence - forfeiture of rights

1. Persons who are eligible for benefits under these Rules shall notify the Organisation or the International Service for Remuneration and Pensions of any facts which may affect their entitlement to benefits and to furnish such supporting evidence as may be required of them.

Should they fail to comply with these obligations, they may be deprived of the right to benefits under this Scheme; save in exceptional circumstances, they shall refund any sums received to which they were not entitled.

2. Where the surviving spouse, orphans or other dependants of a deceased staff member or former staff member fail to apply for their pension within twelve months from the date of his death, payment of the benefits under these Rules may, at the discretion of the Organisation, be postponed until the first day of the month following that in which they make their application.

3. Where a staff member's or former staff member's former spouse referred to in Article 22 fails to apply for her pension within twelve months from the date of his death, his rights may, at the discretion of the Organisation, be wholly forfeited.

Instructions

Subject to the provisions of Instruction 30.3, the recipient of any benefit under the Pension Scheme Rules shall be required to fill out and sign the form to verify continuing entitlement which is sent to him every year.

35.1/2 - Refund of amounts incorrectly received

All amounts incorrectly received shall be refunded pursuant to Articles 34 and 35, in the manner prescribed in the Rules and Regulations applicable to staff serving in the Organisation, without prejudice to the special provisions laid down for implementing Article 42 with regard to taxation.

35.1/3 - Obligation on claimants to make themselves known

In the absence of a statement provided for under Instruction 35.1/1, it is the responsibility of persons entitled under a deceased staff member or former staff member to notify their existence to the Organisation which they consider to be liable for the payment to them of benefits under the NPS.

35.1/4 - Notifying beneficiaries

The Organisation shall then inform the beneficiaries concerned of the benefits which they may claim under the Pension Scheme Rules.

SECTION 2: ADJUSTMENT OF PENSIONS

Article 36 - Adjustment of pensions

1. The Organisation shall adjust pensions, every year, in accordance with the revaluation coefficients based on the consumer price index for the country of the scale used to calculate each pension.

It shall also adjust them in the course of the year, for any given country, when prices in that country show an increase of at least 6 %.

2. At regular intervals, the Secretary General shall establish a comparison of the difference between increases in salary and increases in pensions, and may, where appropriate, propose measures to reduce it.

3. Where a person receiving a pension dies, and reversion, orphan's or dependant's pensions are due, the following calculation shall be made:

- pensions shall be calculated with reference to the scale in force at the date of the assessment of the entitlement of the deceased former staff member;
- the amounts thus determined shall be updated, as from that date, by application of the pensions revaluation coefficients for the country in question.

4. Where a person receiving an invalidity pension not awarded under Article 14, paragraph 2 reaches the age limit laid down in the Staff Rules and Regulations, his invalidity pension shall be converted, in accordance with Article 17, paragraph 2, to a retirement pension calculated using the method referred to in paragraph 3 above.

5. Where the person receiving a pension exercises one of the options under Article 33, the following calculation shall be made:

- the pension shall be recalculated with reference to the scale in force at the date of its assessment for the country selected;
- the amount thus determined shall be updated, as from that date, by application of the pensions revaluation coefficients for the country in question.

Instruction

36.1/1 - Notifying beneficiaries

Adjustments to pensions currently being paid shall be notified in writing to the persons entitled to such pensions, either by the Organisation or, as instructed by it, by the International Service for Remuneration and Pensions.

Article 37 - Mode of payment

1. Subject to the provisions of Article 11 and unless otherwise provided under these Rules, pensions, family allowances and provisions for tax adjustments shall be paid monthly in arrears.

3. Benefits shall be paid in the currency used in their calculation in accordance with Article 33.

4. Benefits shall be paid to the recipient by bank transfer to an account in the country whose scale was used for calculating these benefits, or in the country in which he resides.

Article 38 - Sums owed to the organisation

1. Any sum owed by a staff member, former staff member or pensioner to the Organisation which pays the pension at the date when the benefits are payable under these Rules shall be deducted from the amount of these benefits or from the benefits payable to those entitled under him. The deduction may be spread over a period.

Instruction

38.1 - Buying back rights - Credit for past service

Any amounts remaining due on the death, recognition of invalidity or termination of service of a staff member, in respect of pension rights bought back under Article 5, shall constitute a debt owed to the Organisation by the staff member or the persons entitled under him or the estate.

Payment to the Organisation of any amounts thus owing shall be made pursuant to the special condition agreed to by the staff member at the time of his application to buy back or to be credited with pension rights; this condition shall give the Organisation a preferential right to deduct such amounts from the capital sums due at the time of death or recognition of invalidity, or of termination of service, where appropriate, under the conditions provided for in Instructions 5.1/1 and 5.1/2.

Article 39 - Right of subrogation

1. Where a staff member's invalidity or death is attributable to a third party, the award of the benefits provided for in these Rules shall in principle be made subject to the beneficiary assigning to the Organisation his claims against such third party, up to the amount of such benefits.

2. However, the Organisation may waive its right to take action pursuant to such subrogation against the third party concerned where special circumstances justify such a waiver.

CHAPTER X

FINANCING THE PENSION SCHEME

Article 40 - Charge on budgets

1. Benefits paid under this Pension Scheme shall be charged to the budgets of the organisation responsible for the assessment of these benefits pursuant to Article 31.
2. The Member States of the Organisation jointly guarantee the payment of the benefits.
3. In the event of a merger, reconstitution or other transformation or in the event of dissolution of the Organisation, the Council or any ad hoc body set up, where required in one of the aforementioned cases, shall take the necessary measures to ensure uninterrupted payment of the Pension Scheme benefits until the cessation of entitlement of the last beneficiary.
4. Should a country, being a Member or ex-Member of the Organisation, fail to comply with its obligations under this Article, the other countries shall meet the cost thereof in proportion to their contribution to the budget of the Organisation as fixed annually from and after the said country's default

Article 41 - Staff member's contribution - costing the scheme

1. Staff members shall contribute to the NPS.
2. The staff members' contribution shall be calculated as a percentage of their salaries and shall be deducted monthly.
3. The rate of the staff contribution shall be set so as to represent the cost, in the long term, of 40% of the benefits provided under these Rules. The rate shall be 9.3 %. This rate shall be reviewed every five years on the basis of an actuarial study, the procedures for which are appended hereto. The staff contribution rate shall be adjusted, with effect from the fifth anniversary of the preceding adjustment, the rate being rounded to the nearest first decimal.

Last update: January 2010

4. Contributions properly deducted shall not be recoverable. Contributions improperly deducted shall confer no rights to pension benefits; they shall be refunded at the request of the staff member concerned or those entitled under him without interest.

Instructions

41.1/1 - Sickness

The staff members' contribution to the NPS shall be paid during sick leave and during periods of temporary incapacity following such leave if the staff member concerned continues to receive an allowance equal to the whole or part of his emoluments. This contribution shall be calculated in relation to the portion of the allowances corresponding to salary, but reckonable years of service shall be counted at the full rate, subject to the provisions applicable in the event of temporary incapacity during a period of part-time service.

41.1/2 - Leave for personal reasons

A staff member may not contribute to the NPS during periods of leave for personal reasons of more than six months' duration, and during such periods the staff member shall not acquire any pension rights. ANNEX TO ARTICLE 41 -- ACTUARIAL STUDIES

Method

1. Calculation, as at the effective date of the study, for all the Co-ordinated Organisations which have adopted the NPS, of the rate of contribution payable by staff in order to finance 40% of benefits provided under the Scheme, establishing the present value of future entitlements and salaries.
2. Projections of annual amounts of future entitlements will be calculated, on the one hand, for staff affiliated to the NPS at the date of the study and, on the other hand, for the population of staff who will be recruited and affiliated to this scheme in the years to come. Projections of salaries for these populations will also be established year by year. Each of these amounts will be projected over a period of 80 years and discounted to present worth.
3. Combining these results will make it possible to determine the rate of contribution needed to finance 40% of benefits provided under the Scheme.

Demographic and salary-related assumptions

4. The demographic assumptions are derived from detailed demographic studies for each of the Co-ordinated Organisations which have adopted the NPS. These studies examine past experience over a period of 15 years, where the information is available, and also take account of available forecasts regarding future staff numbers.
5. The assumptions relating to salaries are based on detailed observation of the past, over a period of 15 years, where the information is available, and also take account of practices and forecasts available in this field.
6. The rates obtained are adjusted so as to eliminate distortions resulting from insufficient data in certain organisations.

Economic assumptions

7. The discounting process is based on observed rates of return on long-term government bonds issued in the reference countries, as from the date when they become a reference country.
8. A discount rate net of inflation shall be used. It shall be equal to the arithmetical average of average real rates observed over the thirty years preceding the date when the actuarial study is conducted.
9. The average real rate for a given past year is obtained from the real rates in each country, calculated as the difference between the rate of gross return on bonds and the corresponding rate of inflation, as shown by the national consumer price index. The average is obtained by weighting the real rate in each country by the number of serving staff in that country at the effective date of the study.

CHAPTER XI

PROVISIONS RELATING TO THE ADJUSTMENT OF PENSIONS

Article 42 - Pensions which are subject to national tax legislation

1. The recipient of a pension under these Rules shall be entitled to the adjustment applying to the Member Country of the Organisation in which the pension and adjustment relating thereto are chargeable to income tax under the tax legislation in force in that country.

2. The adjustment shall equal 50 per cent of the amount by which the recipient's pension would theoretically need to be increased, were the balance remaining after deduction of the amount of national income tax or taxes on the total to correspond to the amount of the pension calculated in accordance with these Rules.

For such purpose, there shall be drawn up, for each Member country, in accordance with the Implementing Instructions referred to in paragraph 6, tables of equivalence specifying, for each amount of pension, the amount of the adjustment to be added thereto. The said tables shall determine the rights of the recipients.

3. In calculating the theoretical amount of income tax or taxes referred to in paragraph 2 of this Article, account shall be taken only of the provisions of tax legislation and regulations affecting the basis of liability and the amount of income tax or taxes for all pensioner-taxpayers in the country concerned.

4. Pensioners without spouse or dependants shall be deemed to be in the position of a pensioner without entitlement to any tax reliefs or allowances for family responsibilities, all other recipients being deemed to be pensioners enjoying the tax reliefs and allowances of a person who is married without children.

No account shall be taken:

- of individual factors related to the personal circumstances or private means of a particular pensioner,
- of income other than that arising under these Rules,
- of the income of the spouse or dependants of the pensioner.

On the other hand, account shall, in particular, be taken of circumstances arising in the course of the year as a result of:

- a change in civil status or settlement in another place of residence with a different taxation system,
- commencement or cessation of payment of the pension.

5. The Organisation shall supply the Member Countries concerned with the names, forenames and full address of pensioners and the total amount of the pension and adjustment.

6. The recipient of an adjustment as specified in this Article shall be required to inform the Organisation of his full address and of any subsequent change therein.

Such recipient shall produce evidence of his pension and the relative adjustment having been declared or taxed; should he fail to comply with this obligation, he shall be deprived of the right to this

adjustment and shall refund any amounts unduly received in this respect.

7. The other procedures for calculating the adjustment and, in particular, those necessitated by the special features of certain national tax laws, and the procedure for payment of the adjustment shall be laid down in the Implementing Instructions established in accordance with the tax legislation of Member Countries.

Instructions

42/1 - Scope and calculation of the adjustment

1. *Article 42 of the Pension Scheme Rules shall apply only if the pension and the adjustment relating to it are subject to taxes on income levied in a Member Country of the Organisation. The family allowances provided for in Article 28 of the Pension Rules shall be assimilated to pensions in determining the tax adjustment in so far as similar allowances are taxable under the national tax legislation of the Member country.*
2. *The adjustment referred to in Article 42 of the Pension Scheme Rules shall be determined on the basis of the legal provisions relating to taxes on income in force in the Member country in which the pensioner is legally subject to such taxation. It shall be established in respect of pensions paid during the tax period as determined in that country.*
3. *Where the pension of a person entitled to the adjustment is paid in a currency other than that of the country in which such person is subject to taxes on income, the adjustment shall be determined on the basis of the pension converted into the currency of that country. Such conversion shall be effected at the rate obtained on the official exchange market.*
4. *Where the amounts paid during any tax period include arrears of pension relating to any previous period, the adjustment shall be determined or recalculated, as the case may be, with due regard to the tax treatment applicable to such arrears.*

42/2 - Establishment of tables of equivalence for payment of the adjustment

1. *Tables of equivalence for payment of the adjustment shall be established for each tax year by the Inter-Organisations Section, hereinafter referred to as 'the Section'.*
2. *The tax authorities of Member countries shall provide the Section, at its request, with the details of legislation and regulations necessary for establishing the tables. The tables shall be checked and confirmed by the tax authorities of the Member country concerned. In the event of disagreement between such authorities and the Section on the content of the tables, the Secretaries-General and the Co-ordinating Committee shall consider the matter on the basis of Article 42 of the Pension Scheme Rules and of these Implementing Instructions.*
3. *Provisional tables of equivalence shall be drawn up prior to the commencement of the period to which they refer. They shall show, for rounded pension figures and in respect of each Member country, an amount equivalent to 90 per cent of the monthly adjustment calculated according to the distinctions contained in Article 42.3 of the Pension Scheme Rules and on the basis of the tax legislation in force at the time of drawing up the tables.*
4. *The provisional tables shall be revised whenever amendments to tax legislation involve a change in the amount of the adjustment. The Secretaries-General and the Co-ordinating Committee may however decide by mutual agreement to dispense with the up-dating of tables in cases where the balance of gain or loss is minimal.*
5. *As soon as the authorities in Member countries have finally adopted the tax legislation applicable to income for the period covered by the provisional tables, these latter shall be replaced by final tables establishing the rights of recipients in accordance with Article 42.2 of the Pension Scheme Rules. These final tables shall show the amount of the adjustment for the whole of the period which they cover, as well as the monthly amount of the adjustment.*

6. *The provisional and final tables of equivalence shall be accompanied by all such information as is necessary for their use. Such information shall include:*

- the rules to be observed in cases where changes in family status, dependants or permanent address (domicile) of the person entitled to the adjustment may affect the amount of the adjustment which the person concerned may claim;*
- the names and addresses of the tax authorities to which the Organisations supply the information specified in Article 42.4 of the Pension Scheme Rules;*
- the evidence to be supplied by persons entitled to the adjustment as proof of the declaration for tax purposes, or the taxation, of their pension and the adjustment relating thereto;*
- the dates for making such declarations and for paying the tax in those Member countries which have been authorised to avail themselves of the provisions of Instruction 42/3, paragraph 2 below.*

42/3 - Method of payment of the adjustment

1. *The adjustment shall be paid by monthly instalments by way of advance at the same time as the pension and in an amount corresponding to that appearing in the provisional tables of equivalence referred to in Instruction 42/2, paragraph 3 above. The amounts of pension, arrears of pension and adjustment shall be shown separately on the instrument of payment issued to the recipient.*

2. *At the request of a country, the Secretaries-General and the Co-ordinating Committee may, by mutual agreement, decide that by way of exception to paragraph 1, there shall be a time lag in payment of the monthly instalments of the adjustment relating to that country, provided however that payment of the whole of the monthly instalments shall be finalised before the ultimate date for payment of the tax to which they refer.*

3. *As soon as the final tables of equivalence are available, the total amount of the monthly instalments paid in respect of the tax period shall be compared to the final amount of the adjustment due for the whole of that period. Any excess or shortfall shall be rectified but so however that the amount involved shall not be taken into account in determining the adjustment in respect of the following tax year.*

4. *The adjustments shall be paid in the currency of the country in which the recipient is subject to taxes on income.*

42/4 - Information to be supplied to Member countries by the Organisation

1. *The particulars specified in Article 42/4 of the Pension Scheme Rules shall consist of the following:*

a) a personal particulars form giving the name and forenames, full address and, where applicable, the residence for tax purposes (domicile fiscal) of the pensioner, the total amount of pension paid for the period constituting the tax year, the final amount of the adjustment arrived at for such period, and the amount of arrears of pension, identifying the year to which such arrears relate;

b) a master list reproducing for each country, the information contained in the personal particulars form.

2. *The particulars listed in paragraph 1 of this Instruction shall be supplied to the tax authorities of the country in which the persons concerned are subject to taxes on income. A copy of the personal particulars form shall be sent to the pensioner and a copy of the master list shall be sent to the Representative of the country in question to the Organisation.*

3. *The obligations specified in this Instruction shall be complied with at the time of the rectification referred to in Instruction 42/3, paragraph 3 above.*

42/5 - Evidence of payment of tax

The tax authorities referred to in Instruction 42/2, paragraph 6 above shall inform the Section of the evidence by which, in accordance with Article 42, paragraph 5 of the Pension Scheme Rules, recipients of the adjustment may establish that their pension and the relevant adjustment have been declared for tax purposes or have been taxed.

42/6 - Financing the adjustment

1. *The cost of the adjustment provided for in Article 42 of the Pension Scheme Rules shall be borne by the country in which the recipient thereof is subject to taxes on income for the period considered.*

2. *Expenditure arising under paragraph 1 of this Instruction shall be the subject of a separate budget which shall be drawn up at the same time as the other budgets of the Organisation. Final settlement of the contributions to this separate budget shall be made at the end of the period to which it relates.*

42/7 - Date of effect

These Implementing Instructions shall take effect on the date of entry into force of the Pension Scheme Rules.

The Executive Directorate shall keep a comprehensive up-to-date list of all authorised personal data processing operations. This list shall be published and shall be easily accessible.

3. The methods for and possible difficulties in determining the tax base and collecting contributions shall be settled in accordance with the provisions of the Administrative Arrangement.

Article 6

The competent French Authorities and the Secretary-General of the Organisation shall consult with each other on steps to be taken in the event of substantial changes to French Social Security legislation or regulations on the one hand, or to the Organisation's social protection scheme and benefits thereunder on the other.

ANNEX XVI - DECISION OF THE SECRETARY-GENERAL ON MEDIATION

[top](#)

Article 1 – General

The following provisions shall apply to mediation within the Organisation. The aim of mediation is to facilitate the amicable settlement of individual disputes and relational conflicts.

Article 2 – Appointment

The Secretary-General shall appoint two Mediators, on the recommendation of the Executive Director and after consultation with the Staff Association. The following provisions shall apply to the Mediators.

Article 3 – Mandate

- a) The Mediator shall examine requests for intervention submitted to him by either staff members, former staff members or the duly qualified claimants to their rights, or the Head of Human Resource Management, with a view to resolving, insofar as possible and at source if possible:
- i) individual disputes that staff members, former staff members or the duly qualified claimants to their rights may have with the services of the Organisation (except for disputes relating to periodical adjustments of remuneration, allowances and pensions) and;
 - ii) relational conflicts that staff members might have, in the performance of their duties, with their supervisors or other staff members;
- b) The Mediator shall communicate to the Secretary-General, the Executive Director and the Head of Human Resources, each time it is necessary, general comments aimed at facilitating the prevention or settlement of the disputes or conflicts mentioned above;
- c) The Mediators shall submit an annual activity report to the Secretary-General. This report shall not permit the identification of the names of the persons who asked the Mediators to intervene or who took part in the mediation process.

Article 4 – Appointment procedure

No later than one month before the appointment of the Mediators and after consultation with the Staff Association, the Executive Director shall draw up a list containing the names of at least four persons, for submission to the Secretary-General.

Article 5 – Conditions of appointment

- a) The persons referred to in paragraph a) of Article 4 above must have been trained in, or have recognised professional experience of, the amicable settlement of disputes between employers and employees and relational conflicts within a company or a national or international administration. They must speak both official languages of the Organisation.
- b) Anyone who is employed or has been employed by the Organisation may not be appointed as Mediator.

c) Without prejudice to Article 6 below, anyone who has held a mandate as Mediator within the Organisation may not be appointed as Mediator within a period of three years of the end of his mandate or cessation of duties.

Article 6 – Duration and renewal of the term of office

The term of office of the Mediator shall be two years; this term shall be renewable once for a period of three years, after consultation with the Staff Association. However, the term of office of the Mediator may be extended pending the appointment of a successor to an incumbent Mediator.

Article 7 – Status of the Mediator

Apart from those provisions in the present Decision or those laid down by the Secretary-General, the Regulations, Rules and Instructions applicable to temporary staff members shall be applicable to the Mediator. The Mediator shall enjoy the same privileges and immunities as those enjoyed by experts by virtue of additional protocol No 2 to the OECD Convention.

Article 8 – Independence and neutrality

The Mediator shall perform his duties in full independence and in a fully neutral manner. He may neither seek nor receive instructions. He may not be subject to any constraints, nor may he be compelled to bear witness, in procedures carried out either inside or outside the Organisation, with regard to events or documents which have come to his knowledge in the performance of his duties.

Article 9 – Professional secrecy of the mediation process

The Mediator shall maintain the professional secrecy of the events and documents which have come to his knowledge in the performance of his duties. In particular, he may not divulge without the consent of the person who requested his intervention either the identity of that person or the information that person conveyed to him. The only exception to these rules shall be in the event of serious and imminent harm for one or more persons.

Article 10 – Confidentiality of documents

The Mediator shall ensure the confidentiality of the documents he has received and personal notes he has taken in the course of his intervention missions; he shall keep them in a secure location. These documents and notes shall be destroyed by the Mediator upon completion of the mission to which they relate or, at the latest, at the end of his term of office.

Article 11 – Mediators' Secretariat

An official of the Organisation shall be designated to provide the Mediators with secretariat services and to provide the assistance required. Articles 8, 9 and 10 above shall apply *mutatis mutandis* to that official in the performance of his duties, it being understood that he may receive instructions from the Mediators.

Article 12 – Referral

a) Any matters falling within the scope of the Mediator's mandate may be referred to the Mediator at any time.

b) However, the Mediator may no longer be asked to intervene, or if he has been asked to intervene, may take no further action, with regard to:

i) an individual dispute relating to performance evaluation, periodic advancement or the job classification of an official if an application has been made to the Re-evaluation Commission provided for in Regulation 22 until such time as the said Commission has delivered an opinion;

ii) an individual dispute relating to the specialist medical review procedure provided for in the Instructions to Regulation 22;

iii) a relational conflict relating to events subject to an investigation within the meaning of Annex XXV to the Staff Regulations or to a disciplinary procedure within the meaning of Regulation 21 and its related Instructions; the person who has asked the Mediator to intervene, if that person is aware that this investigation or procedure is under way, shall inform the Mediator accordingly.

c) The request for intervention of the Mediator shall not have the effect of suspending or interrupting the time limits for lodging an appeal, as provided for in Regulation 22 and in Annex III to the Staff Regulations. The Mediator shall draw the attention of those requesting his intervention to the present provision, as and when required.

Article 13 – Refusal to intervene or end of intervention

The Mediator may decline any request to intervene he may receive, or may end his intervention at any time. He shall recuse himself in the event of a conflict of interest.

Article 14 – Impediment or recusation

In cases where the Mediator is prevented from intervening or recuses himself, the mediation shall be performed by the other Mediator. Should the other Mediator also find himself in such a situation, the Secretary-General, after consultation with the Staff Association, shall appoint an *ad hoc* Mediator who meets the conditions set out in Article 5 above.

Article 15 – Lack of decision-making or supervisory powers

The Mediator shall have no decision-making or supervisory powers.

Article 16 – Means of action

a) The Mediator shall endeavour to help find a solution to the individual disputes or relational conflicts referred to him, through the use of any means within the Organisation he feels are appropriate: interviews, confrontations, recommendations, etc.

b) In the performance of his duties, the Mediator shall have access to personnel files of all staff members and to all documents he deems useful to consult. If copies of documents taken from these personnel files are handed over to the Mediator, the latter may under no circumstances divulge their contents or send copies to the person who has requested his intervention – nor to any other staff member who has not been authorised, by virtue of his duties, to consult such files. However, the Mediator may inform the person who has requested his intervention of the opinion he formed on reading those documents.

c) The Mediator may organise meetings inside the Organisation.

d) In the event of settlement of a relational conflict referred to him, the Mediator may, subject to the agreement of the staff members concerned, set down this settlement in a confidential document that he may give to them.

e) In the event of settlement of an individual dispute referred to him, the Mediator shall set down this settlement in a document that he shall submit for approval to the Organisation and to the staff member or former staff member or the duly qualified claimants to this latter's rights.

Article 17 – *Informing the Secretary-General*

The Mediators may inform the Secretary-General of the difficulties encountered in the performance of his mandate.

Article 18 – *Participation of staff members in the mediation process*

a) Staff members shall provide the Mediator, at the latter's request, with all documents and information which he deems useful to perform his duties and shall provide all the necessary assistance to allow him to successfully carry out his mission.

b) Any staff member interviewed by the Mediator shall not to divulge the information and documents which have come to his knowledge in the course of the mediation. The only exception to these rules shall be in the event of serious and imminent harm to one or more persons. Any disclosure of information obtained by a staff member during the mediation process shall be subject to disciplinary measures.

c) Any staff member interviewed by the Mediator in the course of the mediation process may neither seek nor receive instructions. He may not be subject to any constraints nor may he be compelled to bear witness, in procedures carried out either inside or outside the Organisation, with regard to events or documents which have come to his knowledge in the course of the mediation process.

Article 19 – *Informing the person who requested the Mediator's intervention*

In the course of or, at the latest, at the end of each mission which followed a request for intervention, the Mediator shall inform the person asking for his intervention of the outcome of the steps he has taken. He may not disclose any further information without the express permission of the person from whom he received this information.

ANNEX XVIII - SPECIAL LEAVE

[In accordance with the decision of the Council of 6 March 2001, the provisions marked by an asterisk shall be prolonged until 27 February 2002. Should these rules later be changed, none of the provisions ceasing to be applicable shall give rise to acquired rights.]

Last update: March 2001

Scope of application and general provisions

1. Upon notification of the intention of the Secretary-General to terminate their appointment pursuant to Staff Regulation 11 a) iii), the following officials may be placed by the Secretary-General, at their request, on special leave:
 - a. officials with indefinite term appointments;
 - b. officials with fixed-term appointments who have served no less than ten consecutive years with one or more of the co-ordinated organisations specified in Staff Rule 17/7.1.
1. bis
 - a. When an official asks that the Secretary-General place him on special leave, the competent advisory body under Staff Regulation 6 shall be consulted if the official so requests in writing as part of his petition to be placed on special leave. The decision of the Secretary-General to place the official on special leave may not be taken until after this body has expressed its opinion.
 - b. The competent advisory body shall be consulted after expiry of the three-month period referred to in Instruction 111/1.7, or earlier if the official has chosen not to be redeployed in the Organisation. The official must be heard by this body, if he has so requested, within eight days of receiving the letter informing him of the date on which his case is to be submitted to it for consideration. Should he be physically unable to attend, the advisory body shall take its decision in the absence of the official, who may designate another serving official to represent him.
2. Special leave shall take effect on the date fixed by the Secretary-General and shall not exceed 5 years.
3. Officials on special leave shall not be entitled to any leave, allowance benefit, indemnity or payment on account of the period of special leave other than those specifically provided for in this Annex.
4. Officials on special leave shall receive in equal monthly instalments the amount of the indemnity to which they would have been entitled on account of loss of employment. Such amount shall be calculated on the basis of the scale of salaries applicable in the country in which the official was serving prior to the beginning of the special leave.
5. Accrued annual leave and the indemnity instead of notice owing to the official at the time of beginning special leave may be added to the amount of the indemnity mentioned in the previous paragraph and paid in the same way.

6. At the date special leave begins, officials may credit for the Pension Scheme the periods corresponding to the amount calculated in accordance with paragraphs 4 and 5 above, within the limits set by instruction 4.1/1 ii) and v) of the Pension Scheme. Their personal contribution is deducted from the amount on which the monthly instalments are based. Officials affiliated to the Provident Fund may credit such periods to their individual account in the same conditions and within the same limits.
7. The instalments shall be adjusted at the beginning of each financial year by applying to them the average interest rate obtained by the Organisation on its short-term investments during the previous year.
8. Unless otherwise stipulated, officials on special leave remain subject to the rights and obligations of officials of the Organisation.

Last update: April 2000

Social protection

9. Officials on special leave shall not benefit, on account of such leave, from the provisions of Staff Regulations 17 a) and b) concerning medical and social cover and affiliation to the Pension Scheme and the Provident Fund. However, at their request, they shall be entitled to cover for health care expenses by the medical and social system of the Organisation, provided that they pay a contribution determined by the Secretary-General under Staff Rule 17/1.15. Such request shall be made no later than the month that follows the beginning of the special leave. Officials on special leave affiliated to the French Social Security scheme shall remain affiliated to this scheme, provided that they pay the applicable contribution, and shall continue to be entitled to complementary health care benefits.

Instructions

9/1

Officials on special leave affiliated to the medical and social system of the Organisation in respect of cover for health care expenses shall pay a monthly contribution expressed as a percentage of the highest of the two following amounts:

a) the monthly instalment paid to the official on account of special leave; or

b) the pension which would be due to a former official of the same grade and step, and who leaves the Organisation at the age of 60 after 20 years' service.

9/2

For the application of Instruction 117/1.2.1 a) iv) concerning voluntary affiliation to the medical and social system of the Organisation in respect of cover for health care expenses, former officials whose appointments ended following the expiry of special leave shall be assimilated to former officials whose appointments were terminated under Staff Regulation 11 a) iii).

10. Officials on special leave may apply for financial assistance in case of financial distress arising out of an accident, serious or prolonged illness or family difficulties as provided for under Staff Rule 17.4/3.

Travel and Removal Expenses

11. At any time after the beginning of special leave, officials on special leave may claim reimbursement of their travel and removal expenses for return to the place of their residence at the time of taking up duty, in accordance with the conditions applicable to the reimbursement of travel and removal expenses incurred on leaving the service of the Organisation.
12. If an official on special leave is transferred to a post in the Organisation, the Secretary-General may grant him such financial assistance as he deems appropriate in respect of the official's cost of returning to his duty station if by virtue of the immigration or labour law in the country of the official's duty station prior to special leave, he could not obtain remunerated employment in that country. Such financial assistance may not exceed the travel and removal expenses that may be reimbursed to officials taking up duty.

End of appointment and of special leave

13. Except in cases of transfer to a post in the Organisation, the appointment of an official on special leave shall expire at the end of that leave.
14. The period of special leave shall expire:
 - a. on the date agreed upon at the beginning of special leave;
 - b. on the date the official resigns, claims his retirement benefits, reaches the age limit or on the death of the official;
 - c. on the date the official takes up employment in the Organisation or with another employer or exercises a remunerated professional activity; or
 - d. on the date of termination of the appointment of the official for disciplinary reasons.
15. Officials on special leave may resign by giving written notice of no less than 30 days to the Secretary-General.
16. Subject to paragraph 17 below, an official on special leave or, in case of death, the duly qualified claimants to his rights, shall receive at the end of special leave a lump sum representing the difference between the sums to which he would have been entitled under Staff Regulation 11 a) iii), adjusted in accordance with paragraph 7 above, and those that have been paid to him during special leave.
17. When special leave ends as a result of a transfer to a post in the Organisation, the lump sum referred to above and the total sums paid during special leave, shall not amount to more than the emoluments the official concerned would have earned at his last grade and step during the period of his special leave. If, at the time of transfer, the sums already paid on account of special leave exceed the emoluments the official concerned would have earned at his last grade and step during special leave, he shall reimburse the Organisation for the excess amount.

ANNEX XIX - RENT ALLOWANCE

[top](#)

The provisions of the present Annex shall apply to officials in receipt of a rent allowance at 1 January 2001 for as long as they rent the dwelling place for which entitlement to the allowance was established.

1. Officials of grade A1, A2, LI1-LT1 or LT2, or of category B or C, who are not the owners, or whose spouse is not the owner, in the Paris area, of a dwelling place which the Secretary-General considers to be suitable for their requirements, having regard to their functions and family status, and who rent a dwelling place considered suitable for their requirements, may receive a rent allowance. The rent allowance may not be granted to married officials who do not receive the household allowance.

1/1

An official, who fulfils the conditions laid down in this Annex and who is the owner of a dwelling place in the Paris area which he does not occupy, may only be granted the rent allowance after deduction of the rent which he receives or should normally receive according to the market price for the dwelling place of which he is the owner.

2. The rent allowance is paid only if the rent exceeds a fraction of the emoluments which varies according to the official's grade as follows:

4. In this Annex, emoluments shall be the salary as defined in Rule 15/1, increased, where appropriate, by household, expatriation and language allowances, less compulsory contributions made to French Social Security or to the Medical and Social System of the Organisation, Pension Scheme or Provident Fund, and for death or total permanent invalidity benefits.

5. The rent allowance of an official shall be a percentage of the difference between his rent and the fraction of his emoluments as specified in this Annex. This percentage shall vary, according to his family status, as follows:

- officials who do not receive the household allowance and officials who receive the household allowance with no dependant: 50 per cent;
- officials with one dependant: 55 per cent;
- officials with two or more dependants: 60 per cent.

6. The rent allowance may not, in any case, exceed:

ANNEX XX - DECISION OF THE SECRETARY-GENERAL CONCERNING THE POLICY TO PREVENT AND COMBAT HARASSMENT

PREVENTING AND DEALING WITH HARASSMENT AT THE OECD

[top](#)

POLICY AND GUIDELINES

1. All OECD staff members have the right to be treated with dignity and respect and to work in an environment which fosters professional respect and courtesy. Harassment of any kind at work, or in connection with work performed on behalf of the Organisation, will not be tolerated and may give rise to disciplinary action.
2. All staff, regardless of their grade and contract status, share the responsibility for preventing harassment and maintaining a harmonious working environment. This implies that, in accordance with the standards of conduct expected in the relevant provisions of the Organisation's staff rules, they shall treat each other with respect and due regard for individual dignity so as to ensure that the workplace is free of intimidation, hostility or offensive behaviour and, in particular, of any form of harassment. In an international environment like the OECD we must all be aware of the fact that our own cultural norms and values may not be shared by colleagues and be sensitive to misunderstandings or differences of opinion based on those differences of culture. But these differences cannot be used as an excuse for harassing behaviour.
3. Managers at all levels have a key role and bear special responsibility for preventing the occurrence of any form of harassment. They should foster a positive working environment and, in their leadership, display a willingness and ability to deal effectively with harassment when it does occur, in particular by being responsive to and supportive of any staff member who complains about such conduct. They must set a good personal example and pay attention to signs of a deteriorating work atmosphere. They shall ensure that the Organisation's policy and guidelines on harassment are communicated to and understood by all their staff, and that they are applied in the workplace.
4. Any retaliation or threat of retaliation against individuals making formal or informal complaints of harassment, or participating in the investigation of such complaints (for example, as witnesses), will be considered a violation of acceptable standards of conduct and will result in disciplinary action. At the same time, any accusation or complaint shown to be made in bad faith will also be considered a violation of acceptable standards of conduct and will be treated in the same manner.
5. This policy will regularly be reviewed in order to ensure its effectiveness.

Personal harassment

6. Personal harassment is any repeated behaviour or pattern of behaviour that is reasonably regarded as aimed at creating a hostile work environment. It may be perpetrated by an individual or by a group. It includes behaviour which, in violation of the right to dignity at work, demeans, belittles or causes humiliation or embarrassment to an individual, or unfairly compromises the individual's career prospects.

While an isolated incident of such behaviour may infringe the right to dignity at work, personal harassment takes the form of an accumulation of incidents, even when each incident, taken in isolation and out of context, could be seen as trivial.

7. Even though there may be "grey" situations, personal harassment should be distinguished from other types of behaviour that may be detrimental to another individual's working conditions, but that are manifestly unintentional, or are attributable solely to poor management skills. For example, the behaviour of a manager or colleagues who fail to keep staff informed of important business developments as a result of poor organisation would not, *prima facie*, be considered personal harassment. On the other hand, the behaviour of a manager or colleagues who sabotage an individual employee's work by deliberately withholding information that is required to fulfil a task, and who do so repeatedly, would, *prima facie*, present the characteristics of personal harassment.

Sexual harassment

8. Sexual harassment is any sexual advance, request for sexual favour, or other type of conduct of a sexual nature, whether verbal, physical or otherwise, which is offensive and unwelcome, which interferes with work, is made a condition of employment or advancement, in other ways adversely influences, or tries to influence, the career of the person subjected to it, or which creates an intimidating, hostile or offensive environment.

Harassment and abuse of power

9. When harassment is engaged in by an official or group who is in a position to influence the career or employment conditions of the victim (including through recruitment, assignment, contract renewal, performance evaluation or promotion), it constitutes an abuse of a position of power which in itself will be regarded as serious misconduct.

How to respond in case of possible harassment

10. The Organisation encourages employees who may feel they are being harassed to follow the steps listed below:

- Do not be afraid to speak up.
- Do not assume that the behaviour will stop if you try to ignore it.
- Do not hesitate to ask for help, as harassment is neither trivial nor a personal matter between staff members.

11. If you witness what may be the harassment of a colleague or if someone confides in you that he/she is being harassed, do not ignore it and do not hesitate to offer your help. Some people may be reluctant to defend themselves because they are not aware of the OECD policy and guidelines on harassment. Others, even if they are aware of them, may require support from a third party before being able to react.

Practical steps

12. The first thing to do if you believe that you are being harassed is to inform the person concerned immediately and unambiguously of the unwelcome nature of his or her behaviour and ask that it cease. If you find it difficult to speak with the person concerned directly, you may prefer to write a short letter which describes the behaviour -- and records the fact that you find it unacceptable and wish it to stop. Some people may be unaware of the effect of their behaviour and will stop it when asked.

13. Keep a detailed written record of the instances of offensive conduct, indicating the time, place, and nature of the behaviour and, if possible, witnesses to it.

Informal procedure

14. If dealing directly with the person concerned fails to put a stop to such behaviour -- or if you feel unable, for whatever reason, to raise the matter directly with him or her or your management -- you can consult one or more of the following persons on a confidential basis. They will meet with you privately, discuss the situation with you and make suggestions as to how to deal with it. They will explain the difference between an "Informal procedure" and an "Investigation". These people may also be available to provide mediation and resolution of the situation on an informal basis with the agreement of the different involved parties. Any informal procedure must be conducted promptly.

- the Social Advisers;
- the Organisation's doctors;
- the Human Resource Advisers;
- the OECD Mediators;
- the Staff Association.

15. If the matter cannot be resolved informally or sufficiently quickly, any of the people above can forward the matter to the Head of Human Resource Management, but only upon receipt of a written request from you outlining your complaint. The request should state your readiness to co-operate in the investigation which may follow.

Investigation

16. The Head of Human Resource Management will examine the information that is submitted and if appropriate will initiate an investigation under the conditions set out in the Decision of the Secretary-General concerning the investigation procedure within the Organisation (Annex XXV to the Staff Regulations applicable to officials of the Organisation).

17. In the light of this information and, if applicable, of the conclusions of the investigation, the Head of Human Resource Management will take appropriate measures, ranging from closing the case with no further action to initiating disciplinary measures, as provided for in Regulation 21 of the Staff Regulations and the Instructions relating thereto.

Remuneration during the period of voluntary early retirement

6. Officials placed on voluntary early retirement status shall receive a monthly allowance equivalent to the amount of the retirement pension to which they would have been entitled at age 60 if they had continued working until that age. This allowance shall be adjusted at the same date and rate as the salaries of serving staff.

7. Officials placed on voluntary early retirement status shall be eligible for the provisions on the household allowance, child's allowance, dependant's allowance and benefits for a handicapped child.

8. Officials must have exhausted their accrued entitlement to annual leave before their voluntary early retirement status takes effect.

9. Officials placed on voluntary early retirement status shall be entitled, during their period of voluntary early retirement, to cover for health care expenses under the Organisation's medical and social system and to death and invalidity protection, subject to payment of a contribution set by the Secretary-General in accordance with Rule 17/1.15 of the Staff Rules. Officials placed on voluntary early retirement status who are affiliated to the French Social Security scheme shall continue to be affiliated to this scheme, subject to payment of the applicable contribution, and to be eligible for supplementary health care benefits.

9/1 Officials placed on voluntary early retirement status affiliated to the Organisation's medical and social system for cover of health care expenses shall pay a monthly contribution expressed as a percentage of the monthly allowance paid to the official under voluntary early retirement status. The percentage applicable shall be the same as that set for serving staff.

9/2 Officials placed on voluntary early retirement status affiliated to the Organisation's medical and social system for death and invalidity insurance shall pay a monthly contribution expressed as a percentage of the following:

- the salary corresponding to the official's last grade and step before being placed on voluntary early retirement status, adjusted in accordance with Regulation 19 of the Staff Regulations, and
- the household, child's and dependant's allowances paid to the official during the period of voluntary early retirement.

The percentage applicable shall be the same as that set for serving staff.

9/3 For application of Instruction 117/1.2.1 a) iv) concerning the voluntary affiliation to the Organisation's medical and social system in respect of cover for health care expenses, former officials whose appointment has terminated at the expiry of a period of voluntary early retirement shall be assimilated to former officials whose appointment has terminated under one of the conditions provided for under Regulation 11 a) iii) of the Staff Regulations.

9/4 For application of Rules 17/1.10 to 17/1.14 concerning protection in the event of death or invalidity, officials placed on voluntary early retirement status shall still be considered to be assigned to the functions to which they were assigned immediately prior to the beginning of their voluntary early retirement.

Maintenance of affiliation to the Organisation's pension scheme or provident fund

10. During the period of voluntary early retirement, officials shall continue to be affiliated, as serving officials, to the pension scheme or provident fund, subject to payment of a contribution expressed as a percentage of the official's salary at his last grade and step periodically adjusted in accordance with Regulation 19 of the Staff Regulations. The percentage applicable shall be the same as that set for serving staff.

10/1 For application of Article 13 of the Pension Scheme Rules on the invalidity pension, officials placed on voluntary early retirement status are still considered to hold the post to which they were assigned immediately prior to the beginning of their voluntary early retirement.

- on the date on which the official resigns, takes up his retirement pension or dies; or
- on the date of termination of the official's appointment on disciplinary grounds.

ANNEX XXII - DECISION OF THE SECRETARY-GENERAL ON THE INTELLECTUAL PROPERTY RIGHTS

[top](#)

Further changes to the Staff Regulations, Rules and Instructions were published on 14 October 2002 (Basic principles, rights and duties, discipline and civil liability, policy to prevent and combat harassment). As part of this modification of the Staff Manual, it has been decided to move the rules relating to the intellectual property rights on any work produced by an official in the performance of his duties and incorporate them, unchanged, in the provisions concerning the terms of appointment, which are themselves currently the subject of a comprehensive review by the Executive Committee.

Consequently, pending a final decision by the Council and in order to avoid any regulatory vacuum on this point in the meantime, the Secretary-General has decided that the current rules on intellectual property within the Organisation should continue to apply, namely:

1. All rights, including copyright and patent rights, in any work produced by an official as part of his official duties are vested in or assigned to the Organisation, unless such rights are waived by the Secretary-General in favour of the official concerned.
2. Requests for authorisation to publish or make use of any work, as specified in paragraph 1, above, should be made to the Secretary-General by the official concerned through his supervisor. The latter shall inform the Head of Human Resources Management.

Should you have any questions about these rules relating to intellectual property rights, please contact Human Resource Management.

ANNEX XXIV - TELEWORKING

[top](#)

General principles

1. The Organisation's policy on teleworking seeks to foster a better work/life balance, but without affecting the level of performance of officials.
2. Teleworking is a method of performing duties outside the premises of the Organisation, with the help of information and communication technologies. Performing duties whilst on mission is not considered to be teleworking.
3. The Organisation may authorise the following forms of teleworking:
 - i. *occasional* teleworking, for a period of five working days or less per twelve-month period, performed in the principal residence of the official in the duty country;
 - ii. *regular* teleworking, for a period, which shall be fractionable and renewable, of up to twelve months, performed at the principal residence of the official in the duty country;
 - iii. teleworking *abroad*, which shall be fixed for a fractionable period of two months per calendar year and performed outside the duty country, provided it is on the territory of a Member country of the Organisation and not split into fractions over numerous weeks.

Provisions applicable

4. The Regulations, Rules and Instructions applicable to officials of the Organisation (hereinafter referred to as the Staff Regulations) shall remain applicable in their entirety to officials authorised to telework. The following provisions shall in addition apply to teleworking.

Conditions of authorisation to telework

5. An official wishing to telework shall make an appropriate request to his or her supervisor, specifying the form and duration of telework desired as well as the place in which it would be performed.
6. When examining any request to telework, account shall be taken of the compatibility of teleworking with:
 - i. the nature of the official's duties, the performance of those duties and the achievement of the official's assigned annual objectives;
 - ii. organisational and efficiency-related requirements of the service concerned.
7. Authorisation for *occasional* teleworking shall be granted by the official's supervisor. It shall be formalised by the supervisor's written agreement at the prior request of the official. This agreement shall be given for a fractionable period.

8. Authorisation for **regular** teleworking or teleworking **abroad** shall be given by the Head of Human Resource Management, on the recommendation of the supervisor, in agreement with the relevant Director or Head of Service. It shall be formalised by the signature of an agreement with the official concerned. This agreement shall stipulate:
 - the official's teleworking location;
 - the days worked on the premises of the Organisation;
 - the teleworking hours;
 - where appropriate, the equipment made available to the official by the Organisation ;
 - the date the agreement takes effect and the date on which it terminates.
9. A **regular** teleworking agreement shall be concluded for a fractionable period of up to twelve months. On expiry, it may be renewed by the Head of Human Resource Management, at the official's request and upon the recommendation of the official's supervisor, in agreement with the relevant Director or Head of Service. When considering this request, the Head of Human Resource Management shall verify that the conditions referred to in paragraph 6, above, continue to be met and that the official's performance is not unsatisfactory or has not been affected as a result of teleworking.
10. An agreement to telework **abroad** shall be concluded for a fractionable period of two months per calendar year. It shall be governed by the principles laid down in the teleworking policy applicable to officials of the Organisation.
11. A teleworking agreement may be terminated at any time:
 - i. by the Head of Human Resource Management, if:
 - the conditions referred to in paragraph 6, above, are no longer met, in particular in the event of a change in the official's assignment or duties;
 - the official's performance is unsatisfactory or affected as a result of teleworking;
 - ii. by the official concerned, due to imperative and exceptional circumstances acknowledged as such by the Head of Human Resource Management.

Teleworking location

12. ***Occasional and regular*** teleworking shall be performed at the official's home, defined as the main residence notified to the Organisation, located in metropolitan France for officials serving at the headquarters of the Organisation, or in the duty country for other officials.
13. Teleworking ***abroad*** shall be performed outside the duty country, at the place of residence of the official located in the territory of a Member country of the Organisation and notified by the official to the Organisation for the purposes of teleworking there.

Days worked on the Organisation's premises

14. In the case of **regular** teleworking, officials must work at least five days a month on the Organisation's premises.

Working week and hours of work

15. The working week and hours of work of an official authorised to telework shall be laid down in accordance with Regulation 20 a) of the Staff Regulations, in particular Instruction 120/1.1, endeavouring to minimise, as far as possible, the effects of any time difference between the place in which the teleworking is being performed and the official's duty country. The official must be reachable during the designated teleworking hours.
16. Except with regard to days worked on the Organisation's premises, barring exceptional circumstances and justified in particular by significant and repeated instances of working overtime, additional or complementary hours worked by officials authorised to telework shall give rise to neither compensatory leave nor compensatory payment.

Statutory travel and missions

17. In the event of statutory travel or missions as provided for in Rule 17/3.1 *et seq.* of the Staff Regulations, officials authorised to telework may, with the agreement of the Head of Human Resource Management for any statutory travel, or the official's supervisor for any mission, be authorised to start their journey from the place in which they telework. In such cases, the expenses incurred shall be paid or reimbursed from the teleworking location only inasmuch as they do not exceed the reimbursement that would have been applicable had the journey started from the headquarters of the Organisation.
18. No other travel between the teleworking location and the premises of the Organisation shall be reimbursed by the Organisation.

Salary

19. During the period of teleworking ***abroad***, the salary scale applicable shall remain that of the duty country, and monthly emoluments shall continue to be paid in that country. Subject to the provisions of Regulation 18 of the Staff Regulations, the cost of transferring emoluments to the teleworking location abroad shall be borne exclusively by the official.

Expatriation allowance

20. During the period of teleworking ***abroad***, an official's entitlement to the expatriation allowance and other related allowances shall continue to be determined with reference to the official's duty country.

Medical insurance

21. During the period of teleworking ***abroad***, for officials affiliated to the Organisation's medical and social system and for purposes of the payment of health costs by that system, the country of residence referred to in Article 3 a) of Annex XIV of the Staff Regulations shall remain the duty country and not the country of the teleworking location.

Work accident

22. Within the context of teleworking, shall qualify as a work accident an accident occurring at the teleworking location and during teleworking hours, and in respect of which the official provides proof that the accident occurred as a result of or in connection with his or her duties.

Material organisation and responsibilities

23. A specific space inside the teleworking location must be dedicated to the performance of the official's duties. The designated space shall meet the criteria specified by the Organisation, in particular those concerning safety and ergonomics. These criteria shall be set out in a technical descriptive document available on the Organisation's Intranet site¹. The Organisation may conduct inspections to check compliance, including those provided for in Annex IV of the Staff Regulations concerning the terms of reference of the Health, Safety and Working Conditions Sub-Committee (HSWCSC). This space must be insured by the official, in relation to a professional activity at home, against theft, fire and water damage.
24. All computer equipment supplied for teleworking purposes is and shall remain the property of the Organisation.
25. In the case of *regular* teleworking and teleworking *abroad*, the Organisation may, if necessary, bear the cost of installing computer equipment and a dedicated telephone line. The Organisation shall not reimburse any use of peripherals belonging to the official, including costs relating to the use of the official's own Internet access supplier.
26. The official shall ensure that in no event shall the Organisation's equipment made available to him or her be used for purposes other than OECD business. In addition, the official shall take all steps necessary to guarantee the security of access to professional data and the confidentiality of information exchanged between him or her and the Organisation.

ANNEX XXV – DECISION OF THE SECRETARY-GENERAL CONCERNING THE INVESTIGATION PROCEDURE WITHIN THE ORGANISATION

[top](#)

Opening of an investigation and scope of application

1. The Head of Human Resource Management may decide to open an investigation when information is brought to his attention regarding conduct that might, if it were confirmed, constitute a breach of the internal rules of the Organisation. Save in exceptional circumstances, the decision to open an investigation shall be taken within 30 days of the date when any such information is received.
2. The purpose of the investigation is to establish the factual basis of the allegations. It is distinct from the disciplinary procedure although once it has been completed it may enable the Organisation to determine whether or not there are grounds for initiating disciplinary action.
3. The Head of Human Resource Management shall act on the basis of information reported by persons identified by name. However, anonymous reports may be allowed on an exceptional basis when sufficiently convincing evidence corroborates the allegations made or when the allegations concern a risk of physical harm to an individual or a financial risk to the Organisation or possible serious prejudice to the image or interests of the Organisation. The decision to open an investigation on the basis of an anonymous report shall be taken by the Executive Director, after the Head of Human Resource Management has submitted the matter to him together with the available evidence.
4. This Decision shall not cover the following situations:
 - administrative verifications, particularly those carried out in connection with the appointment and the determination of the various statutory entitlements and allowances;
 - situations in which the conduct that might constitute a breach of the internal rules of the Organisation has already been established and for which disciplinary action can therefore be initiated immediately.
5. Furthermore, this Decision shall not restrict the respective prerogatives of:
 - the internal and external auditors of the Organisation in the performance of their duties.
 - the Secretary-General, if he considers that it is necessary to involve the national police and judicial authorities.

General provisions

6. The investigation shall be confidential. Any disclosure of information obtained during the investigation shall be liable to disciplinary action.
7. Any retaliation or threat of retaliation against individuals reporting conduct to the Organisation leading to the opening of an investigation, or against individuals participating in the investigation (for example, as witnesses), will be considered a violation of acceptable standards of conduct and will result in disciplinary action. At the same time, any accusation, complaint or testimony shown to have been made in bad faith will also be considered a violation of acceptable standards of conduct and will be treated in the same manner.

8. In conducting this procedure, the Head of Human Resource Management and the Executive Director shall, in accordance with Regulation 3 of the Staff Regulations applicable to Officials of the Organisation, avoid any conflict of interest or appearance thereof. If there is any doubt in this regard, the officials concerned shall refer the matter to the Secretary-General, who shall decide, if appropriate, to appoint a replacement. However, the fact that the investigation concerns one of the services of the Executive Directorate, including the Human Resource Management Service, shall not in itself constitute a conflict of interest or appearance thereof. This shall also apply to cases in which one of the services of the Executive Directorate, including the Human Resource Management Service, may have given advice for managing a situation directly or indirectly related to the subject of the investigation.
9. All individuals participating in any way in the investigation shall be considered as acting in the performance of their duties.

Appointment of the investigator and terms of reference

10. The Head of Human Resource Management, in consultation with the Executive Director, shall appoint a person from inside or outside the Organisation to conduct the investigation. Depending on the complexity of the allegations, he may also appoint several investigators and assign other individuals to provide assistance to the investigator(s).
11. The investigator's task shall be to gather all the information necessary to establish the factual basis of the allegations, in compliance with the adversarial principle. He shall be independent and shall perform his tasks in line with the principles of confidentiality and impartiality. He shall also comply with the principles established by the Computerised Information and Privacy Commission.
12. The requirements mentioned in Paragraph 8 of this Decision regarding conflict of interest or the appearance thereof, shall also apply to the investigator. If there is any doubt in this regard, the investigator shall refer the matter to the Head of Human Resource Management who shall decide, if appropriate and after consultation with the Executive Director, to appoint a replacement. However, the fact that the investigator, if he is from within the Organisation, belongs to a service that may have provided advice for managing a situation directly or indirectly related to the subject of the investigation, shall not in itself constitute a conflict of interest or appearance thereof.
13. If a conflict of interest or an appearance thereof arises during an investigation and as a result a new investigator is appointed, the information gathered up to that point shall be handed over immediately to the new investigator. The new investigator shall decide, in the light of the information available to him and of the nature and seriousness of the conflict of interest or appearance thereof, whether to continue the investigation on the basis of the information already gathered or to begin the investigation again in relation to some or all of this information.
14. If an investigator is unable to continue the investigation for some other reason, the Head of Human Resource Management, in consultation with the Executive Director, shall appoint another investigator to whom the information gathered up to that point shall be handed over immediately. The new investigator shall decide on the most appropriate manner of continuing the investigation.

The powers of the investigator

15. In carrying out his mission, the investigator may directly ask any staff member to meet with him in order to answer any questions relating to the facts he is seeking to establish. The person concerned may not refuse to do so without a valid reason and must disclose all the information in his possession that may be relevant to the investigation. If difficulties arise regarding the reasons given for refusing to answer the investigator's questions, the matter shall be brought to the attention of the Secretary-General who shall decide whether the reasons given are justified.
Individuals from outside the Organisation may also be asked to answer questions.
16. A record shall be kept of these meetings either in a summary form (*compte-rendu*, i.e. a report summarising the investigator's conversations with the persons questioned), or a more complete form (*proces-verbal*, i.e. a detailed report on the investigator's questions and the individual's answers). These reports shall be signed by the persons questioned, who may, if they so wish, add any comments they consider useful. If the person questioned refuses to sign, this fact shall be recorded.
17. If needed for the investigation, the investigator may require the Organisation to produce documents relevant to the facts he is seeking to establish and have access to all the premises of the Organisation. He may also, for the same purpose, have access to the individual electronic accounts of officials in compliance with the guidelines laid down in this field by the Executive Director.
18. Exceptionally, access to records or documents or to the premises of the Organisation may be deemed to be sensitive by the Organisation, particularly when this might interfere with its smooth operation or be detrimental to it. In such cases, access will be subject to the authorisation of the Secretary-General who will decide on a case-by-case basis in line with the subject and nature of the request. If access is not granted, the decision shall state the reason why. Where appropriate, the sensitive record or document may be forwarded to the investigator after deleting paragraphs or passages that are not relevant to the investigation under way.

The rights of individuals implicated by the investigation

19. A staff member suspected of being involved in conduct that if confirmed might constitute a breach of the internal rules of the Organisation shall be notified of this fact. Such notification shall be sent at a time considered to be appropriate by the investigator, but in no case may conclusions confirming the involvement of a staff member of the Organisation in such conduct be drawn at the end of the investigation without the person concerned being given an opportunity to express himself with regard to the allegations concerning him as well as to any evidence against him.

End of the investigation and report

20. The investigator shall prepare a report on the investigation containing conclusions regarding the factual basis of the allegations and any breach of the internal rules of the Organisation. The report shall be strictly confidential.
21. The investigator shall submit his report to the Head of Human Resource Management within three months of the date of his appointment, unless he shows that there are special circumstances requiring an additional period of time and the Head of Human Resource Management gives his approval. If there is more than one investigator, a collective report shall be submitted and the deadline for submission of the report shall be calculated as from the appointment of the first investigator.

Action taken following the investigation report

22. The Head of Human Resource Management shall send a copy of the report to the Executive Director. In consultation with the latter and in the light of the investigation report, he may decide to initiate disciplinary action against the person implicated. The measures specified by the Regulations, Rules and Instructions applicable to Officials of the Organisation in the field of discipline, and the similar statutory and regulatory provisions applicable to the other categories of staff, shall then be implemented.
23. If, after examination of the investigation report, no action is taken, the case shall be considered closed.
24. In all cases, any staff member(s) concerned by Paragraph 19 of this Decision as well as any person(s) having reported potential misconduct to the Head of Human Resource Management and directly concerned by the case shall be informed of the conclusions of the investigation and of any subsequent action taken.

ANNEX XXVI – DECISION OF THE SECRETARY-GENERAL ON PERFORMANCE MANAGEMENT PROCEDURES

[top](#)

I. Annual performance evaluation

1. The performance of each official shall be evaluated as part of the annual performance management cycle corresponding to the calendar year preceding the evaluation. This evaluation is based on the individual objectives agreed upon within the framework of the official's current job description.

2. Individual performance evaluation decisions shall be taken by Directors or Heads of Service for officials up to and including grade A5, and by the Secretary-General for officials of grades A6 and A7¹. For the purposes of the present Decision and for easier reading, the term «Director» shall hereinafter be taken to include Heads of Service, Directors or the Secretary-General depending on the grade of the official concerned, and the term «Directorate» shall be taken to include Directorates and Services.

3. An electronic form relating to performance management shall be made available to all officials by the Human Resource Management Service, and shall constitute the sole medium in which the setting of objectives, global evaluation and rating of performance shall be entered.

A. Setting of objectives

4. At the beginning of the annual performance management cycle and in the framework of the functions performed, the official shall agree with his manager detailed individual objectives which contribute towards implementation of the Organisation's programme of work.

5. An official's individual objectives shall be of two types: performance objectives linked to the Organisation's programme of work and personal development objectives, having regard to the competences deemed essential for the duties carried out by the official. These objectives together with the means of achieving them must be set out in a distinct and specific fashion for each official.

6. In addition to the annual performance evaluation, the manager shall provide informal support throughout the year and shall, in mid-year, conduct a mid-term review of the progress achieved by the official in the exercise of his functions and towards the objectives directly assigned to him so that the work accomplished can be recognised and any areas in which improvements could be made can be identified and possible solutions examined.

7. During the annual performance management cycle, individual objectives may be adjusted in line with the mid-term review or in the event of a change affecting the working hours, job or priorities of the official.

¹ In cases where there is a particular hierarchical structure, the Head of Human Resource Management shall identify the decision-taking authority and the corresponding actors so as to enable implementation of the performance management system.

B. Global performance evaluation and rating proposal

8. At the end of the annual performance management cycle and in accordance with a schedule established every year by the Secretary-General, the manager shall prepare, based on the agreed objectives and on the functions performed a global evaluation and a rating proposal in relation to the official's performance over the previous period. For officials of grades A6 and A7, the global evaluation and rating proposal for performance shall be established by the Deputy Secretary-General who is the hierarchical supervisor of the officials concerned² or by the Secretary-General himself when the officials are answerable directly to him.

9. If, during the annual performance management cycle, an official has worked in more than one Directorate, the Head of Human Resource Management shall determine the manager responsible for collecting the comments of all the managers having had knowledge of the official's performance during the cycle and for making the global evaluation of performance.

10. The global evaluation and rating proposal for performance established by the manager shall be notified to the official who shall have ten working days from such notification in which to add, if he so wishes, his comments on the form. If the official wishes to challenge the global evaluation or rating proposal for his performance, he shall include an express statement to this effect in his comments.

11. The global evaluation and rating proposal for performance established by the manager and any comments of the official shall be communicated to the Director so that he can implement the collective review procedure described in the following paragraphs.

12. The collective review shall be carried out by the Management Group of the Directorate concerned, for officials up to and including grade A5, and by the Management Review Board for officials of grades A6 and A7. The purpose of these reviews is to assist the Director in his decision relating to the global evaluation and rating of the performance of officials.

13. It is for each Director to determine the composition of the Management Group within his Directorate. Nevertheless, Management Groups must include at least the Director, his Deputy/Deputies if any, the Heads of Division of his Directorate and a member of the Human Resource Management Service.

14. The composition of the Management Review Board is set out in the Instructions under Regulation 7 of the Staff Regulations applicable to Officials of the Organisation (hereinafter the «Staff Regulations»). However, when the Board is reviewing the global evaluation and rating proposal for performance established by the Secretary-General for the Executive Director, the Chief of the Secretary-General's Staff or the Head of Human Resource Management, the official in question shall not sit on the Board. Moreover, the Head of Human Resource Management shall not sit on the Board when it is reviewing the global evaluation and rating proposal for the performance of the Executive Director.

Last update: January 2011

15. The Management Group of the Directorate concerned and the Management Review Board shall review all global evaluations and rating proposals for performance so as to have a comprehensive and comparative view of the performance of officials. Upon completion of the review, they shall give their opinion to the Director.

² For the Executive Directorate, the global evaluation and rating proposal for the performance of grade A6 officials shall be established by the Executive Director.

II. Performance rating, link to advancement and date of effect

A. Performance rating

16. Following the collective review, the Director shall decide on the global evaluation and rating of the official's performance, based on the objectives agreed in the framework of the functions performed by this official. This rating shall determine the advancement of the official in his grade.

17. The ratings which may be attributed to an official's performance are as follows:

- **Outstanding contribution:** such a rating may be attributed when the official has achieved all agreed objectives and has significantly exceeded the highest-priority objectives, his contribution having had a significant positive impact on a process or an output.
- **Exceeds requirements:** such a rating may be attributed when the official has achieved all or most agreed objectives and has taken all reasonable measures to achieve the remaining objectives, his contribution, in some areas, having exceeded expectations.
- **Fully meets requirements:** such a rating may be attributed when the official has achieved all or most agreed objectives and has taken all reasonable measures to achieve the remaining objectives.
- **Improvement needed:** such a rating may be attributed when the official has achieved some of the agreed objectives but has not taken all reasonable measures to achieve the remaining objectives.
- **Unsatisfactory performance:** such a rating may be attributed when the official has not achieved the majority of the priority objectives agreed and has not taken reasonable measures to achieve the remaining objectives.

18. The official shall be informed of the global evaluation and rating of his performance thus decided by the Director and may, within ten working days from such notification, add comments. The completed performance evaluation form shall be put into the official's personal file.

19. Except in exceptional circumstances, the performance of a manager or Director cannot be rated «*Fully meets requirements*» if he has not made the global evaluations and performance ratings for which he is responsible.

B. Link to advancement

20. Advancement on the salary scale shall correspond to the granting of one step. This shall require a performance rating of «*Fully meets requirements*», «*Exceeds requirements*» or «*Outstanding contribution*».

21. When an official's performance is rated as «*Outstanding contribution*», the Director, after consulting the Head of Human Resource Management, may grant one or more additional steps to this official. When exercising this discretion, the Director shall take account of the resources available for this purpose and of the interests of the Organisation.

22. When an official's performance is rated as «*Improvement needed*», his advancement shall be postponed for six months.

23. When an official's performance is rated as «*Unsatisfactory performance*», no step shall be granted to him.

C. Date of effect of the advancement

24. The advancement shall take effect on 1 May of the year following the annual performance management cycle. Should the advancement be postponed, it shall take effect on 1 November of the year following the annual performance management cycle.

D. First annual performance evaluation and advancement of new officials

25. The first annual performance evaluation and advancement of new officials entering into service as from 2009 shall be regulated as follows:

- i. officials entering into service between 1 January and 30 June shall be included in the current annual performance management cycle. The global evaluation and rating of their performance shall be carried out for the first time at the end of this cycle in relation to their performance since taking up duty;
- ii. officials entering into service between 1 July and 31 December shall be included in the annual management cycle for the year following that in which they took up their duties. The global evaluation and rating of their performance shall be carried out for the first time at the end of this cycle in relation to their performance since taking up duty.

E. Absences of more than six months during the cycle

26. Officials who, at the end of the annual performance management cycle have totalled more than six months' absence for one of the following reasons, shall not be eligible for periodic advancement:

- i. sick leave;
- ii. non-active status for reasons of illness;
- iii. non-active status for personal reasons or military service ;
- iv. unpaid long-term training leave.

27. If an official is not eligible for periodic advancement under paragraph 26, the Director shall not undertake a global evaluation and rating of performance in the context of the annual performance management cycle. The Director may, nevertheless, during an interview, review the individual objectives which may have been set and their achievement during the period(s) when the official was present.

III. Dispute settlement

28. If, at the end of the annual performance evaluation process, an official wishes to contest the decision relating to his global evaluation, performance rating or advancement, he shall make use of the procedures for dispute settlement set out in Regulation 22 of the Staff Regulations.

IV. Performance Improvement Plan

29. A Performance Improvement Plan (PIP) shall be implemented for a period of three to six months if, at the end of the performance management cycle, the performance of an official is rated as «*Unsatisfactory performance*» by his Director and consequently a termination of appointment is envisaged. Furthermore, when, during the performance management cycle, the Director considers that the performance of an official risks being judged unsatisfactory at the end of the annual cycle unless substantial improvement is made, he may implement a PIP using the same procedures.

30. When a decision to implement a PIP is taken, the official shall be immediately informed in writing by his manager who shall indicate the areas in which the official's performance must be improved. The manager and the official concerned shall together consider the means which can be implemented to help the official improve his performance. The PIP form shall be signed by the Director, the manager of the official, the official concerned and a representative of the Human Resource Management Service and the official shall receive a copy of this form. The official shall also be informed that failure to improve his performance with respect to the objectives set in the PIP may result in a recommendation being made to the Secretary-General that his appointment be terminated pursuant to Regulation 11a) i) of the Staff Regulations.

31. During the PIP, the manager or Director of the official shall meet with the official on a monthly basis to take stock of progress. The manager or Director of the official shall make written comments on these meetings on the PIP form, as may the official.

32. At the end of the PIP, the Director or manager of the official shall send him their evaluation of the improvement in his performance in writing on the appropriate form within ten working days. If it is judged that the official's performance is still unsatisfactory but capable of improvement, the Director may, in agreement with the Head of Human Resource Management, extend the PIP for a further three to six-month period on the conditions set out in paragraphs 30 and 31. If the official's performance is considered unsatisfactory, the Director may ask the Head of Human Resource Management to recommend to the Secretary-General that the official's appointment be terminated pursuant to Regulation 11 a) i) of the Staff Regulations.

33. If, at the end of the extension of the PIP, the official's performance is still considered unsatisfactory, the Head of Human Resource Management shall recommend to the Secretary-General that the official's appointment be terminated pursuant to Regulation 11 a) i) of the Staff Regulations.

34. The PIP evaluation report shall be given to the official for comments and signature, this latter certifying that the official has been informed of the evaluations contained in the PIP.. The PIP evaluation report shall then be forwarded to the Head of Human Resource Management and placed in the official's personal file.

V. Transitional measures

Scope of application and definitions

35. The transitional measures described in this Section V shall be applicable to officials appointed before 2009.
36. For the purposes of application of this Section V:
- a. “officials” shall refer to officials appointed before 2009;
 - b. “former scale” shall refer to the salary scale applicable until 30 April 2009;
 - c. “new scale” shall refer to the salary scale applicable as from 1 May 2009;
 - d. “single reference date” shall refer to 1 May of a given year;
 - e. “previous anniversary date” shall refer to the month in which the official was eligible for a step increase for the last time prior to the beginning of the transition period;
 - f. “theoretical anniversary date” shall refer to the date presumed to occur in 2009, corresponding to the month in which the official would have been eligible for a step increase under the former scale;
 - g. “transition period” shall refer to the period between 1 January 2009 and 30 April 2010.

Implementation of the transition

37. The transition from the previous system of awarding step increases based on individual anniversary dates to the present system of applying a single reference date shall be conducted during the transition period as described in the following paragraphs.

Correspondence between grades and steps

38. The correspondence between the grades and steps of the former scale and those of the new scale shall be determined on 30 April 2009 in accordance with the tables, established for each grade, appended to this Decision. This correspondence shall be determined on the basis of the interval between 1 May 2009 and the previous anniversary date.

New step increase: award and value

39. No new step increase shall be awarded under the old scale between 1 January and 30 April 2009. Subject to the provisions of paragraph 48, any new step increase shall be awarded in accordance with paragraphs 40 to 43.

▪ *A, B or C grades*

40. If an A-, B- or C-grade official was eligible, on his previous anniversary date, for an annual step increase under the former scale, his situation shall be determined as follows:
- a. When the official’s theoretical anniversary date falls between 1 January and 31 May 2009, and if his performance evaluation for 2008* is fully satisfactory, he shall receive a step increase under the new scale for the first time on 1 May 2009.
 - b. When the official’s theoretical anniversary date falls between 1 June and 31 December 2009, and if his performance evaluation for 2008* is fully satisfactory, he shall receive a step increase under the new scale for the first time on 1 May 2009. However, the value of this step increase shall be adjusted proportionately so as to correspond to the ratio between, on the one hand, the number of months between the theoretical anniversary date and 1 May 2010, and, on the other hand, 12 months.

41. If an A-, B- or C-grade official was eligible, on his previous anniversary date, for a biennial step increase under the former scale, his situation shall be determined as follows:

- a. When the official's theoretical anniversary date falls between 1 January and 31 May 2009, and if his performance evaluation for 2008* is fully satisfactory, he shall receive a step increase under the new scale for the first time on 1 May 2009.
- b. When the interval between the official's previous anniversary date and 1 May 2009 is between 5 and 12 months³, and if his performance evaluation for 2008* is fully satisfactory, he shall receive a step increase under the new scale for the first time on 1 May 2009. However, the value of this step increase shall be adjusted proportionately so as to correspond to the ratio between, on the one hand, the number of months between the theoretical anniversary date and 1 May 2010, and, on the other hand, 12 months.
- c. When the previous anniversary date of the official falls between 1 January and 30 April 2008, he shall receive a step increase under the new scale for the first time on 1 May 2010, provided that his performance fully meets requirements for 2009.
- d. When the previous anniversary date of the official falls between 1 June and 31 December 2007, he shall receive a step increase under the new scale for the first time on 1 May 2009, provided that his performance evaluation for 2008* is fully satisfactory. However, the value of this step increase shall be adjusted proportionately so as to correspond to the ratio between, on the one hand, the number of months between the theoretical anniversary date and 1 May 2010, and, on the other hand, 12 months.

▪ L grades

42. If an L-grade official held, at the beginning of the transition period, an even-numbered step, his situation shall be determined as follows:

- a. When the official's theoretical anniversary date falls between 1 January and 31 May 2009, and if his performance evaluation for 2008* is fully satisfactory, he shall receive a step increase under the new scale for the first time on 1 May 2009.
- b. When the interval between the official's previous anniversary date and 1 May 2009 is between 5 and 10 months⁴ and if his performance for 2009 fully meets requirements, he shall receive a step increase under the new scale for the first time on 1 May 2010.
- c. When the interval between the official's previous anniversary date and 1 May 2009 is greater than 10 months, and if his performance evaluation for 2008* is fully satisfactory, he shall receive a step increase under the new scale for the first time on 1 May 2009. However, the value of this step increase shall be adjusted proportionately so as to correspond to the ratio between, on the one hand, the number of months between the theoretical anniversary date and 1 May 2010, and, on the other hand, 12 months.

43. If an L-grade official held, at the beginning of the transition period, an uneven-numbered step, his situation shall be determined as follows:

- a. When the official's theoretical anniversary date falls between 1 January and 31 May 2009, and if his/her performance evaluation for 2008* is fully satisfactory, he shall receive a step increase under the new scale for the first time on 1 May 2009.

³ These months shall be understood as being inclusive.

⁴ Ibid.

- b. When the interval between the official's previous anniversary date and 1 May 2009 is between 5 and 10 months⁵, and if his performance evaluation for 2008* is fully satisfactory, he shall receive a step increase under the new scale for the first time on 1 May 2009. However, the value of this step increase shall be adjusted proportionately so as to correspond to the ratio between, on the one hand, the number of months between the theoretical anniversary date and 1 May 2010, and, on the other hand, 12 months.
- c. When the interval between the official's previous anniversary date and 1 May 2009 is greater than 10 months, and if his performance for 2009 fully meets requirements, he shall receive a step increase under the new scale for the first time on 1 May 2010.

Specific provisions

44. The official whose theoretical anniversary date falls between 1 January and 30 April 2009 shall receive, for the period between this theoretical anniversary date and 30 April 2009, an amount equivalent to the value of the step increase as calculated under the former scale. At 1 May 2009, subject to the provisions of paragraph 48, his situation shall be determined in accordance with paragraphs 40 to 43.

45. When an official's appointment ends, for whatever reason, between 1 January 2009 and 30 April 2009, any allowance or benefit accruing in connection with this end of appointment or under the Pension Scheme shall be calculated using the theoretical anniversary date and the former scale.

46. When an official's performance evaluation is partly satisfactory or unsatisfactory for 2008**:

- a. if he was eligible for an annual step increase under the former scale, this official shall remain, on 1 May 2009, at the step established in application of the tables of correspondence referred to in paragraph 38;
- b. if he was eligible for a 18 months or biannual step increase under the former scale, this official shall receive, on 1 May 2009, an amount equivalent to the value of the step granted before the beginning of the transition period, as adjusted.

47. If more than one step increase is granted for 2008, the official shall receive any additional step increase at its full value on 1 May 2009.

48. a. The official covered by the provisions of paragraph 44, who, on the theoretical anniversary date, would have been eligible for a two-yearly step increase under the old scale, may ask that his basic salary for the month of April 2009 be maintained from 1 May 2009 until 30 April 2011, in which case the following provisions shall apply:

- i. the transition period specified in paragraph 36 shall be extended until 30 April 2011;
- ii. the official concerned shall receive a step increase for the first time under the new scale on 1 May 2011, provided that his performance for 2010 fully meets requirements;
- iii. when an official's appointment ends, for whatsoever reason, any allowance or benefit accruing in connection with this end of appointment or under the Pension Scheme shall be calculated using the theoretical anniversary date and the old scale.

⁵ Ibid.

b. In cases where an official is awarded an exceptional step or promotion between 1 May 2009 and 30 April 2011, the grade and step of the official concerned shall be determined under the new scale and the provisions of sub - paragraph a) above shall not apply to him.

End of the transition period

49. Once the transition period has been completed, advancement to the next step shall take place solely on the single reference date under the new scale.

* The rating "*Fully satisfactory*" is replaced by "*Fully meets requirements*" as from the annual performance evaluation for 2009.

** The ratings "*Partly satisfactory*" and "*Unsatisfactory*" are respectively replaced by those of "*Improvement needed*" and "*Unsatisfactory performance*" as from the annual performance evaluation for 2009.
